If you have questions about the providers you should use, please contact Member Services.

## Important Information

### Care Coordination

As a Medica AccessAbility Solution member, you will have a Care Coordinator - a nurse or social worker - who will help you obtain covered health care services. The Care Coordinator will also work with you to help you develop and carry out a care plan based on your needs. The Care Coordinator will be in contact with you regularly and will be available to help you with unexpected needs.

After enrolling in Medica AccessAbility Solution, you will receive a letter from Medica with contact information for your Care Coordinator. You may also contact Medica Member Services at any time to get the name of your Care Coordinator or for any other questions.

You can get more information on how to access care coordination services by contacting the Medica Member Services at the phone number listed at the bottom of the page.

### Clinics

You can go to any primary care clinic that's listed in this directory or our online provider search at [Medica.com/AccessAbility](https://www.medicacommunity.com/AccessAbility). Medica does not require that you choose a primary care clinic (PCC). Please confirm with Member Services that your clinic is still a provider with our health plan.

### Cost Sharing

You may be required to pay an amount toward some health care services. This is called cost sharing. Some examples of cost sharing are copays or deductibles for certain services. You are responsible to pay your cost sharing amount directly to your pharmacy or health care provider. You can get a Member Handbook with more information about cost sharing.
