

How a Care Coordinator can help

Most of us will be caregivers at some point. Regardless of what your family is going through, we're here to help.

Childcare

Guidance and support for parents with childcare needs.

Aging

For families with aging members dealing with all kinds of life changes.

Health Conditions

For individuals and families with a tough diagnosis or ongoing condition.

Mental Health

For those struggling with depression, anxiety, alcoholism, and other mental health issues.

Veterans Support

For our heroes and their families to get the care they deserve.

Financial Hardship

For those hard working families feeling financially strained.

Special Needs

For special families with unique and intersectional needs.

What family members are covered?

We'll help out regardless of the relationship, as long as it's impacting your day-to-day. Your loved one does not need to be a dependent on your insurance or live with you.

Where is Wellthy available?

Across the U.S.

Are there out-of-pocket costs?

You and your family have access to Wellthy at no cost. But, when we set up services that are not covered by insurance (i.e. transportation, an in-home aide), the family is responsible for covering the cost. We will always provide transparent options when there are out-of-pocket fees involved.

Is there a cap on time?

There is no maximum on the time we'll spend to ensure your family is supported.

Is our information confidential?

We take privacy very seriously. With your consent, your Care Coordinator may share information with doctors, family, caregivers, or other providers in order to arrange care.
