B. Background Information about Medica AccessAbility Solution Enhanced Network Providers

B1. Key terms

All members are assigned a Care Coordinator upon enrollment with Medica. The Care Coordinator will reach out to the member to conduct a Health Risk Assessment. In addition, the Care Coordinator works with the member and the member's interdisciplinary care team to build an individualized, comprehensive care plan based on the member's assessed needs and preferences. The Care Coordinator ensures that the member's healthcare needs and preferences regarding their care is shared across the interdisciplinary care team. They also are a consistent point of contact through any transitions of care that may occur for a member (care transitions include admissions to a hospital or nursing home and return home from these settings).

This section explains key terms in our Directory.

- **Providers** are professionals such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, supplies, prescription drugs, equipment, and other services.
 - The term **providers** includes facilities such as hospitals, clinics, and other places that provide medical services and medical equipment.
 - Providers that are a part of our plan's network are called **network providers**.
- **Network providers** have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. When you use a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider (PCP)** is a provider who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time.

If you have questions, please call Medica AccessAbility Solution Enhanced at 1 (888) 347-3630, TTY 711, Oct. 1 - March 31 from 8 a.m. – 9 p.m., 7 days a week and April 1 – Sept. 30 from 8 a.m. – 9 p.m. CT, Monday – Friday. The call is free. **For more information**, visit [Medica.com/ASE](https://www.Medica.com/ASE).

- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
 - Oncologists care for patients with cancer.
 - Cardiologists care for patients with heart conditions.
 - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You may need a **referral** or **prior authorization** to see a specialist or someone that is not your PCP. A **referral** means that your network PCP must give you approval before you can use the other provider. A **prior authorization** is different than a referral. It means that Medica AccessAbility Solution Enhanced (not your network PCP) must give you approval **before** we will cover a specific service, item, or drug or an out-of-network provider. If you don't get a referral or prior authorization, Medica AccessAbility Solution Enhanced may not cover the service, item, or drug.
 - Referrals or prior authorization are **not** needed for:
 - emergency care;
 - urgently needed care;
 - kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan's service area; or
 - services from a women's health specialist.
 - Additionally, if you are eligible to get services from Indian health providers, you may use these providers without a referral. We must pay the Indian health provider for those services even if they are out of our plan's network.
 - More information on referrals and prior authorization is available in Chapter 3 of the *Member Handbook*.
- You will also be assigned a care coordinator. A care team helps you manage your medical providers and services. Everyone on the care team works together to make sure your care is coordinated. This means that they make sure that you get all of the tests, labs, and other care that you need, and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers. Members of your care team may include:

If you have questions, please call Medica AccessAbility Solution Enhanced at 1 (888) 347-3630, TTY 711, Oct. 1 - March 31 from 8 a.m. – 9 p.m., 7 days a week and April 1 – Sept. 30 from 8 a.m. – 9 p.m. CT, Monday – Friday. The call is free. **For more information**, visit Medica.com/ASE.

- A **Care Coordinator** that helps you manage your medical providers and services.
- Your **Primary Care Provider**

B2. Wait times for primary care and behavioral health

We must provide you with access to primary care and behavioral health services within the following timeframes:

- immediately for urgently needed services or an emergency;
- within 7 days for services that are not an emergency or urgently needed, but you require medical attention;
- within 30 days for routine and preventative care.

B3. How to choose a Primary Care Provider (PCP)

First, you should choose a Primary Care Provider (PCP). You can choose any PCP in our network who is accepting new members.

To choose a PCP, refer to the list of providers in Section C and choose a provider:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- whose offices are easy for you to get to.
- If you do not choose a PCP in our network, Medica AccessAbility Solution Enhanced will choose one for you.
- If you want help in choosing a PCP, please call Member Services at the numbers listed at the bottom of this page, Oct. 1-March 31 8 a.m. to 9 p.m. CT, 7 days a week, April 1-Sept. 30 8 a.m. to 9 p.m. CT, Monday-Friday. The call is free. Or, visit [Medica.com/ASE](https://www.medicare.com/ASE).
- If you have questions about whether any service or care that you want or need is covered, talk to your Care Team or call Member Services at the numbers listed at the bottom of this page and ask **before** you get the service or care.

B4. How to access Medica AccessAbility Solution Enhanced network providers

You may need a referral for someone who is not a PCP. There is more information about referrals in Section B1 of this Directory.

If you have questions, please call Medica AccessAbility Solution Enhanced at 1 (888) 347-3630, TTY 711, Oct. 1 - March 31 from 8 a.m. – 9 p.m., 7 days a week and April 1 – Sept. 30 from 8 a.m. – 9 p.m. CT, Monday – Friday. The call is free. **For more information**, visit [Medica.com/ASE](https://www.medicare.com/ASE).

You must get all of your covered services from providers within our network. If you use providers who are not in the Medica AccessAbility Solution Enhanced network **(without prior authorization), you may have to pay the bill.**

A **prior authorization** is an approval from Medica AccessAbility Solution Enhanced to seek services outside of our network or to get services not routinely covered by our network **before** you get the services.

The only exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also go outside the plan for other non-emergency services if Medica AccessAbility Solution Enhanced gives you permission first.

- You may change providers within the network at any time during the year. If you have been using one network provider, you do not have to keep using that same provider. For some providers, you may need a referral from your PCP.
- Medica AccessAbility Solution Enhanced works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need a provider and are not sure if they offer the accommodations you need, Medica AccessAbility Solution Enhanced can help you. Talk to your care coordinator for assistance.

If you have questions, please call Medica AccessAbility Solution Enhanced at 1 (888) 347-3630, TTY 711, Oct. 1 - March 31 from 8 a.m. – 9 p.m., 7 days a week and April 1 – Sept. 30 from 8 a.m. – 9 p.m. CT, Monday – Friday. The call is free. **For more information**, visit [Medica.com/ASE](https://medica.com/ASE).
