IMPORTANT INFORMATION ABOUT YOUR APPLICATION

- Please review your application to assure that every question has been completed and thoroughly answered.
- To avoid unnecessary delays, please provide a complete explanation of all “Yes” answers in the space provided under Section E6. Please indicate whether any checkups, physicals, exams, lab work, or X-rays you’ve listed were routine or due to medically diagnosed conditions. Also indicate if the results were normal or if any problems were noted. For each medical condition, illness, or injury, include both the onset date and the complete recovery date when appropriate.
- See Section C3, for information on your effective date. Medica will notify you if you have been approved and your effective date. Processing time of your application is approximately 3 to 4 weeks. Do not cancel any existing coverage until the Medica policy has been approved, issued and accepted by you.
- Submit your premium payment along with your application. If the full first month’s premium payment is not received, your application cannot be processed.
- Please complete, sign and date your application and mail to Medica in the enclosed postage-paid envelope. If the applicant is under age 18, the guarantor signature must be completed. Your enrollment form is valid for a period of 60 days from the date you sign it. After 60 days a new application must be completed in full.
- Please be sure to indicate the deductible you are applying for in Section B.
- You are not required to disclose the results of a test to determine the presence of the human immunodeficiency virus (HIV) antibody performed on a criminal sex offender or a crime victim who was exposed to or had contact with an offender’s bodily fluids during commission of a crime that was reported to law enforcement. Additionally, you are not required to disclose the results of a test to determine the presence of a bloodborne pathogen* performed on the following individuals when a significant exposure* may have occurred: (1) an emergency medical services person* or source individual* at a hospital or freestanding emergency medical care facility; or (2) a corrections employee or source inmate at a correctional facility; or (3) an employee of a secure treatment facility or source patient at a secure treatment facility.

ANY MISSING INFORMATION WILL CAUSE DELAYS IN THE PROCESSING OF YOUR APPLICATION AND MAY RESULT IN RESCISSION OF YOUR POLICY.

If you have questions or need assistance completing this application, please contact a Medica Sales Service Specialist at 952-992-2080 or 1-800-670-5935 between 8:00 a.m. to 5:00 p.m., Monday through Thursday, and 9:00 a.m. to 5:00 p.m. on Friday.

Thank you for your interest in Medica.

* DEFINED TERMS: The term “emergency medical services person” includes (1) individuals employed or receiving compensation to provide out-of-hospital emergency medical services such as a firefighter, paramedic, emergency medical technician, licensed nurse, rescue squad person, or other individual who serves as an employee or volunteer of an ambulance service as defined by Minnesota law or a member of an organized first responder squad that is formally recognized by a political subdivision in the state, who provides out-of-hospital emergency medical services during the performance of the individual’s duties; (2) an individual employed as a licensed peace officer under Minnesota law; (3) an individual employed as a crime laboratory worker while working outside the laboratory and involved in a criminal investigation; (4) any individual who renders emergency care or assistance at the scene of an emergency or while an injured person is being transported to receive medical care and who is acting as a good samaritan as described under Minnesota law; and (5) any individual who, in the process of executing a citizen’s arrest as defined by Minnesota law, may have experienced a significant exposure* to a source individual*.

The term “bloodborne pathogen” means pathogenic microorganisms that are present in human blood and can cause disease in humans. These pathogens include, but are not limited to, hepatitis B virus (HBV), hepatitis C virus (HCV) and human immunodeficiency virus (HIV).

The term “source individual” means an individual, living or dead, whose blood tissue or potentially infectious body fluids may be a source of bloodborne pathogen exposure to an emergency medical services person. Examples include, but are not limited to, a victim of an accident, injury, or illness, or a deceased person.

The term “significant exposure” means contact likely to transmit a bloodborne pathogen, in a manner supported by the most current guidelines and recommendations of the United States Public Health Service at the time an evaluation takes place, that includes (1) percutaneous injury, contact of mucous membrane or nonintact skin, or prolonged contact of intact skin; and (2) contact, in a manner that may transmit a bloodborne pathogen, with blood, tissue, or potentially infectious body fluids.
