Overview
Medica offers Medica AccessAbility Solution® for individuals with physical, developmental, or mental disabilities who are enrolled in the Minnesota Special Needs BasicCare (SNBC) program. This plan is designed to improve quality of care and offer targeted clinical programs to individuals with certified physical, developmental, or mental disabilities. Specifically, each member is assigned a Care Coordinator, typically a registered nurse or independently licensed social worker, who conducts a person-centered assessment upon enrollment and again at least annually, arranges for services, and assists the member navigate the healthcare system. For a current list see the "County, Care System and Agency Contact Information" document on medica.com.

SNBC members are between the ages of 18 and 64 years old, are certified blind or disabled, are enrolled in Medical Assistance (MA), and may or may not have Medicare.

Provider Networks
- Medica AccessAbility Solution utilizes the Medica Choice® provider network
- Members are encouraged to select a primary care clinic during enrollment and are able to change their primary care clinic on a monthly basis
CVS Caremark (pharmacy network) through 12/31/19; Express Scripts® effective 1/1/20
- Accredo (specialty pharmacy)
- Delta Dental of Minnesota CivicSmiles (Dental Network)
- Medica Behavioral Health (Behavioral Health Network)

Access to inpatient services and certain outpatient services is restricted to facilities that participate with these products. Services (unless emergency/urgent care) outside the network require prior notification, except if the member has primary insurance coverage through a commercial plan or Medicare. Medica would not require prior notification if the primary insurance deemed the service as covered.
