PRODUCTS AFFECTED

- Medica AccessAbility Solution® /Special Needs Basic Care (SNBC)
- Medica AccessAbility Solution ® Enhanced - for Special Needs Basic Care (SNBC) enrollees who are dually eligible

DEFINITIONS

Minnesota Senior Health Options (MSHO): The Minnesota Prepaid Managed Care Program, pursuant to Minnesota Statutes, § 256B.69, subd. 23, that provides Medicaid services and/or integrated Medicare and Medicaid services for Medicaid eligible seniors, age sixty-five (65) and over. MSHO includes Elderly Waiver (EW) services for Enrollees who qualify, and one hundred and eighty (180) days of Nursing Facility care.

Minnesota Senior Care Plus (MSC+): means the mandatory Prepaid Medical Assistance Program (PMAP) program for Enrollees age sixty five (65) and over. MSC+ uses § 1915(b) waiver authority for State Plan services, and § 1915(c) waiver authority for Home and Community-Based Services. MSC+ includes Elderly Waiver services for Enrollees who qualify, and one hundred and eighty (180) days of Nursing Facility care.

Special Needs Basic Care (SNBC): The Minnesota prepaid managed care program, pursuant to Minnesota Statutes, § 256B.69, subd. 28 that provides Medicaid services and/or integrated Medicare and Medicaid services to Medicaid eligible people with disabilities who are ages eighteen (18) through sixty-four (64).

Special Needs Basic Care Enhanced: The Minnesota prepaid managed care program, pursuant to Minnesota Statutes, §256B.69, subd. 28 that provides integrated Medicare and Medicaid services to Medicaid eligible people with disabilities who are ages eighteen (18) through sixty-four (64).

PURPOSE

To outline the responsibilities of the Medica Care Coordinator (CC) in working with current Medica SNBC and SNBC Enhanced members who are nearing 65 years of age. Members will be offered support by their CC to help ensure they understand the options available to them by the Department of Human Services (DHS) and to help ensure a smooth transition to their new program.

POLICY

Counties, Agencies, and Care Systems that provide services for Medica SNBC and SNBC Enhanced members will have a process in place to assist the member’s transition to alternate programs when they turn 65.

PROCEDURE
1. Approximately 90 days prior to a current SNBC or SNBC Enhanced members 65th birthday, DHS sends to
the member via US mail an enrollment packet and detailed letter stating that the member cannot remain
in the SNBC or SNBC Enhanced program after the age of 65, and outlines the members options based
on their unique situation. These include:

   a. Member is dually eligible (also has Medicare) and has an opportunity through the mailer to enroll
      into a Managed Care Organization’s (MCO) Minnesota Senior Health Options (MSHO) program
      offered in their county.
   b. Member is not dually eligible (does not have Medicare) and has the opportunity through the
      mailer to enroll into a Minnesota Senior Care Plus (MSC+) program offered in their county.
   c. Member is dually eligible and also has a spenddown. They have a one-time only opportunity to
      enroll into a MCO’s MSHO program offered in their county.
   d. Member is not dually eligible and also has a spenddown. They are not eligible to go into a MCO’s
      MSHO or MSC+ program and will be going to receive their Medical Assistance health care
      through Fee for Service (FFS).
   e. Members with a diagnosis of End Stage Renal Disease prior to their enrollment into the SNBC
      program are only eligible for MSC+.

2. The enrollment packet sent to members by DHS includes information about the available MCO options for
MSHO and MSC+ in their county. If the member does not actively choose another MCO, they will be
defaulted into Medica’s MSC+ program if offered in their county. If Medica MSHO /MSC+ is not offered;
these members’ health plan choices are stated on their letter.

3. The Senior Linkage line is listed in the member letters as a resource for the members if they have
questions or require assistance in any part of this process.

4. The Full enrollment report that is sent by the Medica SPP Enrollment team each month will include
information on the tab titled “65” of members turning 65 in the next 90 days. This report will serve as
notification to the CC of the members turning 65 and the expectation is that it is reviewed and acted upon
accordingly. The CC will use the information provided to them in their work with all of their assigned
members on the list to help ensure the member has an understanding of the upcoming changes.

5. CC Responsibilities:
   a. Work with all SNBC and SNBC Enhanced members turning 65 to help ensure a smooth transition
      for them from the SNBC product to a senior product (MSHO/MSC+) or FFS for those members
      not eligible for a senior product.
   b. Review the member’s providers and look into whether these providers are in Medica’s provider
      network. This is especially important for members receiving PCA services.

Note: Medica Sales Team staff will be reaching out to all members who are shown to be dually eligible (have
Medicare) to provide education about the MSHO program and assist them in enrolling if they are interested.
