 - Review the changes to Medical care costs (doctor, hospital)
 - Review the changes to our drug coverage, including authorization requirements and costs
 - Think about how much you will spend on premiums, deductibles, and cost sharing
- Check the changes in the 2023 Drug List to make sure the drugs you currently take are still covered.
- Check if your primary care doctors, specialists, hospitals and other providers, including pharmacies will be in our network next year.
- Think about whether you are happy with our plan.

2. **COMPARE:** Learn about other plan choices

- Check coverage and costs of plans in your area. Use the Medicare Plan Finder at www.medicare.gov/plan-compare website or review the list in the back of your *Medicare & You 2023* handbook.
- Once you narrow your choice to a preferred plan, confirm your costs and coverage on the plan's website.

3. **CHOOSE:** Decide whether you want to change your plan

- If you don't join another plan by December 7, 2022, you will stay in Medica AccessAbility Solution Enhanced.
- To **change to a different plan**, you can switch plans between October 15 and December 7. Your new coverage will start on **January 1, 2023**. This will end your enrollment with Medica AccessAbility Solution Enhanced.
- Look in section 2, page 9 to learn more about your choices.
- If you recently moved into, currently live in, or just moved out of an institution (like a skilled nursing facility or long-term care hospital), you can switch plans or switch to Original Medicare (either with or without a separate Medicare prescription drug plan) at any time.

SECTION 1 Changes to Benefits and Costs for Next Year

Section 1.1 – Changes to the Monthly Premium

Cost	2022 (this year)	2023 (next year)
Monthly premium (You must also continue to pay your Medicare Part B premium unless it is paid for you by Medical Assistance (Medicaid).)	\$0	\$0

Section 1.2 – Changes to Your Maximum Out-of-Pocket Amount

Medicare requires all health plans to limit how much you pay “out-of-pocket” for the year. This limit is called the “maximum out-of-pocket amount.” Once you reach this amount, you generally pay nothing for covered Part A and Part B services for the rest of the year.

Cost	2022 (this year)	2023 (next year)
Maximum out-of-pocket amount Because our members also get assistance from Medical Assistance (Medicaid), very few members ever reach this out-of-pocket maximum. Your costs for covered medical services (such as copays) count toward your maximum out-of-pocket amount. Your plan premium and your costs for prescription drugs do not count toward your maximum out-of-pocket amount.	\$7,550	\$8,300 Once you have paid \$8,300 out-of-pocket for covered Part A and Part B services, you will pay nothing for your covered Part A and Part B services for the rest of the calendar year.

Section 1.3 – Changes to the Provider and Pharmacy Networks

Updated directories are also located on our website at [Medica.com/ASE](https://www.Medica.com/ASE). You may also call Member Services for updated provider and/or pharmacy information or to ask us to mail you a directory.

There are changes to our network of providers and pharmacies for next year. **Please review the 2023 Provider and Pharmacy Directory to check if your providers (primary care provider, specialists, hospitals, etc.) and pharmacies are in our network.**

It is important that you know that we may make changes to the hospitals, doctors and specialists (providers) and pharmacies that are a part of your plan during the year. If a mid-year change in our providers affects you, please contact Member Services so we may assist.

Section 1.4 – Changes to Benefits and Costs for Medical Services

Please note that the *Annual Notice of Changes* tells you about changes to your Medicare and Medical Assistance (Medicaid) benefits and costs.

We are making changes to costs and benefits for certain medical services next year. The information below describes these changes.

Cost	2022 (this year)	2023 (next year)

Section 1.5 – Changes to Part D Prescription Drug Coverage

Changes to Our Drug List

Our list of covered drugs is called a Formulary or “Drug List.” A copy of our Drug List is provided electronically. The Drug List includes many – but not all – of the drugs that we will cover next year. If you don’t find your drug on this list, it might still be covered. **You can get the complete Drug List** by calling Member Services (refer to the back cover) or visiting our website ([Medica.com/ASE](https://www.Medica.com/ASE)).

We made changes to our Drug List, including changes to the drugs we cover and changes to the restrictions that apply to our coverage for certain drugs. **Review the Drug List to make sure your drugs will be covered next year and to check if there will be any restrictions.**

Most of the changes in the Drug List are new for the beginning of each year. However, during the year, we might make other changes that are allowed by Medicare rules. For instance, we can immediately remove drugs considered unsafe by the FDA or withdrawn from the market by a product manufacturer. We update our online Drug List to provide the most up to date list of drugs.

If you are affected by a change in drug coverage at the beginning of the year or during the year, please review Chapter 9 of your Evidence of Coverage and talk to your doctor to find out your options, such as asking for a temporary supply, applying for an exception and/or working to find a new drug. You can also contact Member Services for more information.

Starting in 2023, we may immediately remove a brand name drug on our Drug List if, at the same time, we replace it with a new generic drug on the same or lower cost-sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions or both.

This means, for instance, if you are taking a brand name drug that is being replaced or moved to a higher cost-sharing tier, you will no longer always get notice of the change 30 days before we make it or get a month’s supply of your brand name drug at a network pharmacy. If you are taking the brand name drug, you will still get information on the specific change we made, but it may arrive after the change is made.

Changes to Prescription Drug Costs

If you receive “Extra Help” to pay your Medicare prescription drugs, you may qualify for a reduction or elimination of your cost sharing for Part D drugs. Some of the information described in this section may not apply to you. **Note:** If you are in a program that helps pay for your drugs (“Extra Help”), **the information about costs for Part D prescription drugs may not apply to you.** We sent you a separate insert, called the “Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs” (also called the “Low Income Subsidy Rider” or the

“LIS Rider”), which tells you about your drug costs. If you receive “Extra Help” and didn’t receive this insert with this packet, please call Member Services and ask for the “LIS Rider.”

There are four “drug payment stages.”

The information below shows the changes to the first two stages – the Yearly Deductible Stage and the Initial Coverage Stage. (Most members do not reach the other two stages – the Coverage Gap Stage or the Catastrophic Coverage Stage.)

Important Message About What You Pay for Vaccines - Our plan covers most Part D vaccines at no cost to you. Call Member Services for more information.

Important Message About What You Pay for Insulin - You won’t pay more than \$35 for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it’s on.

Changes to the Deductible Stage

	2022 (this year)	2023 (next year)
Stage 1: Yearly Deductible Stage	Because we have no deductible, this payment stage does not apply to you.	Because we have no deductible, this payment stage does not apply to you.

Changes to Your Cost Sharing in the Initial Coverage Stage

Stage	2022 (this year)	2023 (next year)
Stage 2: Initial Coverage Stage During this stage, the plan pays its share of the cost of your drugs and you pay your share of the cost.	Your cost for a one-month supply filled at a network pharmacy with standard cost sharing: Tier 1 Generic: You pay \$0/\$1.35/\$3.95 per prescription. Tier 2 Brand: You pay \$0/\$4.00/\$9.85 per prescription.	Your cost for a one-month supply filled at a network pharmacy with standard cost sharing: Tier 1 Generic: You pay \$0/\$1.45/\$4.30 per prescription. Tier 2 Brand: You pay \$0/\$4.15/\$10.35 per prescription.

Stage	2022 (this year)	2023 (next year)
<p>Stage 2: Initial Coverage Stage (continued)</p> <p>The costs in this row are for a one-month (30-day) supply when you fill your prescription at a network pharmacy that provides standard cost sharing. For information about the costs, look in Chapter 6, Section 5 of your <i>Evidence of Coverage</i>.</p>	<p>Once you have paid \$7,050 out-of-pocket for Part D drugs, you will move to the next stage (the Catastrophic Coverage Stage).</p>	<p>Once you have paid \$7,400 out-of-pocket for Part D drugs, you will move to the next stage (the Catastrophic Coverage Stage).</p>

SECTION 2 Deciding Which Plan to Choose

Section 2.1 – If you want to stay in Medica AccessAbility Solution Enhanced

To stay in our plan, you don’t need to do anything. If you do not sign up for a different plan or change to Original Medicare by December 7, you will automatically be enrolled in our Medica AccessAbility Solution Enhanced.

Section 2.2 – If you want to change plans

We hope to keep you as a member next year but if you want to change for 2023, follow these steps:

Step 1: Learn about and compare your choices

- You can join a different Medicare health plan,
- -- OR-- You can change to Original Medicare. If you change to Original Medicare, you will need to decide whether to join a Medicare drug plan.

To learn more about Original Medicare and the different types of Medicare plans, use the Medicare Plan Finder (www.medicare.gov/plan-compare), read the *Medicare & You 2023* handbook, call your State Health Insurance Assistance Program (refer to Section 4), or call Medicare (refer to Section 6.2).

Step 2: Change your coverage

- To **change to a different Medicare health plan**, enroll in the new plan. You will automatically be disenrolled from Medica AccessAbility Solution Enhanced.
- To **change to Original Medicare with a prescription drug plan**, enroll in the new drug plan. You will automatically be disenrolled from Medica AccessAbility Solution Enhanced.
- To **change to Original Medicare without a prescription drug plan**, you must either:
 - Send us a written request to disenroll. Contact Member Services if you need more information on how to do so.
 - – *or* – Contact **Medicare**, at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week, and ask to be disenrolled. TTY users should call 1-877-486-2048.

If you switch to Original Medicare and do **not** enroll in a separate Medicare prescription drug plan, Medicare may enroll you in a drug plan unless you have opted out of automatic enrollment.

SECTION 3 Changing Plans

If you want to change to a different plan or Original Medicare for next year, you can do it from **October 15 until December 7**. The change will take effect on January 1, 2023.

Are there other times of the year to make a change?

In certain situations, changes are also allowed at other times of the year. Examples include people with Medicaid, those who get “Extra Help” paying for their drugs, those who have or are leaving employer coverage and those who move out of the service area.

If you enrolled in a Medicare Advantage plan for January 1, 2023 and don’t like your plan choice, you can switch to another Medicare health plan (either with or without Medicare prescription drug coverage) or switch to Original Medicare (either with or without Medicare prescription drug coverage) between January 1 and March 31, 2023.

If you recently moved into, currently live in, or just moved out of an institution (like a skilled nursing facility or long-term care hospital), you can change your Medicare coverage **at any time**. You can change to any other Medicare health plan (either with or without Medicare prescription drug coverage) or switch to Original Medicare (either with or without a separate Medicare prescription drug plan) at any time.

SECTION 4 Programs That Offer Free Counseling about Medicare and Medicaid

The State Health Insurance Assistance Program (SHIP) is an independent government program with trained counselors in every state. In Minnesota, the SHIP is called the Senior Linkage Line®.

It is a state program that gets money from the Federal government to give **free** local health insurance counseling to people with Medicare. The Senior Linkage Line® counselors can help you with your Medicare questions or problems. They can help you understand your Medicare plan choices and answer questions about switching plans. You can call the Senior Linkage Line® at 1-800-333-2433 (TTY call 711). You can learn more about the Senior Linkage Line® by visiting their website (<http://www.seniorlinkageline.com>).

The Disability Hub MN™ provides free local health insurance counseling for people with disabilities. Disability Hub MN is independent (not connected with any insurance company or health plan). Trained Disability Hub MN counselors can help you understand how to combine your Medical Assistance (Medicaid) and Medicare through one managed care plan and understand options. You can call Disability Hub MN at 1-866-333-2466 (TTY call 711). You can learn more about Disability Hub MN by visiting their website (<https://disabilityhubmn.org/>).

For questions about your Medical Assistance (Medicaid) benefits, contact Minnesota Health Care Programs (MHCP) Member Help Desk at 1-800-657-3739, Monday – Friday, 8 am- 5 pm. TTY users should use your preferred relay service. Ask how joining another plan or returning to Original Medicare affects how you get your Medical Assistance (Medicaid) coverage.

SECTION 5 Programs That Help Pay for Prescription Drugs

You may qualify for help paying for prescription drugs.

- **“Extra Help” from Medicare.** Because you have Medicaid, you are already enrolled in “Extra Help,” also called the Low Income Subsidy. “Extra Help” pays some of your prescription drug premiums, annual deductibles and coinsurance. Because you qualify, you do not have a coverage gap or late enrollment penalty. If you have questions about “Extra Help”, call:
 - 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048, 24 hours a day/7 days a week;
 - The Social Security Office at 1-800-772-1213 between 8 am and 7 pm, Monday through Friday for a representative. Automated messages are available 24 hours a day. TTY users should call, 1-800-325-0778; or
 - Your State Medicaid Office (applications).
