American Indians can continue or begin to use tribal and Indian Health Services (IHS) clinics. We will not require prior approval or impose any conditions for you to get services at these clinics. For elders age 65 years and older this includes Elderly Waiver (EW) services accessed through the tribe. If a doctor or other provider in a tribal or IHS clinic refers you to a provider in our network, we will not require you to see your primary care provider prior to the referral.

Enrolling in this health plan does not guarantee you can see a particular provider on this list. If you want to make sure, call that provider to ask whether he or she is still part of this health plan. Also ask if he or she is accepting new patients. This health plan may not cover all your health care costs. Read your contract or Member Handbook carefully to find out what is covered.

Program Description

Special Needs Basic Care (SNBC):

SNBC is a voluntary managed care program that covers health care for people with disabilities who:

- are age 18 through 64 *
- have Medical Assistance, and
- have either Medicare Parts A and B or Medical Assistance only.

*People in SNBC who turn 65 will be enrolled into a senior managed care program if they continue to meet the eligibility criteria to enroll in managed care.

Our SNBC program is called Medica AccessAbility Solution.

Introduction

You must get all of your health care from Medica's network providers. There are some exceptions. Examples of exceptions are: emergency or urgent care, open access services, and other previously authorized services. If you have questions about the providers you should use, please contact Medica Member Services.

Direct Access/Provider Availability

You have direct access to primary care and specialty clinics in Medica's network. This means that you may use any clinic, hospital or other medical provider in the Medica AccessAbility Solution network.

Enrolling in Medica does not guarantee you can see a particular provider on this list. If you want to make sure, you should contact that provider to ask whether he or she is still part of the Medica AccessAbility Solution provider network. You should also ask if he or she is accepting new patients.

Important Information

Care Coordination

As a Medica AccessAbility Solution member, you will have a Care Coordinator - a nurse or social worker - who will help you obtain covered health care services. The Care Coordinator will also work with you to help you develop and carry out a care plan based on your needs. The Care Coordinator will be in contact with you regularly and will be available to help you with unexpected needs.

After enrolling in Medica AccessAbility Solution you will receive a letter from Medica with contact information for your Care Coordinator. You may also contact Medica Member Services at any time to get the name of your Care Coordinator or for any other questions.

You can get more information on Medica Care Coordination Services by contacting Medica Member Services at the phone numbers listed at the bottom of the page.

Clinics

When you are a member or become a member of Medica, you chose or were assigned to a primary care clinic (PCC). Your primary care clinic (PCC) can provide most of the health care services you need, and will help coordinate your care. You may change your primary care clinic (PCC) by contacting Medica Member Services at the phone numbers listed at the bottom of the page.

Cost Sharing

You may be required to pay an amount toward some health care services. This is called cost sharing. Some examples of cost sharing are copays or deductibles for certain services. You are responsible to pay your cost sharing amount directly to your pharmacy or health care provider. You can get a Member Handbook with more information about cost sharing.

Interpreter Services

American Sign Language (ASL) and language interpreter services are available to help you get services. Oral interpretation can be given to you in your language. You may be able to get written information in your language. We can also arrange interpreter services for your health care appointments. Please contact Medica Member Services at the phone numbers listed at the bottom of the page to get Interpreter Services.

Member Handbook

To get detailed information about covered health care services, see your Member Handbook. It also explains your rights and responsibilities as a member of Medica. Contact Medica Member Services at 952-992-2580 or 1-888-347-3630 or TTY: 711. You can ask for a printed copy of the Member Handbook at any time.

Member Identification (ID) Cards

You get a health plan member identification (ID) card. You must show this card whenever you get health care services, including when you get a prescription filled. You will receive a member ID card and a member packet in separate mailings.

Service Accessibility

If you need special access to get services from a provider, you can get information by calling Medica Member Services at the phone numbers listed at the bottom of the page. This could include, but is not limited to, accessible off ice, exam room, and equipment.

Prior Authorization

Our approval is needed for some services to be covered. You must get our approval before you get certain services or before we pay for them. You can get a Member Handbook with more information about which services require prior authorization.
