Copay Plan

Plan Identifier 2020-B0001NEFBIC

This coverage is not required to comply with certain federal market requirements for health insurance, principally those contained in the Affordable Care Act. Be sure to check your policy carefully to make sure you are aware of any exclusions or limitations regarding coverage of preexisting conditions or health benefits (such as hospitalization, emergency services, maternity care, preventative care, prescription drugs, and mental health and substance use disorder services). Your policy might also have lifetime and/or annual dollar limits on health benefits. If this coverage expires or you lose eligibility for this coverage, you might have to wait until an open enrollment period to get other health insurance coverage.

Cancellation Within First Ten Days

The subscriber may cancel this Policy by delivering or mailing a written notice to **Medica Insurance Company, 401 Carlson Parkway, Attn: Customer Service, Route CP595, Minnetonka, MN 55305** or to an agent of the company. This Policy must be returned before midnight the tenth day after the date you receive this Policy and then this Policy is considered void from the beginning. Notice given by mail and return of this Policy are effective when postmarked, properly addressed, and postage prepaid. MEDICA shall return all premiums within ten days after it receives notice of cancellation and the returned Policy. However, the subscriber must then pay any claims incurred prior to such cancellation.

This Policy describes the benefits covered under this Policy and your Benefit Chart.

IN WITNESS WHEREOF, Medica's Senior Vice President and General Manager of Individual and Family Business signs your Policy.

**Senior Vice President and General Manager of Individual and
Family Business**

Medica Member Resources

Important Phone Numbers:

- **Medica Customer Service:**
The specific customer service phone number for your plan is found on the back of your Medica ID card.
TTY users, call 711.
- **Nurse Line: 1-866-668-6548**
Available 24 hours every day for you and your family to talk with a nurse for advice on where and when to get care, or how to provide care safely at home. In a medical emergency, please call 911.

Online Resources:

Secure Member Site: [Medica.com/FarmBureauLogin](https://medica.com/FarmBureauLogin)

You can view much of the information you may need by logging into your secure member site at medica.com/FarmBureauLogin. The website allows you to view information specific to you and your plan:

- View your ID card
- See what's covered by your plan, including important plan documents
- Track your plan balances, such as your deductible and out-of-pocket maximum
- View your claims and explanations of benefits (EOBs)
- Look up prices for prescriptions and how they're covered by your plan
- Look up providers and pharmacies in your network
- Wellness tools and support
- Forms to help you add dependents, change your address, and submit various claims

Important Notice: This plan is an Exclusive Provider Organization (EPO) plan. EPO plans cover health care services only when provided by a doctor or facility who participates in the network. If you receive services from a non-network doctor or other health care provider, you will have to pay all of the costs for the services, except that emergency services must be covered regardless of whether they are delivered by a participating provider.

Terms and Conditions

In this Policy, the words “you,” “your” and “yourself” refer to you, the member. The term “policyholder” refers to the association through which the coverage is made available and because of which you are eligible for coverage. The policyholder has entered a group insurance contract (Contract) with Medica Insurance Company (Medica). To be eligible for coverage under a Policy issued under the Contract you must meet the eligibility requirements set forth in this Policy and the Contract. The term *subscriber* refers to the person who satisfies the policyholder’s eligibility requirements as set forth in the Contract and who is issued the Policy.

This Policy describes the benefits covered under the Contract. Members are subject to all terms and conditions of the Contract and any act done by the policyholder is binding on the members.

See the *Definitions* section of this document for more terms with specific meanings.

Term of this Policy

All coverage under this Policy begins at 12:01 a.m. Central Time on the date your coverage becomes effective. The term of this Policy is 364 days.

The policyholder or Medica may terminate the Contract in accordance with the terms of the Contract. If this happens during a Policy term, your coverage will not be affected and your Policy will remain in effect until the end of the current Policy term. See *Ending Coverage* for more information.

You may terminate coverage under this Policy by giving written notice to Medica as described under *Ending Coverage*.

Entire agreement

The entire Contract between the policyholder and Medica consists of: This Policy and any amendments (including the Benefit Chart and any amendments), the Contract and its appendices and any amendments, the member applications and member change forms. The Contract replaces all other agreements as of the effective date of the Contract. No change to the Contract will be valid unless it is signed by an executive officer of Medica and delivered to the policyholder as an attachment to the Contract. No agent has the authority to change the Contract or waive any of its provisions.

Renewability

Immediately after the last day of the first 364 day Policy term, this Policy will renew for a second 364 day term if the member enrolls for such a renewal term during the applicable open enrollment period and required premium is paid. However, this Policy will not renew if an event set forth in *Ending Coverage* occurs at or before the end of the first 364 day Policy term, if the subscriber no longer meets the eligibility criteria set forth under Medica’s Contract with the policyholder, or if the Contract between Medica and the policyholder has been terminated at or before the time of renewal. Any amounts applied to the deductible and out of pocket maximum during the first 364 day term will not carry over to the second 364 day term. Additionally, all benefit limits, as shown in your Benefit Chart, will reset after the first 364 day Policy term. Medica has the right to change premium as allowed under Nebraska law. After the second 364 day term, no additional renewals are allowed under the Policy.

Assignment

Medica will have the right to assign any and all of its rights and responsibilities under this Policy to any subsidiary or affiliate of Medica or to any other appropriate organization or entity.

Acceptance of coverage

By accepting the health care coverage described in this Policy you, on behalf of yourself if covered under this Policy, and/or on behalf of the dependents enrolled under this Policy and the Benefit Chart, authorize the use of a social security number for purpose of identification and declare that the information supplied to Medica for purposes of enrollment is accurate and complete.

You understand and agree that any omissions or incorrect statements that you knowingly made in connection with your enrollment under this Policy and the Benefit Chart may invalidate your coverage.

Amendment

This Policy or your Benefit Chart may be amended as described in this Policy. When this happens, you will receive a new policy or amendment approved and signed by an executive officer of Medica. No other person or entity has authority to make any changes or amendments to this Policy. All amendments must be in writing.

Discretionary authority

Medica has discretion to interpret and construe all of the terms and conditions of this Policy and make determinations regarding benefits and coverage under this Policy and your Benefit Chart. Certain terms are specifically defined in this Policy and Medica will interpret and construe the terms and conditions consistent with those definitions. It is important that you read and understand the defined terms.

Clerical error

You will not be deprived of coverage under this Policy because of a clerical error. However, you will not be eligible for coverage beyond the scheduled termination of your coverage because of a failure to record the termination.

Relationship between parties

The relationships between Medica and network providers are contractual relationships between independent contractors. Network providers are not agents or employees of Medica. The relationship between a provider and any member is that of health care provider and patient. The provider is solely responsible for health care provided to any member.

Notice

Except as otherwise provided in this Policy, written notice given by Medica to the subscriber will be deemed notice to all individuals covered under this Policy in the event of termination or nonrenewal of this Policy for any reason.

Cancellation

Your coverage may be canceled only under certain conditions. See *Ending Coverage* for additional information.

Reinstatement

If any premium is not paid within the time granted the subscriber for payment, a subsequent acceptance of such premium by Medica shall reinstate the Policy. In all other respects the subscriber and Medica will have the same rights under the Policy as they had immediately before the due date of the defaulted premium, subject to any provisions endorsed hereon or attached hereto in connection with a reinstatement.

Examination of a member

To settle a dispute concerning provision or payment of benefits under this Policy, Medica may require that you be examined or an autopsy of the member's body be performed. The examination or autopsy will be at Medica's expense.

Language interpretation

Language interpretation services will be provided upon request, as needed in connection with the interpretation of this Policy. If you would like to request language interpretation services, please call Customer Service at the number on the back of your Medica ID card.

If this Policy is translated into another language or an alternative communication format is used, this written English version governs all coverage decisions.

If you need alternative formats, such as large print or an audio format, please call Customer Service at the number on the back of your Medica ID card to request these materials.

Legal actions

No lawsuit may be brought to recover a claim from Medica until more than 60 days after the date written Proof of Loss is made. Such action cannot be made more than three years after the date written proof of loss is made.

Payment of Claims

Except as set forth in this provision, all benefits are payable as described in this Policy. Any accrued benefits unpaid at the subscriber's or a covered dependent's death may, at Medica's option, be paid to the beneficiary or to the estate, or for hospital, surgical nursing, or medical services, directly to the hospital or other person rendering such services.

Any payment made by us in good faith under the provision shall fully discharge Medica's obligation to the extent of the payment.

The right to change of beneficiary is reserved to the subscriber and the consent of the beneficiary or beneficiaries is not required to surrender or assign this Policy, to make any change of beneficiary or beneficiaries, or to make any other changes in this Policy that the subscriber is permitted to make.

Policy

This Policy describes the benefits covered under this Policy and your Benefit Chart. All provisions of the Contract apply to this Policy, even if not specifically mentioned in this Policy.

IN WITNESS WHEREOF, Medica's Senior Vice President and General Manager of Individual and Family Business and Senior Vice President and Secretary hereby sign your Policy.

Senior Vice President and General Manager of
Individual and Family Business

Senior Vice President and Secretary

I. Introduction

A. About your Policy and Benefit Chart

This Medica Policy and your Benefit Chart describe health services that are eligible for coverage and the procedures you must follow to obtain benefits. Because many provisions are interrelated, you should read this Policy and your Benefit Chart in their entirety. The most specific and appropriate section will apply for those benefits related to the treatment of a specific condition. Members are subject to all terms and conditions of this Policy and the Benefit Chart.

Medica may arrange for various persons or entities to provide administrative services on its behalf, including claims processing and utilization management services. To ensure efficient administration of your benefits, you must cooperate with them in the performance of their responsibilities.

Benefits apply when you receive health services from network providers. Such services must be prescribed by and received from a network provider, unless otherwise indicated in this Policy or your Benefit Chart. Benefits also apply to coverage for emergency services from non-network providers, including when you are traveling out of the service area. Follow-up care or scheduled care following an emergency must be received from a network provider to be covered as a benefit.

If a network provider refers you to a non-network provider, you must call Medica to determine if the services to be performed by the non-network provider are covered as benefits. Such referrals must be prior approved by Medica to be eligible for coverage as benefits. Medica approves referrals to non-network providers only if care is not available from network providers.

In this Policy and your Benefit Chart, the words *you*, *your* and *yourself* refer to the member. The term *subscriber* refers to the person who satisfies the policyholder's eligibility requirements as set forth in the Contract and who is issued the Policy. The term "policyholder" refers to the association through which the coverage is made available and because of which you are eligible for coverage. See the *Definitions* section of this document for more terms with specific meanings.

B. Eligibility

To be eligible to enroll for coverage under this Policy and the Benefit Chart, you must be a *subscriber* or *dependent* and meet the eligibility requirements stated below:

Subscriber eligibility

To be eligible to enroll for coverage the *subscriber* must:

1. be a Nebraska resident; and
2. meet all of the eligibility requirements set forth in the Contract; and
3. complete an application form.

Dependent eligibility

See the *Definitions* section of this document for the definition of dependent.

To be eligible to enroll for coverage, a dependent child must be under the age of 26 (see *Extending a child's eligibility* below).

Extending a child's eligibility

A dependent child is no longer eligible for coverage under this Policy or your Benefit Chart when he or she reaches the dependent limiting age of 26. However:

1. The child's eligibility continues if the child is incapable of self-sustaining employment by reason of intellectual or physical disability and is chiefly dependent upon the subscriber for support and maintenance. An illness that does not cause a child to be incapable of self-sustaining employment will not be considered a physical disability. To continue coverage for a disabled dependent child, you must provide Medica with proof of such disability and dependency within 31 days of the child reaching the dependent limiting age of 26. Beginning two years after the child reaches the dependent limiting age of 26, Medica may require annual proof of disability and dependency, or
2. A dependent child is eligible for continuing coverage under this Policy to the age of 30 if he or she is (a) unmarried, (b) a Nebraska resident, and (c) does not receive coverage under another health benefit plan. The child must have been covered as a dependent child under this Policy at the age of 26 in order to continue coverage under this provision.

C. Enrollment

Open enrollment and effective date of coverage

For subscribers and dependents, the period of time set each year by Medica and the Policyholder, is the period during which subscribers and dependents may elect to enroll in coverage. An application for yourself and any dependents must be submitted to Medica.

For subscribers and dependents who enroll during open enrollment, coverage will be effective on the effective date set forth on the front cover of this Policy.

Medica may ask you for information to confirm your eligibility for coverage. By accepting coverage under this Policy and your Benefit Chart, you agree to cooperate with our reasonable request for information.

Special enrollment and effective date of coverage

Special enrollment periods are provided to subscribers and dependents under certain circumstances. Eligibility for special enrollment will be determined by Medica. Medica requires documentation to be submitted to Medica to demonstrate that there is a current special enrollment period. The effective date of coverage depends upon the type of special enrollment. The subscriber or dependent, as applicable, shall have 31 days following the date of the life event to exercise his or her right for a special enrollment.

Medica may ask you for information to confirm your eligibility for coverage. By accepting coverage under this Policy and your Benefit Chart, you agree to cooperate with our reasonable request for information.

The following are the life events for special enrollment periods for dependents of the subscriber:

1. The subscriber gains a dependent through marriage, initial establishment of a domestic partnership, birth, adoption, placement for adoption, or child support order or other court order. The subscriber is permitted to add the new dependent(s) to this Policy in the case of birth, adoption or placement for adoption, child support or other court order. Coverage begins on the date of birth, date of adoption or date of placement for adoption, respectively. In the case of marriage or domestic partnership, coverage is effective on the first day of the month following enrollment with Medica. See *How to add dependents* below for more information. In the case of a child support order or other court order, coverage is generally effective on the date specified in the order.
2. If a dependent covered under this Policy is no longer considered a dependent (a) because the dependent child has reached the dependent limiting age of 26, and is not eligible to extend eligibility under *Extending a child's eligibility* above, or (b) through divorce or legal separation as defined by State law in the State in which the divorce or legal separation occurs, or (c) because the domestic partnership ends, or (d) the subscriber dies. In these instances, the dependent is permitted to enroll as a subscriber in a new Policy under the contract. The new Policy must be the same benefit design the dependent was enrolled in prior to the special enrollment period. Coverage is effective on the first day of the month following the loss of coverage under this Policy. The special enrollment period is not available to anyone who was not covered as a dependent of a subscriber under this Policy on the date of the life event.
3. If a dependent covered under this Policy would otherwise lose coverage under this Policy because the subscriber has enrolled in Medicare. In this instance, the dependent is permitted to enroll as a subscriber in a new Policy under the Contract. The new Policy must be the same benefit design the dependent was enrolled in prior to this special enrollment period. Coverage is effective on the first day of the month following the loss of coverage under this Policy. This special enrollment period is not available to anyone who was not covered as a dependent of a subscriber under this Policy on the date of the life event.

How to add dependents

Coverage for new dependents may be added after the subscriber's coverage begins as described in *Open enrollment* and *Special enrollment* above. Please note with regard to births and adoptions: Medica does not automatically know of a birth or adoption or whether the subscriber would like coverage for the newborn or newly adopted dependent. You must, therefore, request that the newborn or newly adopted dependent be added. If additional premium is required, Medica is entitled to all premiums due from 31 days following the time of the child's birth, adoption or placement for adoption until the time the covered subscriber notifies Medica of the birth or adoption.

Notification

The subscriber must notify Medica in writing within 31 days of the effective date of any changes to home address or name, or other facts identifying you or your dependents.

D. Premiums

The subscriber is solely responsible for the premium payments. Premium payments are due on the first day of each calendar month. Medica does not accept premium payment directly or indirectly from any third party including, but not limited to, any health care provider.

E. Grace period

The grace period for the subscriber's payment of premiums is 31 days from the date a premium payment is due. If you pay the premium at any time during this grace period, this Policy shall not be terminated. If premium is not paid by the end of the grace period, coverage will end as stated in *Ending Coverage*.

F. Changes to this Policy

Any provision of this Policy which, on its effective date, is in conflict with the law of the federal government or this state is hereby amended to conform to the minimum requirements of such law.

G. Benefits

What you must do to receive benefits

Each time you receive health services, you must:

1. Confirm with Medica that your provider is a network provider with your Medica plan to be eligible for benefits. In a copay plan you will usually receive the highest level of benefits when you receive services from Tier 1 – Preferred network providers. If you want to receive Tier 1 level of benefits, confirm with Medica that your provider is a Tier 1 – Preferred network provider;
2. Identify yourself as a Medica member; and
3. Present your Medica identification card. Having and using a Medica identification card does not guarantee coverage.

If your provider asks for your health care identification card and you do not identify yourself as a Medica member within 180 days of the date of service, you may be responsible for paying the cost of the service you received.

Benefits

To see which providers are in your plan's network, check the online search tool on **[medica.com/FarmBureauLogin](https://www.medicamaine.com/FarmBureauLogin)** or call Customer Service at the number on the back of your Medica ID card.

There are two tiers of network providers. Your benefit plan may have different benefits based on the provider tier. If your Benefit Chart describes a Tier 1 – Preferred network benefit, this benefit applies when services are provided by a network provider with a preferred status. If your Benefit Chart describes a Tier 2 – Standard network benefit, this benefit applies when services are provided by a network provider without a preferred status.

Medica will cover health services and supplies as described in this Policy and your Benefit Chart for Tier 1 – Preferred benefits only if they are provided by Tier 1 – Preferred network providers or are authorized by Medica at Tier 1 – Preferred benefits.

Medica will cover health services and supplies as described in this Policy and your Benefit Chart for Tier 2 – Standard benefits only if they are provided by Tier 2 – Standard network providers or are authorized by Medica at Tier 2 – Standard benefits.

When this Policy or your Benefit Chart refers to “network provider”, we are referring to both Tier 1 – Preferred and Tier 2 – Standard network providers.

Prior authorization may also be required from Medica for certain benefits even if a provider has directed or recommended that you receive the services or supplies. This Policy and your Benefit Chart fully define your benefits and describe procedures you must follow to obtain benefits.

Decisions about coverage are based on appropriateness of care and service to the member. Medica does not reward providers for denying care, nor does Medica encourage inappropriate utilization of services.

Medica will cover routine patient costs in connection with a qualified individual’s participation in an approved clinical trial at the applicable benefit level. Routine patient costs are items and services that would be covered benefits even when not provided in connection with a clinical trial. Routine patient costs do not include an investigative or experimental item, device or service; items or services provided solely to satisfy data collection and analysis needs and not used in clinical management; or a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

Non-network providers

Emergency services received from non-network providers are covered at the Tier 1 – Preferred benefit level. To be eligible for coverage from non-network providers, services must be due to an emergency, as defined in *Definitions*.

Additionally, under certain circumstances Medica will authorize your obtaining services from a non-network provider. Such authorizations are generally provided only in situations where (a) the requested services are not available from network providers or (b) non-network providers are performing radiology, anesthesiology, pathology, and laboratory services, without your consent and knowledge, in a network provider setting.

When you access care from non-network providers, you will be responsible for filing claims in order to be reimbursed for covered benefits. For information on submitting claims, refer to *Submitting a Claim*.

Exclusions

Certain health services are not covered. Read this Policy for a detailed explanation of all exclusions.

H. Providers

Enrolling in a Medica plan does not guarantee that a particular provider (in the Medica network provider directory) will remain a Tier 1 – Preferred network provider or a Tier 2 – Standard network provider or provide you with health services. When a provider no longer participates with Medica, you must choose to receive health services from Tier 1 – Preferred network providers to continue to be eligible for Tier 1 – Preferred benefits or choose to receive health services from Tier 2 – Standard network providers to continue to be eligible for Tier 2 – Standard benefits.

You must verify that your provider is a Tier 1 – Preferred or a Tier 2 – Standard network provider each time you receive health services.

Network providers

Network providers are paid using various types of contractual arrangements, which are intended to promote the delivery of health care in a cost efficient and effective manner. These arrangements are not intended to affect your access to health care. These payment methods may include:

1. A fee-for-service method, such as per service or percentage of charges; or
2. A risk-sharing arrangement, such as an amount per day, per stay, per episode, per case, per period of illness, per member or per service with targeted outcome.

The methods by which specific network providers are paid may change from time to time. Methods also vary by network provider. The primary method of payment is fee-for-service.

Fee-for-service payment means that Medica pays the network provider a fee for each service provided. If the payment is per service, the network provider's payment is determined according to a set fee schedule. The amount the network provider receives is the lesser of the fee schedule or what the network provider would have otherwise billed. If the payment is percentage of charges, the network provider's payment is a set percentage of the provider's charge. The amount paid to the network provider, less any applicable copayment, coinsurance or deductible, is considered to be payment in full.

In certain *risk-sharing* payment arrangements, Medica pays the network provider a specific amount for a particular unit of service, such as an amount per day, an amount per stay, an amount per episode, an amount per case, an amount per period of illness, an amount per member or an amount per service with targeted outcome. If the amount paid is less than the cost of providing or arranging for a member's health services, the network provider may bear some of the shortfall. If the amount paid to the network provider is more than the cost of providing or arranging a member's health services, the network provider may keep some of the excess. In other *risk-sharing* arrangements, the network accepts a portion of the financial risk for the provision of covered services to all members enrolled in a particular Medica product.

Some network providers are authorized to arrange for a member to receive certain health services from other providers. This decision may result in a network provider keeping more or less of the risk-sharing payment.

Withhold arrangements

For some network providers paid on a fee-for-service basis, including most network physicians and clinics, Medica holds back some of the payment. This is sometimes referred to as a physician contingency reserve or holdback. The withhold amount generally will not exceed 15 percent of the fee schedule amount.

Network providers may earn the withhold amount based on Medica's performance as determined by Medica's Board of Directors and/or based on the standards identified in the network provider's contract. Based on individual measures, the percentage of the withhold amount paid, if any, can vary among network providers.

Only the initial payment to network providers will be subject to copayment, coinsurance and/or deductible amounts. Subsequent return of withheld amounts, although attributable to services rendered by the network provider, will not give rise to a second coinsurance obligation or deductible liability for, or refund to, the member who received the original covered services.

Non-network providers

When a service from a non-network provider is covered, the non-network provider is paid a fee for each covered service that is provided.

I. Submitting a claim

Claims for benefits from network providers

If you receive a bill for any benefit from a network provider, you may submit the claim following the procedures described below, under *Claims for benefits from non-network providers*, or call Customer Service at the number on the back of your Medica ID card.

Network providers are required to submit claims within 180 days from when you receive a service. If your provider asks for your health care identification card and you do not identify yourself as a Medica member within 180 days of the date of service, you may be responsible for paying the cost of the service you received.

Claims for benefits from non-network providers

When you receive services from non-network providers, you will be responsible for filing claims in order to be reimbursed for covered benefits. Claim forms can be found at **medica.com/FarmBureauLogin** or you may request claim forms by calling Customer Service at the number on the back of your Medica ID card. If the claim forms are not sent to you within 15 days, you may submit an itemized statement without the claim form to Medica. You should retain copies of all claim forms and correspondence for your records.

Generally, Medica does not accept assignment of benefits to non-network providers.

You must submit the claim in English along with a Medica claim form to Medica no later than 365 days after receiving benefits except in the absence of legal capacity. Your Medica member number must be on the claim.

Mail to the address identified on the back of your identification card.

Medica will notify you of authorization of the claim within 30 days of receipt of the claim, or send written notice of the denial of the claim within 15 days of the determination.

If your claim does not contain all the information Medica needs to make a determination, Medica may request additional information. Medica will notify you of its decision within 15 days of receiving the additional information. If you do not respond to Medica's request within 45 days, your claim may be denied.

Claims for emergency services provided outside the United States

Claims for emergency services rendered in a foreign country will require the following additional documentation:

1. Claims submitted in English with the currency exchange rate for the date health services were received.
2. Itemization of the bill or claim.
3. The related medical records (submitted in English).
4. Proof of your payment of the claim.
5. A complete copy of your passport and airline ticket.
6. Such other documentation as Medica may request.

For emergency services rendered in a foreign country, Medica will pay you directly.

Medica will not reimburse you for costs associated with translation of medical records or claims.

Time limits

If you have a complaint or disagree with a decision by Medica, you may follow the complaint procedure outlined in *Complaints* or you may initiate legal action at any point.

However, you may not bring legal action more than three years after Medica has made a coverage determination regarding your claim.

J. Referrals and Prior Authorization

Note: Prior authorization (approval in advance) is a clinical review that services are medically necessary. Receiving prior authorization is not a guarantee of payment. Benefits will be determined once a claim is received and will be based upon, among other things, your eligibility and the terms and conditions of this Policy applicable on the date you receive services.

Prior Authorization

Certain health services are covered only upon referral. All referrals to non-network providers and certain types of network providers require prior authorization by Medica. Prior authorization from Medica is required before you receive certain services or supplies even if a provider has directed or recommended that you receive the services or supplies in order to determine whether a particular service or supply is medically necessary and a benefit. Medica uses written procedures and criteria when reviewing your request for prior

authorization. To determine whether a certain service or supply requires prior authorization, please call Customer Service at the number on the back of your Medica ID card.

Your attending provider, you or someone on your behalf may contact Medica to request prior authorization. Your network provider will contact Medica to request prior authorization for a service or supply. You must contact Medica to request prior authorization for services or supplies received from a non-network provider. If a network provider fails to request prior authorization after you have consulted with them about services requiring prior authorization, you are not subject to a penalty for failure to obtain prior authorization.

Emergency services do not require prior authorization.

You do not require prior authorization in order to obtain access to obstetrical or gynecological care from a network provider who specializes in obstetrics or gynecology. However, certain of the specific services provided by that network provider may require prior authorization, as described further in this Policy.

Some of the services that may require prior authorization from Medica include:

1. Reconstructive or restorative surgery procedures;
2. Treatment of a diagnosed temporomandibular joint (TMJ) disorder or craniomandibular disorder;
3. Solid organ and bone marrow transplant services – this prior authorization must be obtained before the transplant workup is initiated;
4. Treatment at a designated facility for complex medical conditions;
5. Home health care services;
6. Durable medical equipment;
7. Outpatient surgical procedures;
8. Certain genetic tests;
9. Certain drugs and biologics;
10. Inpatient care, including mental health and substance use disorders, skilled nursing facility services, long term acute hospital (LTAH) and acute inpatient rehab (AIR);
11. Certain outpatient mental health and substance use disorder services;
12. Certain imaging services;
13. Certain professionally administered drugs;
14. Non-emergency licensed air ambulance transportation; and
15. Tier 1 – Preferred benefits for services from non-network providers, with the exception of emergency services.

Pregnancy/maternity care services received from a network provider do not require prior authorization or a referral and will be covered at the appropriate Tier 1 – Preferred or Tier 2 – Standard benefit level.

Please note: This is not an all-inclusive list of all services and supplies that may require prior authorization.

When you, someone on your behalf or your attending provider calls, the following information may be required:

1. Name and telephone number of the provider who is making the request;
2. Name, telephone number, address and type of specialty of the provider to whom you are being referred, if applicable;
3. Services being requested and the date those services are to be rendered (if scheduled);
4. Specific information related to your condition (for example, medical records or a letter of medical necessity from your provider);
5. Other applicable member information (i.e., Medica member number).

Medica will review your request for prior authorization and provide a response to you and your attending provider within 15 calendar days after the date your request was received, provided all information reasonably necessary to make a decision has been given to Medica.

Medica will respond within a time period not exceeding 72 hours from the time of the initial request if 1) your attending provider believes that an expedited review is warranted, or 2) Medica concludes that a delay could seriously jeopardize your life, health or ability to regain maximum function, or 3) you could be subject to severe pain that cannot be adequately managed without the care or treatment you are requesting.

If Medica does not approve the request for prior authorization, you have the right to appeal Medica's decision as described in *Complaints*.

Under certain circumstances, Medica may perform concurrent review to determine whether services continue to be medically necessary. If Medica determines that services are no longer medically necessary, Medica will inform both you and your attending provider in writing of its decision. If Medica does not approve continued coverage, you or your attending provider may appeal Medica's initial decision (see *Complaints*).

Referrals to non-network providers

It is to your advantage to seek Medica's authorization for referrals to non-network providers *before* you receive services. Medica can then tell you what your benefits will be for the services you may receive.

If you want to apply for a standing referral to a non-network provider, contact Medica for more information. A standing referral is a referral issued by a network provider and authorized by Medica for conditions that require ongoing services from a specialist provider. Standing referrals will only be covered for the period of time appropriate to your medical condition. A standing referral may be granted if Medica determines a standing referral clinically appropriate.

Referrals and standing referrals will not be covered to accommodate personal preferences, family convenience, or other non-medical reasons. Referrals will also not be covered for care that has already been provided.

If your request for a standing referral is denied, you have the right to appeal this decision as described in *Complaints*.

What you must do

1. Request a referral or standing referral from a network provider to receive medically necessary services from a non-network provider. The referral will be in writing and will:
 - a. Indicate the time period during which services must be received; and
 - b. Specify the service(s) to be provided; and
 - c. Direct you to the non-network provider selected by your network provider.
2. Seek prior authorization from Medica by calling the number on the back of your Medica ID card. Medica does not guarantee coverage of services that are received before you obtain prior authorization from Medica.
3. If prior authorization has been obtained from Medica, pay the same amount you would have paid if the services had been received from a Tier 1 – Preferred network provider.
4. Pay any charges not authorized for coverage by Medica.

What Medica will do

1. May require that you see another network provider selected by Medica before a determination by Medica that a referral to a non-network provider is medically necessary.
2. May require that you obtain a referral or standing referral from a network provider to a non-network provider practicing in the same or similar specialty.
3. Provide coverage for health services that are:
 - a. Otherwise eligible for coverage under this Policy or your Benefit Chart; and
 - b. Recommended by a network physician
4. Review your request for prior authorization and respond within 15 calendar days of receipt of your request provided that all information reasonably necessary to make a decision has been given to Medica. However, Medica will respond within a time period not exceeding 72 hours from the time of the initial request if 1) your attending provider believes that an expedited appeal is warranted, or 2) Medica concludes that a delay could seriously jeopardize your life, health or ability to regain maximum function, or 3) you could be subject to severe pain that cannot be adequately managed without the care or treatment you are seeking.

K. Continuity of care

To request continuity of care or if you have questions about how this may apply to you, call Customer Service at the number on the back of your Medica ID card.

If you are currently in an active course of treatment with a treating provider, you have a right to continuity of care. If the contract between Medica and your treating provider terminates without cause, you may be eligible to continue care with that provider at the same benefit level. For example, if your treating provider was a Tier 1 – Preferred provider

at the time of termination, you may be eligible to continue care with that provider at the Tier 1 – Preferred benefit level. Continuity of care only applies if you are in an active course of treatment with the provider at the time the provider’s contract is terminated. This does not apply when the provider’s contract is terminated for cause.

Upon request, Medica will authorize continuity of care as described above for the following conditions:

1. An ongoing course of treatment for a life-threatening condition;
2. An ongoing course of treatment for a serious acute condition, such as chemotherapy;
3. Pregnancy in the second or third trimesters, through the postpartum period; or
4. An ongoing course of treatment for a health condition for which a treating physician or health care provider attests that discontinuing care by that physician or health care provider would worsen the condition or interfere with anticipated outcomes.

Continuity of care, as described above, will continue until the active course of treatment is complete, or 90 days, whichever is shorter. Authorization to continue to receive services from your current primary care provider, specialist or hospital may extend to the remainder of your life if a physician certifies that your life expectancy is 180 days or less.

Medica may require medical records or other supporting documentation from your provider to review your request, and will consider each request on a case-by-case basis. If Medica authorizes your request to continue care with your current provider, Medica will explain how continuity of care will be provided. After that time, your services or treatment will need to be transitioned to a network provider to continue to be eligible for benefits. If your request is denied, Medica will explain the criteria used to make its decision. You may appeal this decision.

If your provider agrees to comply with Medica’s prior authorization requirements, provides Medica with all necessary medical information related to your care, and accepts as payment in full the lesser of Medica’s network provider reimbursement or the provider’s customary charge for the service, then the provider will not be permitted to bill you for the amount in excess of your deductible and coinsurance or copay described in your Benefit Chart.

Coverage will not be provided for services or treatments that are not otherwise covered under this Policy or your Benefit Chart.

If Medica terminates your current provider’s contract for cause, Medica will inform you of the change and how your care will be transferred to another network provider.

L. Harmful use of medical services

If it is determined that you are receiving health services or prescription drugs in a quantity or manner that may harm your health, Medica will notify you that you have 30 days to choose one network physician, hospital and pharmacy to be your coordinating health care providers.

If you do not choose your coordinating health care providers within 30 days, Medica will choose for you.

Failure to receive services from or through your coordinating health care providers will result in a denial of coverage.

You must obtain a referral from your coordinating health care provider if your condition requires care or treatment from a provider other than your coordinating health care provider.

Medica will send you specific information about:

1. How to obtain approval for benefits not available from your coordinating health care providers; and
2. How to obtain emergency care; and
3. When these restrictions end.

M. Medica's Right to Subrogation and Reimbursement

This section describes Medica's right of subrogation and reimbursement. Medica's rights are subject to Nebraska and federal law. References to "you" or "your" in this section shall include you, your legal representatives, your estate and your heirs and next of kin and beneficiaries unless otherwise stated. For information about the effect of Nebraska and federal law on Medica's subrogation rights, contact an attorney.

1. Medica has a right of subrogation against any third party, individual, corporation, insurer (except as provided in Neb.Rev.Stat. § 44-3, 159) or other entity or person who may be legally responsible for payment of medical expenses related to your illness or injury. Medica's right of subrogation shall be governed according to this section. Medica's right to recover its subrogation interest applies only after you have received a full recovery for your illness or injury from another source of compensation for your illness or injury.
2. Medica's subrogation interest is the reasonable cash value of any benefits received by you.
3. Medica's right to recover its subrogation interest may be subject to an obligation by Medica to pay a pro rata share of your disbursements, attorney fees and costs and other expenses incurred in obtaining the recovery from another source unless Medica is separately represented by an attorney. If Medica is represented by an attorney, an agreement regarding allocation of the disbursements, fees and costs may be reached.
4. By accepting coverage under the Contract, you agree:
 - a. That if Medica pays benefits for medical expenses you incur as a result of any act by a third party for which the third party is or may be legally responsible, and you later obtain full recovery, you are obligated to reimburse Medica for the benefits paid in accordance with Nebraska law.
 - b. To cooperate with Medica or its designee to help protect Medica's legal rights under this subrogation and reimbursement provision and to provide all information Medica may reasonably request to determine its rights under this provision.

- c. To provide prompt written notice to Medica when you make a claim against a party for injuries.
- d. To provide prompt written notice of Medica's subrogation rights to any party against whom you assert a claim for injuries.
- e. To do nothing to decrease or limit Medica's rights under this provision, either before or after receiving benefits, or under the Contract.
- f. Medica may take action to preserve its legal rights. This includes bringing suit in your name.
- g. Medica may collect its subrogation interest from the proceeds of any settlement or judgment recovered by you, your legal representative or the legal representative(s) of your estate or next-of-kin.
- h. To hold in trust the proceeds of any settlement or judgment for Medica's benefit under this provision.
- i. You will cooperate with Medica in protecting its legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:
 - i. Signing and/or delivering such documents as Medica or its agents reasonably request to secure the subrogation and reimbursement claim.
 - ii. Responding to requests for information about any accident or injuries, and providing all information Medica may reasonably request to determine its rights under this subrogation and reimbursement provision.
 - iii. Making court appearances.
 - iv. Obtaining Medica's consent or its agents' consent before releasing any party from liability or payment of medical expenses.
 - v. Complying with the terms of this section.

II. Out-of-Pocket Expenses

You are responsible for paying the cost of a service that is not medically necessary or is not a covered benefit even if the following occurs:

1. A provider performs, prescribes or recommends the service; or
2. The service is the only treatment available; or
3. You request and receive the service even though your provider does not recommend it. (Your network provider is required to inform you or, in some instances, provide a waiver for you to sign.)

If you miss or cancel an office visit less than 24 hours before your appointment, your provider may bill you for the service.

Please see your Benefit Chart for specific information about your benefits and coverage levels. To verify coverage before receiving a particular service or supply, call Customer Service at the number on the back of your Medica ID card.

A. Cost sharing: copayments, coinsurance and deductibles

For Tier 1 – Preferred benefits, you must pay the following:

1. Any applicable copayment, coinsurance and deductible as described in the Benefit Chart.
You must pay al deductible. The time period used to determine how much of your deductible you have satisfied is a policy term. (See your Benefit Chart.)
2. Any charge that is not covered under this Policy or the Benefit Chart.

For Tier 2 – Standard benefits, you must pay the following:

1. Any applicable copayment, coinsurance and deductible as described in the Benefit Chart.
You must pay al deductible. The time period used to determine how much of your deductible you have satisfied is a policy term. (See your Benefit Chart.)
2. Any charge that is not covered under this Policy or the Benefit Chart.

B. Out-of-pocket maximum

The Tier 1 – Preferred out-of-pocket maximum is an accumulation of the:

- Tier 1 – Preferred copayments
- Tier 1 – Preferred coinsurance, and
- Tier 1 – Preferred deductible

paid for benefits received during a policy term. Unless otherwise specified, you will *not* be required to pay more than the Tier 1 – Preferred out-of-pocket maximum for Tier 1 – Preferred benefits received during a policy term. Any amount or charge *not* covered,

including charges for services not eligible for coverage, is *not* applicable toward the Tier 1 – Preferred out-of-pocket maximum.

After the Tier 1 – Preferred out-of-pocket maximum has been met, all other Tier 1 – Preferred covered benefits received during the rest of the policy term will be covered at 100%, except for any charge not covered by Medica. The Tier 1 – Preferred out-of-pocket maximum is described in the Out-of-Pocket Expenses table in your Benefit Chart.

Medica refunds the amount over the Tier 1 – Preferred out-of-pocket maximum during any policy term when proof of excess copayments, coinsurance and deductible is received and verified by Medica.

The Tier 2 – Standard out-of-pocket maximum is an accumulation of the:

- Tier 2 – Standard copayments
- Tier 2 – Standard coinsurance, and
- Tier 2 – Standard deductible

paid for benefits received during a policy term. Unless otherwise specified, you will *not* be required to pay more than the Tier 2 – Standard out-of-pocket maximum for Tier 2 – Standard benefits received during a policy term. Any amount or charge *not* covered, including charges for services not eligible for coverage, is *not* applicable toward the Tier 2 – Standard out-of-pocket maximum.

After the Tier 2 – Standard out-of-pocket maximum has been met, all other Tier 2 – Standard covered benefits received during the rest of the policy term will be covered at 100%, except for any charge not covered by Medica. The Tier 2 – Standard out-of-pocket maximum is described in the Out-of-Pocket Expenses table in your Benefit Chart.

Medica refunds the amount over the Tier 2 – Standard out-of-pocket maximum during any policy term when proof of excess Tier 2 – Standard copayments, coinsurance and deductible is received and verified by Medica.

III. Covered Benefits

Prior authorization (approval in advance) is required before you receive certain services listed below. To determine if Medica requires prior authorization for a particular service or treatment, please call Medica Customer Service at the number on the back of your Medica ID card. Please see *Prior authorization in Referrals and Prior Authorization* for more information about prior authorization requirements and processes.

A. Ambulance

Medica covers ambulance services as described in the Benefit Chart.

Not covered:

1. Ambulance transportation to another hospital when care for your condition is available at the network hospital where you were first admitted.
2. Non-emergency ambulance transportation services (except as described in the Benefit Chart).

B. Anesthesia

Medica covers anesthesia services as described in the Benefit Chart.

Not covered:

Anesthesia services provided by a non-network provider.

C. Chiropractic or Osteopathic Manipulation

Medica covers chiropractic or osteopathic services to treat conditions related to muscles, skeleton and nerves of the body. This includes spinal manipulations or other manipulative therapies.

Not covered:

1. Chiropractic or osteopathic services provided by a non-network provider.
2. Massage therapy which is performed in conjunction with other treatment by a chiropractor as part of a prescribed treatment plan that is billed separately.

D. Diabetes Management and Supplies

Medica covers:

- diabetes self-management training and education, including medical nutrition therapy, received from a provider in a program consistent with national educational standards (as established by the American Diabetes Association) and patient management home visits when medically necessary;

- diabetic equipment and supplies, including blood glucose meters when received from a network pharmacy;
- insulin pumps and their related supplies when received from a network durable medical equipment provider; and
- routine foot care if part of treatment for diabetes.

Not covered:

Diabetes management and supplies received from or provided by a non-network provider.

E. Diagnostic Imaging

Medica covers diagnostic imaging services such x-rays and other imaging services when:

- ordered by a provider, and
- provided in a clinic or outpatient hospital facility.

Not covered:

Diagnostic imaging services provided by a non-network provider.

F. Durable Medical Equipment, Prosthetics and Miscellaneous Medical Supplies

Medica covers only a limited selection of durable medical equipment and certain related supplies, and hearing aids that meet the criteria established by Medica. Some items ordered by your physician, even if medically necessary, may not be covered. The list of eligible durable medical equipment and certain related supplies is periodically reviewed and modified by Medica. To request a list of Medica's eligible durable medical equipment and certain related supplies, call Customer Service at the number on the back of your Medica ID card.

Medica determines if durable medical equipment will be purchased or rented. Medica's approval of rental of durable medical equipment is limited to a specific period of time. To request approval for an extension of the rental period, call Customer Service at the number on the back of your Medica ID card.

Quantity limits may apply to durable medical equipment, prosthetics and medical supplies.

If the durable medical equipment or prosthetic device or hearing aid is covered by Medica, but the model you select is not Medica's standard model, you will be responsible for the cost difference. A standard model is defined durable medical equipment that meets the minimum specifications prescribed for your needs.

Diabetic equipment and supplies, other than insulin pumps and the equipment and supplies related to insulin pumps, are covered under the *Prescription Drug* section of this Policy.

Benefits apply to durable medical equipment and certain related supplies and prosthetic services prescribed by a physician and received from a network durable medical equipment

provider, and hearing aids as described in the Benefit Chart when prescribed by a network provider.

To request a list of network durable medical equipment providers, call Customer Service at the number on the back of your Medica ID card.

Not covered:

1. Durable medical equipment and supplies, prosthetics, appliances and hearing aids provided by a non-network provider.
2. Durable medical equipment and supplies, prosthetics, appliances and hearing aids not on the Medica eligible list.
3. Charges in excess of the Medica standard model of durable medical equipment, prosthetics or hearing aids.
4. Repair, replacement or revision of properly functioning durable medical equipment, prosthetics and hearing aids, including, but not limited to, due to loss, damage or theft.
5. Duplicate durable medical equipment, prosthetics and hearing aids, including repair, replacement or revision of duplicate items.
6. Disposable supplies and appliances, except as described in this Policy or your Benefit Chart.

G. Emergency Room

Medica covers emergency room services, as described in your Benefit Chart, where a prudent layperson would believe that a condition or symptom requires immediate treatment to:

1. Preserve your life; or
2. Prevent serious impairment to your bodily functions, organs or parts; or
3. Prevent placing your physical or mental health in serious jeopardy.

Emergency services from non-network providers will be covered at the Tier 1 – Preferred benefit level. To be eligible for coverage from non-network providers, services must be due to an emergency, as defined in *Definitions*.

You must notify Medica of emergency inpatient services as soon as reasonably possible after receiving inpatient services. Call Customer Service at the number on the back of your Medica ID card.

If you are confined in a non-network facility as a result of an emergency, you will be eligible for Tier 1 – Preferred benefits until your attending physician agrees it is safe to transfer you to a network facility.

If the health services that you require do not meet the definition of emergency, you should refer to the most specific section of your Benefit Chart for a description of your benefits.

To be eligible for benefits after an emergency, follow-up care or scheduled care must be received from a network provider.

For information on submitting claims for emergency services received in a foreign country, refer to *Submitting a Claim*.

Not covered:

1. Non-emergency care from non-network providers except as described in this Policy or the Benefit Chart.
2. Unauthorized continued inpatient services in a non-network facility once the attending physician agrees it is safe to transfer you to a network facility.
3. Follow-up care or scheduled care from a non-network provider except as described in this Policy or the Benefit Chart.
4. Transfers and admissions to network hospitals solely at the convenience of the member.

H. Genetic Counseling and Testing

Medica covers genetic counseling, whether pre-test or post-test, and whether occurring in an office, clinic or telephonically. Medica also covers genetic testing when the test will directly affect treatment decisions or frequency of screening for a disease, or when results of the test will affect reproductive choices. Please see your Benefit Chart for more information.

Not covered:

1. Genetic counseling and testing services provided by a non-network provider.
2. Genetic testing when performed in the absence of symptoms or high risk factors for a heritable disease.
3. Genetic testing when knowledge of genetic status will not affect treatment decisions, frequency of screening for the disease or reproductive choices.
4. Genetic testing that has been performed in response to direct to consumer marketing and not under the direction of your physician.

I. Home Health Care

Medica covers skilled care in your place of residence for members that are homebound. Skilled services must be ordered by a physician who has conducted a face-to-face assessment per Medicare guidelines. (Exception: You are not required to be homebound to be eligible for home infusion therapy or services received in your home from a physician.) Covered respiratory care and home health aide services must be ordered by a physician and related to the active and specific-treatment of the covered member. Services and care must be provided by a respiratory therapist or a home health aide that is supervised by a skilled service provider in accordance with Medicare guidelines.

To be considered homebound, a doctor must certify that you are homebound. To be homebound means the following:

- Leaving your home is not recommended because of your condition.

- Your condition keeps you from leaving your home without help (such as using a wheelchair or walker, needing special transportation or getting help from another person).
- Leaving home takes a considerable and taxing effort.

A person may leave home for a medical treatment or short, infrequent absences for non-medical reasons, such as attending religious services. You can still get home health care if you attend adult day care, but you would get the home care services in your home. A dependent child may still be considered homebound when attending school where life support specialized equipment and help are available.

Please note: Your place of residence is where you make your home. This may be your own dwelling, a relative's home, an apartment complex that provides assisted living services or some other type of institution. However, an institution will not be considered your home if it is a hospital or skilled nursing facility.

Benefits in the Benefit Chart apply to covered home health care services received from a network home health care agency. Please see your Benefit Chart for more information.

Not covered:

1. Home health care provided by a non-network provider.
2. Extended hours home care.
3. Companion, homemaker and personal care services.
4. Services provided by a member of your family.
5. Custodial care and other non-skilled services.
6. Physical, occupational or speech therapy provided in your home for convenience.
7. Skilled nursing care or skilled physical or occupational therapy provided in your home when you are not homebound.
8. Speech therapy provided in your home when you are not homebound.
9. Services primarily educational in nature.
10. Vocational and job rehabilitation.
11. Recreational therapy.
12. Self-care and self-help training (non-medical).
13. Health clubs.
14. Disposable supplies and appliances, except as described in this Policy or your Benefit Chart.
15. Physical, occupational or speech therapy services when there is no reasonable expectation of improvement.
16. Voice training.
17. Outpatient rehabilitation services when no medical diagnosis is present.
18. Drugs provided or administered by a physician or other provider, except those drugs that meet the definition of "professionally administered drugs." Coverage for

“professionally administered drugs” is as described under *Professionally Administered Drugs*. Coverage for drugs is as described in *Prescription Drugs, Prescription Specialty Drugs* or otherwise described as a specific benefit elsewhere in this section.

J. Hospice

Medica covers hospice services including respite care. Care must be ordered, provided or arranged under the direction of a physician and received from a hospice program.

Hospice services are comprehensive palliative medical care and supportive social, emotional and spiritual services. These services are provided to terminally ill persons and their families, primarily in the patients’ homes. A hospice interdisciplinary team, composed of professionals and volunteers, coordinates an individualized plan of care for each patient and family. The goal of hospice care is to make patients as comfortable as possible to enable them to live their final days to the fullest in the comfort of their own homes and with loved ones.

Medica contracts with hospice programs to provide hospice services to members. The specific services you receive may vary depending upon which program you select.

Respite care is a form of hospice services that gives uncompensated primary caregivers (i.e., family members or friends) rest or relief when necessary to maintain a terminally ill member at home.

Medical social services are services provided by the hospice’s medical social worker and are directly related to the hospice patient’s medical condition.

Bereavement counseling is provided to a covered family member, within six months of the patient’s death.

To be eligible for the hospice benefits described in this section, you must:

1. Be a terminally ill patient; and
2. Have chosen a palliative treatment focus (i.e., one that emphasizes comfort and supportive services rather than treatment attempting to cure the disease or condition).

You will be considered terminally ill if there is a written medical prognosis by your physician that your life expectancy is six months or less if the terminal illness runs its normal course. This certification must be made not later than two days after the hospice care is initiated.

Members who elect to receive hospice services do so in place of curative treatment for their terminal illness for the period they are enrolled in the hospice program.

You may withdraw from the hospice program at any time upon written notice to the hospice program. You must follow the hospice program’s requirements to withdraw from the hospice program.

Not covered:

1. Hospice services provided by a non-network provider.
2. Respite care for more than five consecutive days at a time.

3. Home health care and skilled nursing facility services when services are not consistent with the hospice program's plan of care.
4. Services not included in the hospice program's plan of care, including room and board charges or fees.
5. Services not provided by the hospice program.
6. Hospice daycare, except when recommended and provided by the hospice program.
7. Any services provided by a family member or friend, or individuals who are residents in your home.
8. Financial or legal counseling services, except when recommended and provided by the hospice program.
9. Housekeeping or meal services in your home, except when recommended and provided by the hospice program.
10. Bereavement counseling, except when recommended and provided by the hospice program.

K. Hospital

Medica covers physician directed hospital and ambulatory surgical center services as described in your Benefit Chart. More than one copayment or coinsurance may be required if you receive more than one service, or see more than one provider per visit.

Important: The most specific and appropriate section of this Policy and your Benefit Chart will apply for benefits related to the treatment of a specific condition.

If your coverage under a Medica policy ends during your inpatient stay, Medica will not cover the portion of your inpatient stay or other services received after your Medica Policy terminates.

Not covered:

1. Services received from a non-network hospital or non-network ambulatory surgical center.
2. Drugs received at a hospital on an outpatient basis, except drugs that meet the definition of "professionally administered drugs" or drugs received in an emergency room or a hospital observation room. Coverage for "professionally administered drugs" is as described under *Professionally Administered Drugs*. Coverage for drugs is as described in *Prescription Drugs* and *Prescription Specialty Drugs*.
3. Admission to another hospital is not covered when care for your condition is available at the network hospital where you were first admitted.

L. Infertility Services

Medica's coverage is limited to the diagnosis of infertility as described in the Benefit Chart. Coverage includes benefits for professional, hospital and ambulatory surgical services. All services, supplies and associated expenses for the treatment of infertility are not covered.

Not covered:

1. Services received for the diagnosis of infertility provided by a non-network provider.
2. Procedures, tests or other services that are exclusively provided to monitor the effectiveness of non-covered fertilization procedures.
3. Physician, hospital and ambulatory surgical center services for the treatment of infertility.
4. Infertility drugs.
5. Assisted reproductive technology services, including but not limited to: in vitro fertilization (IVF), gamete and zygote intrafallopian transfer (GIFT and ZIFT) procedures; tubal embryo transfer; intracytoplasmic sperm injection (ICSI); ova or embryo acquisition, retrieval, donation, preservation, and/or storage; and/or any conception that occurs outside the woman's body.
6. Services related to surrogate pregnancy for a person not covered as a member under this Policy.
7. Sperm banking and/or storage.
8. Services related to adoption.
9. Donor sperm.
10. Donor eggs.
11. Services for intrauterine insemination (IUI).

M. Lab and Pathology

Medica covers services provided in a clinic or outpatient hospital facility and described in your Benefit Chart. Inpatient lab and pathology services are covered at the *Hospital or Skilled Nursing Facility* benefit level as described in your Benefit Chart.

Please note: Lab and pathology for preventive health care services are covered at the Preventive Health Care benefit level as described in your Benefit Chart.

Not covered:

Lab and pathology services provided by a non-network provider.

N. Maternity

Medica covers medical services for prenatal care, labor and delivery, postpartum care and related complications as described in your Benefit Chart. Under the **Newborns' and Mothers' Health Protection Act of 1996** Medica may not restrict benefits for any hospital stay in connection with childbirth for the mother or newborn child member to less than 48 hours following a vaginal delivery (or less than 96 hours following a cesarean section). However, federal law generally does not prohibit the mother or newborn child member's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours, as applicable). In any case, Medica may not

require a provider to obtain prior authorization from Medica for a length of stay of 48 hours or less (or 96 hours, as applicable).

More than one copayment or coinsurance may be required if you receive more than one service or see more than one provider per visit. Medica encourages you to enroll your newborn dependent under the Contract within 31 days from the date of birth, date of placement for adoption or date of adoption.

Each member's hospital admission is separate from the admission of any other member. That means a separate deductible and copayment or coinsurance will be applied to both you and your newborn for inpatient services related to labor and delivery.

Not all services that are received during your pregnancy are considered prenatal care. Some of the services that are not considered prenatal care include (but are not limited to) treatment of the following:

1. Conditions that existed prior to (and independently of) the pregnancy, such as diabetes or lupus, even if the pregnancy has caused those conditions to require more frequent care or monitoring.
2. Conditions that have arisen concurrently with the pregnancy but are not directly related to care of the pregnancy, such as back and neck pain or skin rash.
3. Miscarriage and ectopic pregnancy.

Services that are not considered prenatal care may be eligible for coverage under the most specific and appropriate section of this Policy or your Benefit Chart. Please refer to your Benefit Chart for coverage information.

If your coverage under a Medica policy ends during your inpatient stay, Medica will not cover the portion of your inpatient stay or other services received after your Medica Policy terminates.

Not covered:

1. Maternity care provided by a non-network provider.
2. Health care professional services for maternity labor delivery in the home.
3. Services from a doula.
4. Childbirth and other educational classes.

O. Medical Related Dental

Medica covers medical-related dental services received from a physician or dentist as described in your Benefit Chart.

Please note: This section does not describe coverage for comprehensive dental procedures. Comprehensive dental procedures are services rendered by a dentist to treat teeth, their supporting soft tissue and bony structure or the alignment or occlusion of the teeth. These services are not covered under any section of this Policy or your Benefit Chart.

Not covered:

1. Medical-related dental services provided by a non-network provider.

2. Oral surgery, except as described in this Policy or your Benefit Chart.
3. Dental services to treat an injury from biting or chewing.
4. Osteotomies and other procedures associated with the fitting of dentures or dental implants.
5. Dental implants (tooth replacement).
6. Any other dental procedures or treatment, whether the dental treatment is needed because of a primary dental problem or as a manifestation of a medical treatment or condition.
7. Any orthodontia, including that associated with orthognathic procedures or accident-related dental injuries.
8. Tooth extractions.
9. Any dental procedures or treatment related to periodontal disease.
10. Endodontic procedures and treatment, including root canal procedures and treatment.
11. Routine diagnostic and preventive dental services.

P. Mental Health

Medica covers services to diagnose and treat mental disorders listed in the current edition of the *Diagnostic and Statistical Manual of Mental Disorders* as described in your Benefit Chart.

Mental health benefits

If you require hospitalization, Medica will refer you to one of its hospital providers. Call Customer Service at the number on the back of your Medica ID card. **Emergency mental health services are covered at the Tier 1 – Preferred benefit level.** After receiving emergency mental health inpatient services please notify Customer Service at the number on the back of your Medica ID card as soon as reasonably possible.

Outpatient mental health services include:

1. Diagnostic evaluations and psychological testing.
2. Psychotherapy and psychiatric services.
3. Intensive outpatient programs, including day treatment and partial programs, which may include multiple services/modalities and lodging, delivered in an outpatient setting (up to 19 hours per week).
4. Relationship and family therapy if there is a clinical diagnosis.
5. Treatment of serious or persistent disorders.
6. Diagnostic evaluation for attention deficit hyperactivity disorder (ADHD) or pervasive development disorders (PDD).
7. Treatment of pathological gambling.

8. Intensive behavioral and developmental therapy for the treatment of autism spectrum disorders for members under the age of 21 when provided in accordance with an individualized treatment plan prescribed by the member's treating physician or mental health professional.

Inpatient services include:

1. Room and board.
2. Attending psychiatric services.
3. Hospital or facility-based professional services.
4. Partial program. This may be in a freestanding facility or hospital based. Active treatment is provided through specialized programming with medical/psychological intervention and supervision during program hours. Partial program means a treatment program of 20 hours or more per week and may include lodging.
5. Residential treatment services. Residential treatment services must be provided in a program or facility that is licensed, accredited or certified to provide such services by the appropriate state agency, or accredited by CARF International or JCAHO.

These services include:

- a. A residential treatment program serving children and adolescents with severe emotional disturbance; or
- b. A licensed or certified mental health treatment program providing intensive therapeutic services. In addition to room and board, at least 30 hours a week per individual of mental health services must be provided, including group and individual counseling, client education and other services specific to mental health treatment. Also, the program must provide an on-site medical/psychiatric assessment within 48 hours of admission, psychiatric follow-up visits at least once per week and 24 hour nursing coverage.

Not covered:

1. Mental health services provided by a non-network provider.
2. Services for mental disorders not listed in the current edition of the *Diagnostic and Statistical Manual of Mental Disorders*.
3. Services, care or treatment that is not medically necessary.
4. Relationship and family therapy in the absence of a clinical diagnosis.
5. Telephonic psychotherapy treatment services, unless such services are provided in accordance with Medica's telemedicine policies and procedures.
6. Services beyond the initial evaluation to diagnose developmental disability or learning disabilities, as those conditions are defined in the current edition of the American Psychiatric Association's *Diagnostic and Statistical Manual of Mental Disorders*.
7. Services, including room and board charges, provided by health care professionals or facilities that are not appropriately licensed, certified or otherwise qualified under state law to provide mental health services. This includes, but is not limited to, services provided by mental health providers who are not authorized under state law

to practice independently, and services received at a halfway house, therapeutic group home, boarding school or ranch.

8. Services to assist in activities of daily living that do not seek to cure and are performed regularly as a part of a routine or schedule.
9. Room and board charges associated with mental health residential treatment services providing less than 30 hours a week per individual of mental health services, or lacking an on-site medical/psychiatric assessment within 48 hours of admission, psychiatric follow-up visits at least once per week and 24-hour nursing coverage.
10. Drugs provided or administered by a physician or other provider, except those drugs that meet the definition of “professionally administered drugs.” Coverage for “professionally administered drugs” is as described under *Professionally Administered Drugs*. Coverage for drugs is as described in *Prescription Drugs, Prescription Specialty Drugs* or otherwise described as a specific benefit elsewhere in this section.

Q. Office Visits

Please note: This benefit does not include services received from locations using “hospital-based outpatient billing” practices. The most specific and appropriate benefit in this Policy will apply for each service received at that type of provider. If you are unsure if your provider uses these billing practices, please contact them.

Medica covers office visits as described in your Benefit Chart.

Important: The most specific and appropriate section of this Policy and your Benefit Chart will apply for benefits related to the treatment of a specific condition. For some services, there may be a facility charge resulting in copayment or coinsurance in addition to the provider services copayment or coinsurance. More than one copayment or coinsurance may also be required if you receive more than one service, or see more than one provider per visit. Call Customer Service at the number on the back of your Medica ID card to determine in advance whether a specific procedure is a benefit and the applicable coverage level for each service that you receive.

Not covered:

1. Office visit services provided by a non-network provider.
2. Drugs provided or administered by a physician or other provider, except those drugs that meet the definition of “professionally administered drugs.” Coverage for “professionally administered drugs” is as described under *Professionally Administered Drugs*. Coverage for drugs is as described in *Prescription Drugs, Prescription Specialty Drugs* or otherwise described as a specific benefit elsewhere in this section.

R. Organ and Bone Marrow Transplants and Other Complex Medical Conditions

Medica covers certain organ and bone marrow transplant services and services for other complex medical conditions. Not all network hospitals are designated facilities for organ and bone marrow transplants and other complex medical conditions. Services covered

under this section must be provided under the direction of a physician and received at a designated facility. Coverage under this section is provided for certain medical conditions and certain types of organ or bone marrow transplants and related services (including organ acquisition and procurement) that are:

- medically necessary,
- appropriate for the diagnosis,
- without contraindications, and
- non-investigative.

Organ and Bone Marrow Transplants: Medica uses specific medical criteria to determine benefits for organ and bone marrow transplant services. Because medical technology is constantly changing, Medica reserves the right to review and update these medical criteria. Benefits for each individual member will be determined based on the clinical circumstances of the member according to Medica's medical criteria.

Coverage is provided for the following human organ transplants, if appropriate, under Medica's medical criteria and not otherwise excluded from coverage:

- cornea,
- kidney,
- lung,
- heart,
- heart/lung,
- pancreas,
- liver,
- allogeneic, autologous and syngeneic bone marrow. Bone marrow transplants include the transplant of stem cells from bone marrow, peripheral blood and umbilical cord blood.

The preceding is not a comprehensive list of eligible organ and bone marrow transplant services.

Benefits apply to transplant services provided by a network provider and received at a designated facility for transplant services. Medica has entered into separate contracts to provide certain transplant-related health services to members receiving transplants. You may be evaluated and listed as a potential recipient at multiple designated facilities for transplant services.

Medica requires that all pre-transplant, transplant and post-transplant services, from the time of the initial evaluation through no more than one year after the date of the transplant, be received at one designated facility (that you select from among the list of transplant facilities Medica provides). Based on the type of transplant you receive, Medica will determine the specific time period medically necessary for these services.

Other Complex Medical Conditions: Medica uses specific medical criteria to determine benefits for complex medical conditions. Because medical technology is constantly changing, Medica reserves the right to review and update these medical criteria.

For certain complex medical conditions, even if network care is available under other provisions of this Policy, benefits under this Policy for the treatment of the complex medical condition are only available under this section. If you choose not to obtain care from a designated facility, benefits are not available under this Policy for treatment of that complex medical condition.

Benefits under this section apply to services for complex medical conditions provided by a network provider and received at a designated facility. Medica has entered into separate contracts to provide certain health services for complex medical conditions to members.

Not covered:

1. Services provided by a non-network provider or non-designated facility.
2. Organ and bone marrow transplant services, except as described in this section.
3. Supplies and services related to transplants that would not be authorized by Medica under the medical criteria referenced in this section.
4. Chemotherapy, radiation therapy, drugs or any therapy used to damage the bone marrow and related to transplants that would not be authorized by Medica under the medical criteria referenced in this section.
5. Living donor transplants that would not be authorized by Medica under the medical criteria referenced in this section.
6. Islet cell transplants except for autologous islet cell transplants associated with pancreatectomy.
7. Services required to meet the patient selection criteria for the authorized procedure. This includes:
 - treatment of nicotine or caffeine addiction,
 - services and related expenses for weight loss programs,
 - nutritional supplements,
 - appetite suppressants, and
 - supplies of a similar nature not otherwise covered under this Policy or your Benefit Chart.
8. Mechanical, artificial or non-human organ implants or transplants and related services that would not be authorized by Medica under the medical criteria referenced in this section.
9. Services that are investigative.
10. Private collection and storage of umbilical cord blood for directed use.
11. Drugs provided or administered by a physician or other provider on an outpatient basis, except those drugs that meet the definition of “professionally administered drugs.” Coverage for “professionally administered drugs” is as described under

Professionally Administered Drugs. Coverage for drugs is as described in *Prescription Drugs* and *Prescription Specialty Drugs* or otherwise described as a specific benefit in this Policy.

S. Prescription Drugs

Prescription drugs and supplies are covered if they are:

- Prescribed by an authorized provider,
- Included on Medica's drug list (unless identified as not covered), and
- Received from a network pharmacy.

The Benefit Chart describes your copayment or coinsurance for prescription drugs themselves. An additional copayment or coinsurance applies for the provider's services if you require that a provider administer self-administered drugs, as described in other applicable sections of this Policy or your Benefit Chart. For these purposes, "self-administered drugs" are drugs that do not meet the definition of "professionally administered drugs."

Coverage for specialty prescription drugs (drugs used to treat complex conditions and which may require special handling) is described in the next section, *Prescription Specialty Drugs*.

While diabetic equipment and supplies, including blood glucose meters, are covered under the diabetic equipment and supplies benefit in this section, coverage for insulin pumps and related supplies is described under *Durable Medical Equipment, Prosthetics and Miscellaneous Medical Supplies*.

Medica's Drug List

Medica's drug list (Drug List) is comprised of drugs that meet the medical needs of our members and have proven safety and effectiveness. It includes both brand-name and generic drugs. The drugs on this list have been approved by the Food and Drug Administration (FDA). The Drug List identifies whether a drug is classified by Medica as a generic, preferred brand or non-preferred brand drug. A team of physicians and pharmacists meets regularly to review and update the Drug List. Your doctor can use this list to select medications for your health care needs, while helping you maximize your prescription drug benefit. You will be notified in advance if there are any changes to the Drug List that affect medications you are receiving.

The terms “generic” and “brand name” are used in the health care industry in different ways. To better understand your coverage, please review the following:

Generic: A drug: (1) that contains the same active ingredient as a brand name drug and is chemically equivalent to a brand name drug in strength, concentration, dosage form and route of administration; or (2) that Medica identifies as a generic product. Medica uses industry standard resources to determine a drug’s classification as either brand name or generic. Not all products identified as “generic” by the manufacturer, pharmacy or your provider may be classified by Medica as generic.

Generic drugs are your lower copayment or coinsurance options. Consider a generic covered drug if you and your provider decide such a drug is appropriate for your treatment. Generic drugs may be identified in the Drug List as Tier 1.

Brand: A drug: (1) that is manufactured and marketed under a trademark or name by a specific drug manufacturer; or (2) that Medica identifies as a brand name product. Medica uses industry standard resources to determine a drug’s classification as either brand name or generic. Not all products identified as “brand name” by the manufacturer, pharmacy or your provider may be classified by Medica as brand name.

Preferred brand drugs on the Drug List have a higher copayment or coinsurance. You may consider a preferred brand covered drug to treat your condition if you and your provider decide it is appropriate. Preferred brand drugs may be identified in the Drug List as Tier 2.

Non-preferred brand drugs have the highest copayment or coinsurance. The covered non-preferred brand drugs are usually more costly. Non-preferred brand drugs may be identified in the Drug List as Tier 3.

If you have questions about Medica’s Drug List or whether a specific drug is covered (and/or whether the drug is generic, preferred brand or non-preferred brand), or if you would like to request a copy of the Drug List at no charge, call Customer Service at the number on the back of your Medica ID card. It is also available on [medica.com/FarmBureauLogin](https://www.medica.com/FarmBureauLogin).

Prescription unit

A prescription unit is the amount that will be dispensed unless it is limited by the drug manufacturer’s packaging, dosing instructions or Medica’s medication request guidelines. This includes quantity limits that are indicated on the Drug List. Copayment or coinsurance amounts will apply to each prescription unit dispensed.

One prescription unit from a pharmacy is a 31-consecutive-day supply (or, in the case of contraceptives, up to a one-cycle supply).

Medica has specifically designated certain network pharmacies to dispense multiple prescription units. These pharmacies may dispense three prescription units for covered drugs prescribed to treat chronic conditions. For the list of these designated pharmacies, visit [medica.com](https://www.medica.com) or call Customer Service.

Special requirements

For some prescriptions there are special requirements that must be met in order to receive coverage. These include:

Prior authorization (PA)

Certain drugs require prior authorization (approval in advance) from Medica in order to be covered. These medications are shown on the Drug List with the abbreviation "PA." The Drug List is available to providers, including pharmacies. Please see *Prior authorization in Referrals and Prior Authorization* for more information about prior authorization requirements and processes. Your network provider who prescribes the drug should initiate the prior authorization process. You must contact Customer Service to request prior authorization for drugs prescribed by a non-network provider. You will pay the entire cost of the drug received if you do not meet Medica's authorization criteria.

Step therapy (ST)

Step therapy is a process that involves trying an alternative covered drug first (typically a generic drug) before moving to a preferred brand or non-preferred brand covered drug for treatment of the same medical condition. The medications subject to step therapy are shown on the Drug List with the abbreviation "ST." You must meet applicable step therapy requirements before Medica will cover these preferred brand or non-preferred brand drugs.

Quantity limits (QL)

Certain covered drugs have limits on the maximum quantity allowed per prescription over a specific time period. The medications subject to quantity limits are shown on the Drug List with the abbreviation "QL." Some quantity limits are based on the manufacturer's packaging, FDA labeling or clinical guidelines.

Pharmacy requirement

Certain self-administered cancer treatment medications must be obtained from a Medica-designated specialty pharmacy in order to be covered.

Generic requirement

Certain covered preferred brand and non-preferred brand drugs include a chemically equivalent generic drug on the Drug List. If you still choose to use a preferred brand or non-preferred brand prescription drug, Medica will pay the amount that Medica would have paid had you received the generic drug. You will pay, in addition to the applicable deductible, copayment or coinsurance described in the table, any remaining charges due to the pharmacy in excess of Medica's payment to the pharmacy. **These charges are not applied to your deductible or out-of-pocket maximum.**

If your health care provider requests that a preferred brand or non-preferred brand drug be dispensed as written and there is a chemically equivalent generic drug on the Drug List, the drug will be covered at the non-preferred brand benefit level.

Please note that receiving preferred brand or non-preferred brand drugs when an equivalent generic drug is on the Drug List may result in significantly more out-of-pocket costs.

Exceptions to the Drug List

In certain cases, it is possible to get an exception to the coverage rules described under *Medica's Drug List* above. **Please note that exceptions will only be allowed when specific**

clinical criteria are satisfied. Any exception that Medica grants will improve the coverage by only one benefit level. However, no member cost sharing will apply for exceptions applicable to preventive health services.

If you have a health condition that may seriously jeopardize your life, health or ability to regain maximum function or if you are undergoing a current course of treatment with a drug not included on the Drug List, an expedited review may be requested. Medica will make a determination and provide notification on an expedited review request within 24 hours of receiving the request. For all other exception requests (standard requests), Medica will make a determination and provide notification within 72 hours of receiving the request.

If Medica denies your request for an exception, you, your provider or other designee may request an independent review of Medica's decision by an external review organization. To make a request, you may call Customer Service at the number on the back of your Medica ID card or contact Medica by writing to Customer Service, Route CP595, PO Box 9310, Minneapolis, MN 55440-9310. You will be notified of the external review organization's decision within 72 hours of receipt of the request for external review, unless you are requesting review of a denial that was completed as an expedited review. In that case, you will be notified of the external review organization's decision within 24 hours of receipt of the request for external review.

If you would like to request a copy of Medica's Drug List exception process or for more information regarding the expedited review process, call Customer Service at the number on the back of your Medica ID card.

Not covered:

1. Prescription drugs, including diabetic equipment and supplies and preventive drugs and other supplies, received at a non-network pharmacy.
2. Any amount above what Medica would have paid when you fail to identify yourself to the pharmacy as a member. (Medica will notify you before enforcement of this provision.)
3. Over the counter (OTC) drugs that by federal or state law do not require a prescription order or refill and any medication that is therapeutically equivalent to an OTC drug.
4. Replacement of a drug due to loss, damage or theft.
5. Appetite suppressants.
6. Weight loss medications.
7. Sexual dysfunction medications.
8. Non-sedating antihistamines and non-sedating antihistamine/decongestant combinations.
9. Proton pump inhibitors, except for members twelve (12) years of age and younger, and those members who have a feeding tube.
10. Drugs prescribed by a provider who is not acting within his/her scope of licensure.
11. Homeopathic medicine.
12. Infertility drugs.

13. Specialty prescription drugs, except as described in *Prescription Specialty Drugs*.
14. Drugs and supplies not listed on the Medica's Drug List, unless covered through the exception process described in this Policy. Such exclusions are in addition to drugs or classes of drugs excluded under other provisions of this Policy.
15. Bulk powders, chemicals and products used in prescription drug compounding.
16. Products that are duplicative to, or are in the same class and category as, products on Medica's Drug List.
17. New to market drugs: Products recently approved by the FDA and introduced into the market will not be covered until they are reviewed and considered for placement on the Drug List.

T. Prescription Specialty Drugs

Specialty medications are high-technology, high cost, oral or injectable drugs used for the treatment of certain diseases that require complex therapies. Many specialty medications require special handling and in most cases are prescribed by a specialist.

Specialty prescription drugs are covered if they are:

- Prescribed by an authorized provider,
- Included on Medica's specialty drug list (unless identified as not covered), and
- Received from a designated specialty pharmacy.

A current list of designated specialty pharmacies is available on [medica.com/FarmBureauLogin](https://www.medicare.com/farmbureau/login). You can also call Customer Service at the number on the back of your Medica ID card.

The Benefit Chart describes your copayment or coinsurance for the specialty prescription drug. An additional copayment or coinsurance will apply for a provider's services if you require that they administer a self-administered drug. For these purposes, "self-administered drugs" are drugs that do not meet the definition of "professionally administered drugs."

Medica's Specialty Drug List

Medica's specialty drug list (Specialty Drug List) is comprised of drugs that meet the medical needs of our members and have been selected based on their safety, effectiveness, uniqueness and cost. They have been approved by the Food and Drug Administration (FDA). A team of physicians and pharmacists meets regularly to review and update the Specialty Drug List.

You and your doctor can use this list to select medications for your health care needs, while helping you maximize your prescription drug benefit. You will be notified in advance if there are any changes to the Specialty Drug List that affect medications you are receiving.

Preferred specialty prescription drugs are your lowest copayment or coinsurance option. For your lowest share of the cost, consider a preferred specialty prescription drug if you and your physician decide it is appropriate for your treatment. Preferred specialty drugs may be identified in the Specialty Drug List as Tier 4.

Non-preferred specialty prescription drugs have a higher copayment or coinsurance than preferred specialty prescription drugs. There is no copayment or coinsurance difference between a generic specialty prescription drug and a brand name specialty prescription drug within the non-preferred specialty prescription drug category. Consider a non-preferred specialty prescription drug if you and your physician decide it is appropriate for your treatment. Non-preferred specialty drugs may be identified in the Specialty Drug List as Tier 5.

If you have questions about Medica's Specialty Drug List or whether a specific specialty prescription drug is covered (and/or the benefit level at which the drug may be covered), or if you would like to request a copy of the Specialty Drug List, at no charge, call Customer Service at the number on the back of your Medica ID card. It is also available on medica.com/FarmBureauLogin.

Prescription unit

One prescription unit from a designated specialty pharmacy is a 31-consecutive-day supply.

One prescription unit from a designated mail order pharmacy is a 93-consecutive-day supply (or, in the case of contraceptives, up to a three-cycle supply).

A prescription unit is the amount that will be dispensed unless it is limited by the drug manufacturer's packaging, dosing instructions or Medica's medication request guidelines. This includes quantity limits that are indicated on the Specialty Drug List. Copayment or coinsurance amounts will apply to each prescription unit dispensed.

Special requirements

For some prescriptions there are special requirements that must be met in order to receive coverage. These include:

Prior authorization

Certain specialty prescription drugs require prior authorization (approval in advance) from Medica in order to be covered. These medications are shown on the Specialty Drug List with the abbreviation "PA." The Specialty Drug List is available to providers, including designated specialty pharmacies. Please see *Prior authorization in Referrals and Prior Authorization* for more information about prior authorization requirements and processes. Your network provider who prescribes the drug should initiate the prior authorization process. You must contact Customer Service to request prior authorization for drugs prescribed by a non-network provider. You will pay the entire cost of the drug received if you do not meet Medica's authorization criteria.

Step therapy (ST)

Step therapy is a process that involves trying an alternative covered specialty prescription drug (typically a preferred drug) before moving to certain other preferred or non-preferred drugs. The medications subject to Step Therapy are shown on the Specialty Drug List with the abbreviation "ST." You must meet applicable step therapy requirements before Medica will cover these preferred or non-preferred drugs.

Quantity limits (QL)

Certain covered specialty prescription drugs have limits on the maximum quantity allowed per prescription over a specific period of time. These specialty medications are shown on

the Specialty Drug List with the abbreviation “QL.” Some quantity limits are based on the manufacturer’s packaging, FDA labeling or clinical guidelines.

Preferred requirement for specialty prescription drugs

Certain covered non-preferred specialty drugs include a chemically equivalent preferred specialty drug on the Specialty Drug List. If you still choose to use a non-preferred specialty prescription drug, Medica will pay the amount that Medica would have paid had you received the preferred specialty drug. You will pay, in addition to the applicable deductible, copayment or coinsurance described in the table, any remaining charges due to the pharmacy in excess of Medica’s payment to the pharmacy. These charges are not applied to your deductible or out-of-pocket maximum.

If your health care provider requests that a non-preferred specialty drug be dispensed as written and there is a chemically equivalent preferred specialty drug on the Specialty Drug List, the drug will be covered at the preferred benefit level.

Please note that receiving non-preferred specialty drugs when an equivalent preferred specialty drug is on the Specialty Drug List may result in significantly more out-of-pocket costs.

Exceptions to the Specialty Drug List

In certain cases, it is possible to get an exception that will cover a specialty medication that is generally not covered. **Please note that exceptions will only be allowed when specific clinical criteria are satisfied.** Any exception that Medica grants will improve the coverage by only one benefit level.

If you have a condition that may seriously jeopardize your life, health or ability to regain maximum function or if you are undergoing a current course of treatment with a drug not included on the Specialty Drug List, an expedited review may be requested. Medica will make a determination and provide notification on an expedited review request within 24 hours of receiving the request. For all other exception requests (standard requests), Medica will make a determination and provide notification within 72 hours of receiving the request.

If Medica denies your request for an exception, you, your provider or other designee may request an independent review of Medica’s decision by an external review organization. To make a request, you may call Customer Service at the number on the back of your Medica ID card or contact Medica by writing to Customer Service, Route CP595, PO Box 9310, Minneapolis, MN 55440-9310. You will be notified of the external review organization’s decision within 72 hours of receipt of the request for external review, unless you are requesting review of a denial that was completed as an expedited review. In that case, you will be notified of the external review organization’s decision within 24 hours of receipt of the request for external review.

If you would like to request a copy of Medica’s Specialty Drug List exception process or for more information regarding the expedited review process, call Customer Service at the number on the back of your Medica ID card.

Not covered:

1. Specialty prescription drugs received from a pharmacy that is not a designated specialty pharmacy.

2. Any amount above what Medica would have paid when you fail to identify yourself to the designated specialty pharmacy as a member. (Medica will notify you before enforcement of this provision.)
3. Replacement of a specialty prescription drug due to loss, damage or theft.
4. Specialty prescription drugs prescribed by a provider who is not acting within their scope of licensure.
5. Prescription drugs and OTC drugs, except as described in *Prescription Drugs*.
6. Weight loss medications.
7. Specialty drugs not listed on Medica's Specialty Drug List, unless covered through the exception process described in this Policy.
8. Infertility drugs.
9. New to market drugs: Products recently approved by the FDA and introduced into the market will not be covered until they are reviewed and considered for placement on the Specialty Drug List.

U. Preventive Health Care

Medica covers the following eligible preventive health services as described in your Benefit Chart:

1. Child health supervision services, including well-baby care.
2. Immunizations.
3. Early disease detection services including physicals.
4. Routine screening procedures for cancer. For example, screening for colorectal cancer may include a fecal occult blood test, a flexible sigmoidoscopy, a colonoscopy, a barium enema, or the most reliable, medically recognized screening test available.
5. Women's preventive health services including mammograms, screenings for cervical cancer, human papillomavirus (HPV) testing, counseling for sexually transmitted infections, counseling for immunodeficiency virus (HIV), BRCA genetic testing and related genetic counseling (when appropriate) and sterilization.
6. Other preventive health services.

Please see the definition of Preventive Health Services for more information.

Please note: If you receive preventive and non-preventive health services during the same visit, the non-preventive health services may be subject to a copayment, coinsurance or deductible, as described in other applicable sections in your Benefit Chart. The most specific and appropriate benefit in the Benefit Chart will apply for each service received during a visit.

Not covered:

Preventive health services provided by a non-network provider.

V. *Professionally Administered Drugs*

Medica covers medically necessary professionally administered drugs that are administered, in conjunction with a covered benefit such as an office visit or home health care visit, by a physician acting within the scope of the provider's license, on an outpatient basis in a hospital, physician's office or in your home.

If you require certain professionally administered drugs, we may direct you to a designated facility with whom we have an arrangement to provide those certain professionally administered drugs. Such designated facilities may include an outpatient pharmacy, specialty pharmacy, home health care agency, home infusion provider, hospital-affiliated pharmacy or hemophilia treatment center contracted pharmacy. If you or your provider administering the professionally administered drugs are directed to a designated facility and you or your provider choose not to obtain your professionally administered drug from that designated facility, benefits are not available under this Policy for that professionally administered drug.

Not covered:

Professionally administered drugs provided by a non-network provider.

W. *Reconstructive and Restorative Surgery (Including Mastectomy Reconstruction)*

Medica covers medically necessary reconstructive and restorative surgery services. To be eligible, reconstructive and restorative surgery services must be medically necessary and not cosmetic.

Medica will cover all stages of reconstruction of the breast on which the mastectomy was performed and surgery and reconstruction of the other breast to produce a symmetrical appearance. Medica will also cover prostheses and physical complications, including lymphedemas, at all stages of mastectomy.

Not covered:

1. Reconstructive and restorative surgery services provided by a non-network provider.
2. Revision of blemishes on skin surfaces and scars (including scar excisions) primarily for cosmetic purposes, unless otherwise covered in this Policy or your Benefit Chart.
3. Repair of a pierced body part and surgical repair of bald spots or loss of hair.
4. Repairs to teeth, including any other dental procedures or treatment, whether the dental treatment is needed because of a primary dental problem or as a manifestation of a medical treatment or condition.
5. Services and procedures primarily for cosmetic purposes.
6. Surgical correction of male breast enlargement primarily for cosmetic purposes.
7. Hair transplants.
8. Drugs provided or administered by a physician or other provider on an outpatient basis, except those drugs that meet the definition of "professionally administered

drugs.” Coverage for “professionally administered drugs” is as described under *Professionally Administered Drugs*. Coverage for drugs is as described in *Prescription Drugs* and *Prescription Specialty Drugs*, or otherwise described as a specific benefit in this Policy or your Benefit Chart.

9. Orthognathic surgery for cosmetic purposes.

X. *Rehabilitative and Habilitative Therapies*

Medica covers the following rehabilitative and habilitative care provided on an outpatient basis:

- physical therapy,
- speech therapy,
- occupational therapy,
- chiropractic physiotherapy,
- osteopathic physiotherapy, and
- cardiac and pulmonary rehabilitation

as described in your Benefit Chart. Medica will also cover outpatient rehabilitative services for speech therapy when provided for autism spectrum disorder. A physician must direct your care. Coverage for services provided on an inpatient basis is as described under *Hospital*.

Not covered:

1. Physical, occupational or speech therapy provided by a non-network provider.
2. Services primarily educational in nature.
3. Vocational and job rehabilitation.
4. Recreational therapy.
5. Self-care and self-help training (non-medical).
6. Health clubs.
7. Physical, occupational or speech therapy services when there is no reasonable expectation of improvement.
8. Voice training.
9. Group physical, speech and occupational therapy.

Y. *Skilled Nursing Facility*

Medica covers skilled nursing facility services as described in your Benefit Chart. Care must be provided under the direction of a physician. Skilled nursing facility services are eligible for coverage only if you are admitted to a skilled nursing facility within 30 days after a hospital admission of at least three consecutive days for the same illness or condition.

Not covered:

1. Services received from a non-network skilled nursing facility.
2. Custodial care and other non-skilled services.
3. Self-care or self-help training (non-medical).
4. Services primarily educational in nature.
5. Vocational and job rehabilitation.
6. Recreational therapy.
7. Health clubs.
8. Physical, occupational or speech therapy services when there is no reasonable expectation of improvement.
9. Voice training.
10. Outpatient rehabilitation services when no medical diagnosis is present.
11. Group physical, speech and occupational therapy.

Z. Substance Use Disorder

Medica covers the diagnosis and primary treatment of substance use disorders listed in the current edition of *Diagnostic and Statistical Manual of Mental Disorders*.

Substance use disorder benefits

If you require hospitalization, Medica will refer you to one of its hospital providers. Call Customer Service at the number on the back of your Medica ID card. **Emergency substance use disorder services are covered at the Tier 1 – Preferred benefit level.** After receiving emergency substance use disorder inpatient services please notify Customer Service at the number on the back of your Medica ID card as soon as reasonably possible.

Outpatient substance use disorder services include:

1. Diagnostic evaluations.
2. Outpatient treatment.
3. Medication-assisted treatment (the use of medications in conjunction with counseling and behavioral therapies to help maintain sobriety, prevent relapse, and reduce craving in order to sustain recovery).
4. Substance abuse intensive outpatient programs, including day treatment and partial programs, which may include multiple services and modalities, delivered in an outpatient setting (3 or more hours per day, up to 19 hours per week).

Inpatient substance use disorder services include:

1. Room and board.
2. Attending physician services.
3. Hospital or facility-based professional services.

4. Partial program. This may be in a freestanding facility or hospital based. Active treatment is provided through specialized programming with medical/psychological intervention and supervision during program hours. Partial program means a treatment program of a minimum of 4 hours per day or 20 hours per week and may include lodging.
5. Substance abuse residential treatment services. These are services from a licensed chemical dependency rehabilitation program that provides intensive therapeutic services following detoxification. In addition to room and board, at least 30 hours (15 hours for children and adolescents) per week per individual of chemical dependency services must be provided, including group and individual counseling, client education and other services specific to chemical dependency rehabilitation.

Not covered:

1. Substance use disorder services provided by a non-network provider.
2. Services for substance use disorder disorders not listed in the current edition of the *Diagnostic and Statistical Manual of Mental Disorders*.
3. Services, care or treatment that is not medically necessary.
4. Services to hold or confine a person under chemical influence when no medical services are required, regardless of where the services are received.
5. Telephonic substance use disorder treatment services, unless such services are provided in accordance with Medica's telemedicine policies and procedures.
6. Services, including room and board charges, provided by health care professionals or facilities that are not:
 - appropriately licensed,
 - certified, or
 - otherwise qualified under state law to provide substance use disorder services.This includes, but is not limited to:
 - services provided by mental health or substance use disorder providers who are not authorized under state law to practice independently, and
 - services received from a halfway house, therapeutic group home, boarding school or ranch.
7. Room and board charges associated with substance use disorder treatment services providing less than 30 hours a week per individual of chemical dependency services, including:
 - group and individual counseling,
 - client education, and
 - other services specific to chemical dependency rehabilitation.
8. Services to assist in activities of daily living that do not seek to cure and are performed regularly as a part of a routine or schedule.

9. Drugs provided or administered by a physician or other provider, except those drugs that meet the definition of “professionally administered drugs.” Coverage for “professionally administered drugs” is as described under *Professionally Administered Drugs*. Coverage for drugs is as described in *Prescription Drugs*, *Prescription Specialty Drugs* or otherwise described as a specific benefit elsewhere in this section.

AA. Temporomandibular Joint (TMJ) Disorder

Medica covers the evaluation(s) to determine whether you have temporomandibular joint (TMJ) disorder and the surgical and non-surgical treatment of a diagnosed TMJ disorder. Services must be received from (or under the direction of) network physicians or network dentists. Coverage for treatment of TMJ disorder includes coverage for the treatment of craniomandibular disorder. TMJ disorder is covered the same as any other joint disorder as described in your Benefit Chart.

Not Covered:

1. Services for the evaluation or treatment of temporomandibular joint (TMJ) disorder provided by a non-network provider.
2. Diagnostic casts, diagnostic study models and bite adjustments unless related to the treatment of TMJ disorder and craniomandibular disorder.

BB. Urgent Care

Medica covers urgent care center visits as described in your Benefit Chart. Urgent care is a health care facility whose primary purpose is to offer and provide immediate, short-term medical care for minor medical conditions on a regular or routine basis.

CC. Vision

Medica covers refractive eye exams for members under age 19 as described in your Benefit Chart.

Not Covered:

1. Vision services provided by a non-network provider.
2. The purchase, replacement or repair of eyeglasses, eyeglass frames or contact lenses when prescribed solely for vision correction, and their related fittings.
3. Refractive eye exams for members 19 years of age and older.
4. Refractive eye surgery.

DD. Exclusions

Medica will not provide coverage for any of the services, treatments, supplies or items described below even if it is recommended or prescribed by a physician or it is the only available treatment for your condition. **Important: The list below describes exclusions in**

addition to the services, supplies and associated expenses already listed as Not covered elsewhere in this Policy and the Benefit Chart. These include:

1. Health services provided by a non-network provider unless authorized by Medica as described in *Referrals to non-network providers* in *Referrals and Prior Authorization* or unless provided due to an emergency and eligible for coverage under this Policy.
2. Services that are not medically necessary. This includes but is not limited to services inconsistent with the medical standards and accepted practice parameters of the community and services inappropriate—in terms of type, frequency, level, setting and duration—to the diagnosis or condition.
3. Services or drugs used to treat conditions that are cosmetic in nature, unless otherwise determined to be reconstructive.
4. Services provided by an audiologist when not under the direction of a physician.
5. Hearing aids (including internal, external or implantable hearing aids or devices) and other devices to improve hearing, and their related fittings, except cochlear implants and their related fittings and except as specifically stated in this Policy or your Benefit Chart.
6. A drug, device or medical treatment or procedure that is investigative.
7. Genetic testing when performed in the absence of symptoms or high risk factors for a heritable disease; genetic testing when knowledge of genetic status will not affect treatment decisions, frequency of screening for the disease or reproductive choices; genetic testing that has been performed in response to direct to consumer marketing and not under the direction of your physician.
8. Services or supplies not directly related to care.
9. Autopsies, except as stated in this Policy.
10. Enteral feedings, unless they are the sole source of nutrition; however, enteral feedings of standard infant formulas, standard baby food and regular grocery products used in blenderized formulas are excluded regardless of whether they are the sole source of nutrition.
11. Nutritional and electrolyte substances except as specifically described this Policy or your Benefit Chart.
12. Physical, occupational or speech therapy when there is no reasonable expectation of improvement.
13. Reversal of voluntary sterilization.
14. Neuropsychological evaluations/cognitive testing, except as stated in this Policy or your Benefit Chart under *Office Visits*.
15. Personal comfort or convenience items or services.
16. Custodial care, unskilled nursing or unskilled rehabilitation services.
17. Respite or rest care except as otherwise covered in this Policy or your Benefit Chart under *Hospice*.

18. Travel, transportation or living expenses. Certain travel or living expenses may be partially reimbursed when approved by Medica and related to transplant services that have been authorized by Medica as described in *Organ and Bone Marrow Transplants and Other Complex Medical Conditions*.
19. Household equipment, fixtures, home modifications and vehicle modifications.
20. Services to treat nicotine addiction except as stated in this Policy or your Benefit Chart under *Prescription Drugs*.
21. Massage therapy, provided in any setting, even when it is part of a comprehensive treatment plan.
22. Routine foot care, except for members with diabetes, blindness, peripheral vascular disease, peripheral neuropathies and significant neurological conditions such as Parkinson's disease, Alzheimer's disease, multiple sclerosis and amyotrophic lateral sclerosis (ALS).
23. Services by persons who are family members or who share your legal residence.
24. Services for which coverage is available under workers' compensation, employer liability or any similar law.
25. Services received before coverage under this Policy or your Benefit Chart becomes effective.
26. Services received after coverage under this Policy or your Benefit Chart ends.
27. Unless requested by Medica, charges for duplicating and obtaining medical records from non-network providers and non-network dentists.
28. Photographs, except for the conditions of dysplastic nevi and melanoma.
29. Occlusal adjustment or occlusal equilibration.
30. Oral surgery, except as described in this Policy or your Benefit Chart.
31. Dental implants (tooth replacement).
32. Dental prostheses.
33. Orthodontic treatment.
34. Treatment for bruxism.
35. Services prohibited by law or regulation, or illegal under Nebraska law.
36. Services to treat injuries that occur while on military duty; and any services received as a result of war, or any act of war (whether declared or undeclared).
37. Exams, other evaluations or other services received solely for the purpose of employment, insurance or licensure.
38. Exams, other evaluations or other services received solely for the purpose of judicial or administrative proceedings or research, except (1) emergency examination of a child ordered by judicial authorities or (2) services that are otherwise a covered benefit under the plan and medically necessary.
39. Non-medical self-care or self-help training.

40. Educational classes, programs or seminars, including but not limited to childbirth classes, except as described in this Policy or your Benefit Chart.
41. Nutritional counseling, except as described in this Policy or your Benefit Chart.
42. Coverage for costs associated with translation of medical records and claims to English.
43. Treatment for spider veins.
44. Services not received from or under the direction of a physician, except as described in this Policy or your Benefit Chart.
45. Preventive dental services.
46. Elective, induced abortions, except as medically necessary to protect the life of the mother.
47. Therapeutic acupuncture.
48. Services billed by an acupuncturist.
49. Services for or related to vision therapy and orthoptic and/or pleoptic training, except as described in this Policy or your Benefit Chart.
50. Sensory Integration including Auditory Integration Training.
51. Orthognathic surgery for cosmetic purposes.
52. Health care professional services for maternity labor and delivery in the home.
53. Weight loss or morbid obesity surgery (also known as bariatric surgery), including initial procedures, surgical revisions and subsequent procedures.
54. Charges that are eligible, paid or payable under any Medical payment, personal injury protection, automobile or other coverage that is payable without regard to fault, including charges that are applied toward any deductible, copayment or coinsurance requirement of such coverage.
55. Services for private duty nursing.
56. Functional capacity evaluations and related services for vocational purposes or for determination of disability or pension benefits.
57. Services for chemotherapy, supplies, drugs and aftercare in connection with a human organ transplant that is not covered.
58. Medical and hospital services that are directly related to a non-covered service will not be paid. Directly related means that the care took place as a result of the non-covered service. **Directly related does not mean services, covered under this Policy, used to treat complications of a non-covered service.** Non-covered services are those services that are not covered due to benefit limitations, benefit exclusions, and/or prior authorization denials.

Some examples of directly related services are:

- Services related to follow-up care
- Anesthesia

- Facility services
 - Medications
 - Routine rehabilitation services (includes but not limited to: physical therapy, facility charges, occupational therapy, long term care)
 - Durable medical equipment.
59. Services for or in connection with fetal tissue transplantation.
 60. Services which are not within the scope of licensure or certification of the provider.
 61. Non-emergency transportation, except as described in this Policy or your Benefit Chart.
 62. Non-emergency services received outside the United States.
 63. Services provided to your dependents if you have subscriber coverage only. (If you need to add coverage for your dependents, see the *Eligibility and Enrollment* section of this Policy.)
 64. Services solely for or related to the treatment of snoring.
 65. Diagnostic casts, diagnostic study models and bite adjustments unless related to the treatment of temporomandibular joint (TMJ) disorder and craniomandibular disorder.
 66. Services provided to treat injuries or illness as a result of committing a felony or attempting to commit a felony.
 67. Complications from non-covered procedure or service.
 68. Interpreter services.
 69. Charges for interest, mailing and delivery.
 70. Drugs provided or administered by a physician or other provider on an outpatient basis, except those drugs that meet the definition of “professionally administered drugs.” Coverage for “professionally administered drugs” is as described under *Professionally Administered Drugs*. Coverage for drugs is as described in *Prescription Drugs* and *Prescription Specialty Drugs* or otherwise described as a specific benefit in this Policy.
 71. Any form, mixture or preparation of cannabis for medical or therapeutic use and any device or supplies related to its administration.
 72. Animals and any service or treatment related to animals.
 73. Assisted reproductive technology services, including but not limited to: in vitro fertilization (IVF); gamete intrafallopian transfer (GIFT); zygote intrafallopian transfer (ZIFT); tubal embryo transfer; intracytoplasmic sperm injection (ICSI); ova or embryo acquisition, retrieval, donation, preservation and/or storage; and/or any conception that occurs outside the woman’s body.
 74. Services for intrauterine insemination (IUI).
 75. Sperm banking and/or storage.
 76. Donor sperm.

77. Donor eggs.
78. Services related to adoption.
79. Drugs, supplies and biologics that have not been approved by the U.S. Food and Drug Administration (FDA).
80. Medical devices that have not been approved by the U.S. Food and Drug Administration (FDA), other than those granted a humanitarian device exemption.
81. New to market biologics and professionally administered drugs. Biologics and professionally administered drugs recently approved by the FDA (including approval for a new indication) will not be covered until they are reviewed and approved for coverage by Medica.
82. Professionally administered drugs that do not meet both of the following requirements: (a) administered in conjunction with a covered benefit and (b) administered by a physician acting within the scope of the provider's license.
83. Charges incurred if you fail to keep a scheduled visit.

IV. *Coordination of This Contract's Benefits With Other Benefits*

This provision applies unless prohibited by Nebraska law.

The Coordination of Benefits (COB) provision applies when a person has health care coverage under more than one plan. Plan is defined below.

The order of benefit determination rules govern the order in which each plan will pay a claim for benefits. The plan that pays first is called the primary plan. The primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another plan may cover some expenses. The plan that pays after the primary plan is the secondary plan. The secondary plan may reduce the benefits it pays so that payment from all plans does not exceed 100% of the total allowable expense.

A. Definitions

- A. A plan is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
 - (1) Plan includes: group and non-group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
 - (2) Plan does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage other than the medical benefits coverage in automobile "no fault" and traditional "fault" type contracts; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under (1) or (2) is a separate plan. If a plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate plan.

- B. This plan means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.
- C. The order of benefit determination rules determine whether this plan is a primary plan or secondary plan when the person has health care coverage under more than one plan. When this plan is primary, it determines payment for its benefits first before those of any other plan without considering any other plan's benefits. When this plan is secondary, it determines its benefits after those of another plan and may

reduce the benefits it pays so that all plan benefits do not exceed 100% of the total allowable expense.

- D. Allowable expense is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any plan covering the person. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense that is not covered by any plan covering the person is not an allowable expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an allowable expense.

The following are examples of expenses that are not allowable expenses:

- (1) The difference between the cost of a semi-private hospital room and a private hospital room is not an allowable expense, unless one of the plans provides coverage for private hospital room expenses.
 - (2) If a person is covered by 2 or more plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an allowable expense.
 - (3) If a person is covered by 2 or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an allowable expense.
 - (4) If a person is covered by one plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another plan that provides its benefits or services on the basis of negotiated fees, the primary plan's payment arrangement shall be the allowable expense for all plans. However, if the provider has contracted with the secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the allowable expense used by the secondary plan to determine its benefits.
 - (5) The amount of any benefit reduction by the primary plan because a covered person has failed to comply with the plan provisions is not an allowable expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.
- E. Closed panel plan is a plan that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.
- F. Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

B. Order of benefit determination rules

When a person is covered by two or more plans, the rules for determining the order of benefit payments are as follows:

- A. The primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other plan.
- B. (1) Except as provided in Paragraph (2), a plan that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both plans state that the complying plan is primary.

(2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.
- C. A plan may consider the benefits paid or provided by another plan in calculating payment of its benefits only when it is secondary to that other plan.
- D. Each plan determines its order of benefits using the first of the following rules that apply:
 - (1) **Non-dependent or Dependent.** The plan that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the primary plan and the plan that covers the person as a dependent is the secondary plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the person as a dependent; and primary to the plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two plans is reversed so that the plan covering the person as an employee, member, policyholder, subscriber or retiree is the secondary plan and the other plan is the primary plan.
 - (2) **Dependent Child Covered Under More Than One Plan.** Unless there is a court decree stating otherwise, when a dependent child is covered by more than one plan the order of benefits is determined as follows:
 - (a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - The plan of the parent whose birthday falls earlier in the calendar year is the primary plan; or
 - If both parents have the same birthday, the plan that has covered the parent the longest is the primary plan.
 - (b) For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:

- (i) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. This rule applies to plan years commencing after the plan is given notice of the court decree;
 - (ii) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;
 - (iii) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or
 - (iv) If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - The plan covering the custodial parent;
 - The plan covering the spouse of the custodial parent;
 - The plan covering the non-custodial parent; and then
 - The plan covering the spouse of the non-custodial parent.
- (c) For a dependent child covered under more than one plan of individuals who are the parents of the child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.
- (d) For a dependent child who has coverage under either or both parents' plans and also has coverage as a dependent under a spouse's plan, the rule in paragraph (7) (longer/shorter) applies.
- (3) **Active Employee or Retired or Laid-off Employee.** The plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the primary plan. The plan covering that same person as a retired or laid-off employee is the secondary plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
- (4) **COBRA or State Continuation Coverage.** If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another plan, the plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the primary plan and the COBRA or state or other federal continuation coverage is the secondary plan. If the other plan does not have this rule, and as a result, the plans do not agree on

the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.

- (5) **Workers' Compensation.** Coverage under any workers' compensation act or similar law applies first. You should submit claims for expenses incurred as a result of an on-duty injury to the employer, before submitting them to Medica.
- (6) **No-fault Automobile Insurance.** Coverage under the No-Fault Automobile Insurance Act or similar law applies first.
- (7) **Longer or Shorter Length of Coverage.** The plan that covered the person as an employee, member, policyholder, subscriber or retiree longer is the primary plan and the plan that covered the person the shorter period of time is the secondary plan.
- (8) If the preceding rules do not determine the order of benefits, the allowable expenses shall be shared equally between the plans meeting the definition of plan. In addition, this plan will not pay more than it would have paid had it been the primary plan.

C. Effect on the benefits of this plan

- A. When this plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all plans during a plan year are not more than the total allowable expenses. In determining the amount to be paid for any claim, the secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any allowable expense under its plan that is unpaid by the primary plan. The secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim do not exceed the total allowable expense for that claim. In addition, the secondary plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage. Also, where the primary plan is medical payments from motor vehicle insurance policy, the secondary plan shall credit payments from the motor vehicle insurance policy to deductibles, copayments and coinsurance after discounts under the health plan.
- B. If a covered person is enrolled in two or more closed panel plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one closed panel plan, COB shall not apply between that plan and other closed panel plans.

D. Right to receive and release needed information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this plan and other plans. Medica may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under this plan and other plans covering the person claiming benefits. Medica need not tell, or get the consent of, any

person to do this. Each person claiming benefits under this plan must give Medica any facts it needs to apply those rules and determine benefits payable.

E. Facility of payment

A payment made under another plan may include an amount that should have been paid under this plan. If it does, Medica may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under this plan. Medica will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means the reasonable cash value of the benefits provided in the form of services.

F. Right of recovery

If the amount of the payments made by Medica is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

G. Coordination for Medicare-eligible individuals

The benefits under this Policy are not intended to duplicate any benefits to which members are, or would be, eligible for under Medicare Part B. If we have covered a service under this Policy, any sums payable under Medicare Part B for that service must be paid to Medica. If we need any consents, releases, assignments and other documents, complete and return to us those documents to make sure we receive reimbursement by Medicare Part B.

Medicare is primary if you are enrolled in Medicare in the following circumstances:

- You are at least 65 years old;
- You are less than 65 years old, but are covered by Medicare because of disability or end stage renal disease.

If you are eligible for Medicare Part B, we will consider you covered by Medicare Part B, whether or not you are actually enrolled in Medicare Part B. We will reduce your benefits under this Policy by the amount you would have been eligible for under Medicare Part B if you had actually enrolled in Medicare Part B. You should enroll in Medicare Part B when you are eligible to avoid large out of pocket expenses.

The provisions of this section will apply to the maximum extent permitted by federal or state law. We will not reduce the benefits due any insured where federal law requires that we determine our benefits for that insured without regard to the benefits available under Medicare Part B.

V. **Complaints**

This section describes what to do if you have a complaint or would like to appeal a decision made by Medica.

You may call Customer Service at the number on the back of your Medica ID card or by writing to the address below in *Internal review*, 1.a. You also may contact the Nebraska Department of Insurance at P.O. Box 82089, Lincoln, NE 68501-2089, tel. 877-564-7323, doi.nebraska.gov.

Complaint: Means any grievance against Medica, submitted by you or another person on your behalf, that is not the subject of litigation. Complaints may involve, but are not limited to, the scope of coverage for health care services; retrospective denials or limitations of payment for services; eligibility issues; denials, cancellations, or non-renewals of coverage; administrative operations; and the quality, timeliness and appropriateness of health care services rendered. If the complaint is from an applicant, the complaint must relate to the application. If the complaint is from a former member, the complaint must relate to services received during the time the individual was a member.

Medical Necessity Review: Means Medica's evaluation of the necessity, appropriateness, health care setting and efficacy of the use of health care services, procedures and facilities, for the purpose of determining the medical necessity of the service or admission.

Filing a complaint may require that Medica review your medical records as needed to resolve your complaint.

You may appoint an authorized representative to make a complaint on your behalf. You may be required to sign an authorization which will allow Medica to release confidential information to your authorized representative and allow them to act on your behalf during the complaint process.

Upon request, Medica will assist you with completion and submission of your written complaint. Medica will also complete a complaint form on your behalf and mail it to you for your signature upon request.

At any time during the complaint process, you have a right to submit any information or testimony that you want Medica to consider and to review any information that Medica relied on in making its decision.

In addition to directing complaints to Customer Service as described in this section, you may direct complaints at any time to the Director of Insurance at the telephone number listed at the beginning of this section.

Internal review

You may direct any question or complaint to Customer Service by calling the number on the back of your Medica ID card or by writing to the address listed below.

1. Complaints that do not involve a medical necessity review by Medica:
 - a. For an oral complaint, if Medica does not communicate a decision within 10 business days from Medica's receipt of the complaint, or if you determine that Medica's decision is partially or wholly adverse to you, Medica will provide you with a complaint form to submit your complaint in writing. Mail the completed form to:

Customer Service
Route CP595
PO Box 9310
Minneapolis, MN 55440-9310

- b. Your written complaint will be considered an internal review. You must submit your written complaint within one year after receiving a denial from Medica. Your internal review will be conducted by a qualified individual associated with Medica who was not involved in making the initial decision. You have the right to submit written material for your internal review, but you do not have the right to attend the review. For a written complaint, Medica will provide written notice of its internal review decision to you within 15 working days from initial receipt of your complaint. If Medica cannot make a decision within 15 working days, you will be notified of the reason, and Medica may take up to an additional 15 working days to issue a written decision.
2. Complaints that involve a medical necessity review by Medica:
- a. Your complaint must be made within 180 days following Medica's initial decision and may be made orally or in writing.
 - b. Medica will provide written notice of its internal review decision to you and your attending provider, when applicable, within 15 working days from receipt of your complaint.
 - c. When an initial decision by Medica does not grant a prior authorization request made before or during an ongoing service, and your attending provider believes that Medica's decision warrants an expedited review you or your attending provider will have the opportunity to request an expedited review by telephone. Alternatively, if Medica concludes that a delay could seriously jeopardize your life, health or ability to regain maximum function, or could subject you to severe pain that cannot be adequately managed without the care or treatment you are requesting, Medica will process your claim as an expedited review. In such cases, Medica will notify you and your attending provider by telephone of its decision no later than 72 hours after receiving the request.
 - d. If Medica's internal review decision upholds the initial decision made by Medica, you have a right to submit a written request for external review as described in this section.
 - e. If your complaint involves Medica's decision to reduce or terminate an ongoing course of treatment that Medica previously approved, the treatment will be covered pending the outcome of the review process.

External review

If you consider Medica's decision upon completion of your internal review to be partially or wholly adverse to you, you may submit a written request for external review of Medica's decision if your case involves medical necessity, investigative/experimental procedures or a rescission of a policy determination. This process is coordinated by the Nebraska

Department of Insurance. You should submit your request to the Nebraska Department of Insurance at: P.O. Box 82089, Lincoln, NE 68501-2089, tel. 877-564-7323, doi.nebraska.gov.

You must submit your written request for external review within four months from the date you receive Medica's decision. You may submit additional information that you want the review organization to consider. You will be notified of the review organization's decision within 45 days from receipt of your request. The external review decision will be binding. Contact the Nebraska Department of Insurance for more information about the external review process.

Under most circumstances, you must complete the internal review, described above, before you proceed to external review. You may proceed to external review without completing the internal review if Medica agrees that you may do so, or if Medica fails to substantially comply with the complaint and review process described in this section, including meeting any required deadlines. You may request an expedited external review at the same time you request an expedited internal review if (a) you have a medical condition that would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function if treatment is delayed; or (b) for investigative/experimental procedures, your physician certifies in writing that treatment would be less effective if not promptly initiated. You may also request an expedited external review after completing the internal review if (a) Medica's decision involves a medical condition for which the standard external review time would seriously jeopardize your life, health or would jeopardize your ability to regain maximum function; (b) for investigative/experimental procedures, your physician certifies in writing that treatment would be less effective if not promptly initiated; or (c) Medica's decision concerns an admission, availability of care, continued stay, or health care service for which you received emergency services and you have not been discharged from a facility. If an expedited review is requested and approved, a decision will be provided within 72 hours.

Civil action

No civil action for benefits may be brought more than three years after the time a claim for benefits is required to have been submitted under this Policy.

VI. Ending Coverage

This section describes when coverage ends under this Policy and your Benefit Chart.

When coverage ends

Unless otherwise specified in this Policy, coverage ends the earliest of the following:

1. 12:01 a.m. Central Time on December 30, 2020.
2. The end of the month in which the subscriber terminates his or her membership in the association through which the coverage was made available and because of which the subscriber was eligible for coverage.
3. The date Medica notifies you that Medica will cease doing business or discontinue a particular product. Coverage will end on the last day of a month.
4. The end of the month for which the subscriber last paid the premium due.
5. The end of the month following the date the subscriber requests that coverage end. Written request for termination of the subscriber's and/or dependents' coverage must be received by Medica at least 31 days before the date of termination. However, the effective date of such termination must be the end of the month. Any refund of premium shall be mailed to the subscriber upon receipt of this notice by Medica.
6. If the subscriber terminates this Policy and the Benefit Chart within the first ten days of receiving it, coverage shall terminate retroactive to the effective date of this Policy and the Benefit Chart.
7. The end of the month following the date 31 days after we notify you that coverage will end because you do not reside in your plan's service area, provided the notification is made within one year following the date Medica was provided written notification of your address change. However, Medica may approve other arrangements.
8. The end of the month following the date you enter active military duty for more than 31 days. Upon completion of active military duty, your coverage will be reinstated if you notify Medica within 90 days after removal from active military duty.
9. When the subscriber is enrolled under this Policy and the Benefit Chart, coverage for dependents will end the date the subscriber's coverage ends.
10. The date of the death of the member. When the subscriber is enrolled under this Policy and the Benefit Chart and in the event of the subscriber's death, coverage for the subscriber's dependents will terminate the end of the month in which the subscriber's death occurred.
11. For a spouse, the end of the month following the date of divorce.
12. For a dependent child, the end of the month in which the child is no longer eligible as a dependent as specified in this Policy.
13. The date specified by Medica in written notice to you that coverage ended due to fraud or intentional misrepresentation of a material fact. If coverage ends due to fraud or intentional misrepresentation of a material fact, coverage will be retroactively terminated at Medica's discretion to the original date of coverage or the date on which the fraudulent act took place. After two years, coverage can only be retroactively terminated or claims

retroactively denied for fraudulent misstatements made in the application for coverage. Fraud includes but is not limited to:

- a. Knowingly providing Medica with false material information such as information related to your eligibility or another person's eligibility or status as a dependent; or
- b. Permitting the use of your member identification card by any unauthorized person; or
- c. Using another person's member identification card; or
- d. Submitting fraudulent claims; or
- e. Engaging in any fraudulent activity related to your eligibility for coverage under this Policy or your Benefit Chart.

VII. Definitions

In this Policy and your Benefit Chart (and in any amendments), some words have specific meanings. Within each definition, you may note bold words. These words also are defined in this section.

Applied Behavioral Analysis (ABA). The design, implementation and evaluation of environmental modifications, using behavioral stimuli and consequences to produce socially significant improvement in human behavior, including the use of direct observation, measurement and functional analysis of the relationship between environment and behavior.

Approved clinical trial. A phase I, phase II, phase III or phase IV clinical trial that is conducted in relation to the prevention, detection or treatment of cancer or other life-threatening condition, is not designed exclusively to test toxicity or disease pathophysiology, and meets the criteria described in subparagraphs 1 – 3 below:

1. The clinical trial must have a written protocol that describes a scientifically sound study and have been approved by all relevant institutional review boards (IRBs) before participants are enrolled in the trial; and
2. The subject or purpose of the clinical trial must be the evaluation of an item or service that meets the definition of a Benefit and is not otherwise excluded under this Policy; and
3. The clinical trial must be described in one of the following subparagraphs:
 - a. The study or investigation is conducted under an investigational new drug application reviewed by the U.S. Food and Drug Administration.
 - b. The study or investigation is a drug trial that is exempt from having such an investigational new drug application.
 - c. The study or investigation is approved or funded by one of the following: (i) the National Institutes of Health (NIH), the Centers for Disease Control and Prevention, the Agency for Health Care Research and Quality, the Centers for Medicare and Medicaid Services or cooperating group or center of any of the entities described in this item; (ii) a cooperative group or center of the United States Department of Defense or the United States Department of Veterans Affairs; (iii) a qualified non-governmental research entity identified in the guidelines issued by the NIH for center support grants; or (iv) the United States Departments of Veterans Affairs, Defense or Energy if the trial has been reviewed or approved through a system of peer review determined by the secretary to: (a) be comparable to the system of peer review of studies and investigations used by the NIH, and (b) provide an unbiased scientific review by qualified individuals who have no interest in the outcome of the review.

Autism spectrum disorder. A developmental disorder characterized by difficulties in communication and social interaction, as well as repetitive or restricted behavior and patterns of thought.

Benefits. The health services or supplies (described in this Policy, the Benefit Chart, and any subsequent amendments) approved by Medica as eligible for coverage.

Biologics. Any of a wide range of products designed to replicate natural substances in the body, including, but not limited to, products produced using biotechnology. Biologics include, but are

not limited to, vaccines, blood and blood components or products, cellular and gene therapy products, tissue and tissue products, allergenics, recombinant therapeutic proteins, monoclonal antibodies, cytokines, growth factors, immunomodulators and additional biological products regulated by the U.S. Food and Drug Administration and related agencies.

Claim. An invoice, bill or itemized statement for **benefits** provided to you.

Coinsurance. The percentage amount you must pay to the **provider** for **benefits** received.

The **coinsurance** amount is typically based on the lesser of the:

1. Charge billed by the **provider** (i.e., retail); or
2. Negotiated amount that the **provider** has agreed to accept as full payment for the **benefit** (i.e., wholesale).

When the wholesale amount is not known nor readily calculated at the time the **benefit** is provided, Medica uses an amount to approximate the wholesale amount. For services from some **network providers**, however, the **coinsurance** is based on the **provider's** retail charge. The **provider's** retail charge is the amount that the **provider** would charge to any patient, whether or not that patient is a Medica **member**.

In addition, for the **network** pharmacies described in *Prescription Drugs* and *Prescription Specialty Drugs*, the calculation of **coinsurance** amounts as described above do not include possible reductions for any volume purchase discounts or price adjustments that Medica may later receive related to certain **prescription drugs** and pharmacy services.

The **coinsurance** may not exceed the charge billed by the **provider** for the **benefit**.

Copayment. The fixed dollar amount you must pay to the **provider** for **benefits** received.

When you receive eligible health services from a **network provider** and a **copayment** applies, you pay the lesser of the charge billed by the **provider** for the **benefit** (i.e., retail) or your **copayment**. Medica pays any remaining amount according to the written agreement between Medica and the **provider**. The **copayment** may not exceed the retail charge billed by the **provider** for the **benefit**.

Cosmetic. Services and procedures that improve physical appearance but do not correct or improve a physiological function, and that are not **medically necessary**, unless the service or procedure meets the definition of **reconstructive**.

Custodial care. Services to assist in activities of daily living that do not seek to cure, are performed regularly as a part of a routine or schedule, and, due to the physical stability of the condition, do not need to be provided or directed by a skilled medical professional. These services include help in walking, getting in or out of bed, bathing, dressing, feeding, using the toilet, preparation of special diets and supervision of medication that can usually be self-administered.

Deductible. The fixed dollar amount you must pay for eligible services or supplies before **claims** for health services or supplies received from network providers are reimbursable as Tier 1 – Preferred benefits or Tier 2 – Standard **benefits** under this Policy.

Dependent. Unless otherwise specified in this Policy:

1. The **subscriber's domestic partner** or spouse
2. A child of the **subscriber** or the subscriber's **domestic partner** or spouse who is a:
 - a. Natural or adopted child

- b. Child **placed for adoption** with the **subscriber** or the **subscriber's domestic partner** or spouse
 - c. Stepchild
3. An unmarried grandchild who is dependent upon and resides continuously from birth with the **subscriber, subscriber's domestic partner** or the **subscriber's** spouse.
 4. A child under legal guardianship of the **subscriber** or **subscriber's domestic partner** or spouse. However, Medica may request that the **subscriber** provide satisfactory proof of guardianship. See *Extending a child's eligibility* in *Eligibility And Enrollment* for details regarding **dependent** limiting ages.

Designated facility. A **network hospital** that Medica has authorized to provide certain **benefits to members**, as described in this Policy.

Domestic partner. An adult who:

1. Is in a committed and mutually exclusive relationship, jointly responsible for the **subscriber's** welfare and financial obligations; and
2. Resides with the **subscriber** in the same principal residence and intends to do so permanently; and
3. Is at least 18 years of age and unmarried; and
4. Is not a blood relative of the **subscriber**; and
5. Is mentally competent.

Emergency or emergency medical condition. A medical or behavioral condition, the onset of which is sudden, that manifests itself by symptoms of sufficient severity, including, but not limited to, severe pain, that a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of immediate medical attention to result in (a) placing the health of the person afflicted with such condition in serious jeopardy or, in the case of a behavioral condition, placing the health of such persons or others in serious jeopardy, (b) serious impairment to such person's bodily functions, (c) serious impairment of any bodily organ or part of such person, or (d) serious disfigurement of such person.

Extended hours home care. Extended hours home care (skilled nursing services) is continuous and complex skilled nursing services greater than four consecutive hours per day provided in the member's home. The intent of extended hours home care is to assist the member with complex, direct, skilled nursing care, to develop caregiver competencies through training and education, and to optimize the member's health status and outcomes. The skilled nursing tasks must be required so frequently that the need is continuous. The duration of extended hours home care is temporary in nature and is not intended to be provided on a permanent ongoing basis.

Genetic testing. The analysis of human DNA, RNA, and chromosomes and those proteins and metabolites used to detect heritable or somatic disease-related genotypes or karyotypes for clinical purposes. A genetic test must be generally accepted in the scientific and medical communities as being specifically determinative for the presence, absence or mutation of a gene or chromosome in order to qualify under this definition. Genetic test does not include a routine physical examination or a routine analysis, including a chemical analysis, of body fluids unless conducted specifically to determine the presence, absence or mutation of a gene or chromosome.

Habilitative care. Health care services that help a person who has not learned or acquired a particular skill or function for daily living to learn, improve or keep such skills and functioning for daily living, as long as measurable progress can be documented. These services may include physical and occupational therapy, speech-language pathology and other services in a variety of inpatient and/or outpatient settings.

Home health aide services. Part time or intermittent services to help you with your daily living activities.

Hospital. A licensed facility that provides diagnostic, medical, therapeutic, rehabilitative and surgical services by, or under the direction of, a **physician** and with 24-hour R.N. nursing services. The **hospital** is not mainly a place for rest or **custodial care**, and is not a nursing home or similar facility.

Inpatient. An uninterrupted stay, following formal admission to a **hospital, skilled nursing facility** or licensed acute care facility. **Inpatient** services in a licensed residential treatment facility for treatment of emotionally disabled children will be covered as any other health condition.

Investigative. As determined by Medica, a drug, device, diagnostic or screening procedure, or medical treatment or procedure is **investigative** if reliable evidence does not permit conclusions concerning its safety, effectiveness or effect on health outcomes. Medica will make its determination based upon an examination of the following reliable evidence, none of which shall be determinative in and of itself:

1. Whether there is final approval from the appropriate government regulatory agency, if required, including whether the drug or device has received final approval to be marketed for its proposed use by the United States Food and Drug Administration (FDA), or whether the treatment is the subject of ongoing Phase I, II or III trials;
2. Whether there are consensus opinions and recommendations reported in relevant scientific and medical literature, peer-reviewed journals or the reports of clinical trial committees and other technology assessment bodies; and
3. Whether there are consensus opinions of national and local health care **providers** in the applicable specialty or subspecialty that typically manages the condition as determined by a survey or poll of a representative sampling of these **providers**.

Notwithstanding the above, a drug being used for an indication or at a dosage that is an accepted off-label use for the treatment of cancer and HIV/AIDS will not be considered by Medica to be **investigative**. Medica will determine if a use is an accepted off-label use based on published reports in authoritative peer-reviewed medical literature, clinical practice guidelines or parameters approved by national health professional boards or associations and entries in any authoritative compendia as identified by the Medicare program for use in the determination of a Medically accepted indication of drugs and biologicals used off-label.

Medically necessary. Diagnostic testing and medical treatment, consistent with the diagnosis of and prescribed course of treatment for your condition, and preventive services. **Medically necessary** care must meet the following criteria:

1. Be consistent with the medical standards and accepted practice parameters of the community as determined by health care **providers** in the same or similar general specialty as typically manages the condition, procedure or treatment at issue; and

2. Be an appropriate service, in terms of type, frequency, level, setting and duration, to your diagnosis or condition; and
3. Help to restore or maintain your health; or
4. Prevent deterioration of your condition; or
5. Prevent the reasonably likely onset of a health problem or detect an incipient problem.

Member. A person who is enrolled under this Policy and on whose behalf the premium is being paid. In this Policy, the words you, your or yourself refer to the member.

Mental disorder. A physical or mental condition having an emotional or psychological origin, as defined in the current edition of the *Diagnostic and Statistical Manual of Mental Disorders (DSM)*.

Nebraska resident. A person who lives in Nebraska, and intends to reside in Nebraska, or has entered Nebraska with a job commitment or is seeking employment in Nebraska.

Network. A term used to describe a **provider** (such as a **hospital, physician, home health agency, skilled nursing facility** or pharmacy) that has entered into a written agreement with Medica or has made other arrangements with Medica to provide **benefits** to you. The participation status of **providers** will change from time to time.

The Medica **network provider** directory is available without charge.

Non-network. A term used to describe a **provider** not under contract as a **network provider**.

Non-skilled care. Care that does not require skilled nursing or rehabilitation staff to manage, observe or evaluate your care. Any service that could be safely performed by a non-medical person (or yourself) without the supervision of a nurse is considered non-skilled care.

Physician. A Doctor of Medicine (M.D.), Doctor of Osteopathy (D.O.), Doctor of Podiatry (D.P.M.), Doctor of Optometry (O.D.) or Doctor of Chiropractic (D.C.) practicing within the scope of his or her licensure.

Placed for adoption. The assumption and retention of the legal obligation for total or partial support of the child in anticipation of adopting such child.

(Eligibility for a child **placed for adoption** with the **subscriber** ends if the placement is interrupted before legal adoption is finalized and the child is removed from placement.)

Premium. The monthly payment required to be paid by you for coverage under this Policy.

Prenatal care. The comprehensive package of medical and psychosocial support provided throughout a pregnancy and related directly to the care of the pregnancy, including risk assessment, serial surveillance, prenatal education and use of specialized skills and technology, when needed, as defined by *Standards for Obstetric-Gynecologic Services* issued by the American College of Obstetricians and Gynecologists.

Prescription drug. A drug approved by the FDA for the prescribed use and route of administration.

Preventive health services. The following are considered **preventive health services**:

1. evidence-based items or services that have in effect a rating of “A” or “B” in the current recommendations of the United States Preventive Services Task Force;

2. immunizations for routine use that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention with respect to the **members** involved;
3. with respect to **members** who are infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration;
4. with respect to **members** who are women, such additional preventive care and screenings not described in paragraph (1) as provided for in comprehensive guidelines supported by the Health Resources and Services Administration (including Food and Drug Administration approved contraceptive methods, sterilization procedures and related patient education and counseling).

Contact Customer Service for information regarding specific **preventive health services** and services that are rated “A” or “B”, and services that are included in guidelines supported by the Health Resources and Services Administration.

Primary care provider. A **provider** who has a majority of his or her practice in general pediatrics, internal medicine, obstetrics/gynecology, family practice, or general medicine or a provider providing services at a **retail health clinic**.

Professionally administered drugs. Professionally administered drugs must be, as determined by Medica, typically administered or directly supervised by a qualified provider or a licensed/certified health professional. Medica generally considers drugs that require intravenous infusion or injection, intrathecal infusion or injection, intramuscular injection or intraocular injection, as well as drugs that, according to the manufacturer’s recommendations, must typically be administered by a health care provider, to be professionally administered drugs.

Provider. A health care professional or facility licensed, certified or otherwise qualified under state law to provide health services.

Reasonable expectation of improvement. A reasonable expectation that the member’s condition will improve over a predictable period of time according to generally accepted standards in the medical community.

Reconstructive. Surgery to rebuild or correct a:

1. Body part when such surgery is incidental to or following surgery resulting from injury, sickness or disease of the involved body part; or
2. Congenital disease or anomaly which has resulted in a functional defect as determined by your **physician**.

In the case of mastectomy, surgery to reconstruct the breast on which the mastectomy was performed and surgery and reconstruction of the other breast to produce a symmetrical appearance shall be considered **reconstructive**.

Rehabilitative. Physical, occupational and speech therapy services are considered rehabilitative when they are provided to restore physical function or speech that has been impaired due to illness or injury.

Respiratory care. Services related to active medical or surgical treatment which requires the skill of a registered nurse or respiratory therapist. These services include, but are not limited to:

airway maintenance, chest physiotherapy, delivery of medications, oxygen therapy, obtaining laboratory samples and pulmonary function testing.

Restorative. Surgery to rebuild or correct a physical defect that has a direct adverse effect on the physical health of a body part, and for which the restoration or correction is **medically necessary**.

Retail health clinic. Professional evaluation and medical management services provided to patients in a health care clinic located in a setting such as a retail store, grocery store or pharmacy. Services include treatment of common illnesses and certain preventive health care services.

Skilled care. A type of health care given when you need skilled nursing or rehabilitation staff to manage, observe and evaluate your care. Nursing, physical therapy and occupational therapy are considered skilled care. In addition to providing direct care, these professionals manage, observe and evaluate your care. Any service that could be safely done by a non-medical person (or by yourself) without the supervision of a nurse is not considered skilled care.

Skilled nursing facility. A licensed bed or facility (including an extended care facility, **hospital** swing-bed and transitional care unit) that provides skilled nursing care, skilled transitional care or other related health services including rehabilitative services.

Subscriber. The person to whom this Policy is issued.

Telemedicine. Telemedicine is the delivery of health care services or consultations while the patient is at an originating site and the licensed health care provider is at a distant site. An originating site includes a health care facility at which a patient is located at the time the services are provided by means of telemedicine. Distant site means a site at which a licensed health care provider is located while providing health care services or consultations by means of telemedicine. A communication between a licensed health care provider and a patient that consists solely of an e-mail or facsimile transmission does not constitute telemedicine consultations or services.

Urgent care center. A health care facility distinguishable from an affiliated clinic or hospital whose primary purpose is to offer and provide immediate, short-term medical care for minor, immediate medical conditions on a regular or routine basis.

Virtual care. Professional evaluation and medical management services provided to patients, in locations such as their home or office, through e-mail, telephone or webcam. Virtual care is used to address non-urgent medical symptoms for patients describing new or ongoing symptoms to which providers respond with substantive medical advice. Virtual care does not include telephone calls for reporting normal lab or test results or solely calling in a prescription to a pharmacy.

Benefit Chart

Your Out-Of-Pocket Expenses

The most specific and appropriate section of this Policy and your Benefit Chart will apply for benefits related to the treatment of a specific condition.

Important Information:

About Your Deductible

- What you pay towards your Tier 1 – Preferred deductible also applies to your Tier 2 – Standard deductible amount. In no event will the total deductible paid for benefits exceed the amount of the Tier 2 – Standard deductible.
- After you reach your deductible, you pay coinsurance until your out-of-pocket maximum has been met.
- The following do not accumulate toward your deductible:
 - Copayments and coinsurance
 - Health care this Policy does not cover
- Certain benefits in this Policy have limits. These limits might include visit limits, day limits, or hour limits. These limits are noted in this Policy or your Benefit Chart and apply whether or not you have met your deductible.

About Your Out-of-Pocket Maximum

- What you pay towards your Tier 1 – Preferred out-of-pocket maximum also applies to your Tier 2 – Standard out-of-pocket maximum. In no event will the total out-of-pocket amount paid for benefits exceed the amount of the Tier 2 – Standard out-of-pocket maximum.
- The following accumulate toward your out-of-pocket maximum:
 - Deductible, copayments and coinsurance
- The following do not accumulate toward your out-of-pocket maximum:
 - Health care this Policy does not cover
 - Charges you pay in addition to your deductible, copayment or coinsurance when you choose to use a preferred brand or non-preferred brand prescription drug when a chemically equivalent generic drug is available
 - Charges you pay in addition to your deductible, copayment or coinsurance when you choose to use a non-preferred specialty prescription drug when a chemically equivalent preferred specialty drug is available
