Policy of Coverage

for Individuals and Families

Balance by Medica[SM]

Bronze Premier Plan

Plan Identifier 2023-IFBBLBPOK, 2023-IFBBLBPOKL

Cancellation Within First Ten Days

The subscriber may cancel this Policy by delivering or mailing a written notice to **Medica Insurance Company, 401 Carlson Parkway, Attn: Member Services, Route CP595, Minnetonka, MN 55305** or to an agent of the company. This Policy must be returned before midnight the tenth day after the date you receive this Policy and then this Policy is considered void from the beginning. Notice given by mail and return of this Policy are effective when postmarked, properly addressed, and postage prepaid. Medica shall return all premiums within ten days after it receives notice of cancellation and the returned Policy. However, the subscriber must then pay any claims incurred prior to such cancellation.

OK-PC-23-01

Discrimination is Against the Law

Medica complies with applicable Federal civil rights laws and will not discriminate against any person on the basis of race, color, national origin, age, disability or sex. Medica:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as: TTY communication and written information in other formats (large print, audio, other formats).
- Provides free language services to people whose primary language is not English, such as: Qualified interpreters and information written in other languages.

If you need these services, call the number included in this document or on the back of your Medica ID card. If you believe that Medica has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability or sex, you can file a grievance with: Civil Rights Coordinator, Mail Route CP250, PO Box 9310, Minneapolis, MN 55443-9310, 952-992-3422 (phone/fax), TTY 711, civilrightscoordinator@medica.com.

You can file a grievance in person or by mail, fax, or email. You may also contact the Civil Rights Coordinator if you need assistance with filing a complaint.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available at https://ocrportal.hhs.gov/ocr/portal/lobby.jsf or by mail or phone at: U.S. Department of Health and Human Services, 200 Independence Avenue, SW Room 509F, HHH Building, Washington, D.C. 20201, 800-368-1019, 800-537-7697 (TDD). Complaint forms are available at http://www.hhs.gov/ocr/office/file/index.html.

Helpful Resources

Medica Member Services

Call the Medica Member Services phone number on the back of your Medica ID card (TTY: **711**) if you have any questions. Health Plan Specialists are available 8 a.m. – 6 p.m. CT Monday – Friday (Closed 8 – 9 a.m. Thursdays). You can also send a secure message at **Medica.com/Contact**.

Marketplace Contact Center

Call **1 (800) 318-2596** (TTY: **1 (855) 889-4325)** if you purchased your coverage through the Health Insurance Marketplace, referred to in this Policy as the "Marketplace," and you need assistance with your financial help (like advance premium tax credits) or need to make changes to the demographic information on this Policy. Or visit **Healthcare.gov/Contact-Us**.

Nurse Line

Call **1 (866) 668-6548** (TTY: **711**) to talk with a nurse for advice on where and when to get care, or how to provide care safely at home. Available 24/7. In a medical emergency, please call **911.**

Secure Member Site

You can view much of the information you may need by signing in to your secure member site at **Medica.com/SignIn**. The website allows you to view information specific to you and your plan:

- View your ID card
- See what's covered by your plan, including important plan documents
- Track your plan balances, such as your deductible and out-of-pocket maximum
- View your claims and explanations of benefits (EOBs)
- Look up prices for prescription drugs and how they're covered by your plan
- Look up providers and pharmacies in your network
- Access wellness tools and support
- Pay your premium

NOTICE OF PROTECTION PROVIDED BY

OKLAHOMA LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION

This notice provides a brief summary of the Oklahoma Life and Health Insurance Guaranty Association ("the Association") and the protection it provides for policyholders. This safety net was created under Oklahoma law, which determines who and what is covered and the amounts of coverage. The Association was established to provide protection in the unlikely event that your life, annuity or health insurance company becomes financially unable to meet its obligations and is taken over by its Insurance Department. If this should happen, the Association will typically arrange to continue coverage and pay claims, in accordance with Oklahoma law, with funding from assessments paid by other insurance companies.

The basic protections provided by the Association are:

• Life Insurance

- $300,000 in death benefits
- $100,000 in cash surrender or withdrawal values

• Health Insurance

- $500,000 in hospital, medical and surgical insurance benefits
- $300,000 in disability income insurance benefits
- $300,000 in long-term care insurance benefits
- $100,000 in other types of health insurance benefits

• Annuities

- $300,000 in withdrawal and cash values

The maximum amount of protection for each individual, regardless of the number of policies or contracts, is $300,000, except that with regard to hospital, medical and surgical insurance benefits, the maximum amount that will be paid is $500,000.

Note: Certain policies and contracts may not be covered or fully covered. For example, coverage does not extend to any portion(s) of a policy or contract that the insurer does not guarantee, such as certain investment additions to the account value of a variable life insurance policy or a variable annuity contract. There are also various residency requirements and other limitations under Oklahoma law. To learn more about the above protections, please visit the Association's website at www.oklifega.org, or contact:

Oklahoma Life & Health Insurance Guaranty Association
201 Robert S. Kerr, Suite 600
Oklahoma City, OK 73102
Phone (405) 272-9221

Oklahoma Department of Insurance
400 NE 50th Street
Oklahoma City, OK 73105
1-800-522-0071 or (405) 521-2828

Insurance companies and agents are not allowed by Oklahoma law to use the existence of the Association or its coverage to encourage you to purchase any form of insurance. When selecting an

insurance company, you should not rely on Association coverage. If there is any inconsistency between this notice and Oklahoma law, then Oklahoma law will control.

Table Of Contents

Terms and Conditions

Term of this Policy

This Policy is a legal contract between the subscriber and Medica Insurance Company (Medica) and describes the benefits covered under this Policy.

All coverage under this Policy begins and ends at 12:01 a.m. Central Time on the date the coverage becomes effective.

Entire agreement

The documents below are the entire Policy between you and Medica, and replace all other agreements as of the effective date of this Policy.

1. This Policy of Coverage, the *Benefit Chart* section of this Policy of Coverage, any amendments; and
2. Your application for coverage.

Guaranteed renewal

This Policy will not be canceled or non-renewed merely because your health deteriorates. Renewal is subject to Medica's right to terminate this Policy due to your non-payment of premium or for fraud or intentional misrepresentation of a material fact, or as otherwise described in *Ending Coverage*. Medica has the right to change the premium as allowed under Oklahoma law.

Nondiscrimination policy

Medica's policy is to treat all persons alike, without distinction based on:

- race
- color
- creed
- religion
- national origin
- gender
- gender identity
- marital status
- status with regard to public assistance
- disability
- sexual orientation
- age
- genetic information; or
- any other classification protected by law.

If you have questions, call Member Services at the number on the back of your Medica ID card.

Assignment

Medica will have the right to assign any and all of its rights and responsibilities under this Policy to any subsidiary or affiliate of Medica or to any other appropriate organization or entity.

Acceptance of coverage

By accepting the health care coverage described in this Policy you, on behalf of yourself if covered under this Policy, and/or on behalf of the dependents enrolled under this Policy, authorize the use of a social security number for purpose of identification and declare that the information supplied to Medica for purposes of enrollment is accurate and complete.

You understand and agree that any omissions or incorrect statements that you knowingly made in connection with your enrollment under this Policy may invalidate your coverage.

Warning: Any person who knowingly, and with intent to injure, defraud or deceive any insurer, makes any claim for the proceeds of an insurance policy containing any false, incomplete or misleading information is guilty of a felony.

Amendment

This Policy or the *Benefit Chart* section of this Policy may be amended as described in this Policy. When this happens, you will receive a new policy or amendment approved and signed by an executive officer of Medica. No other person or entity has authority to make any changes or amendments to this Policy. All amendments must be in writing.

Discretionary authority

Medica has discretion to interpret and construe all of the terms and conditions of this Policy and make determinations regarding benefits and coverage under this Policy.

Certain terms are specifically defined in this Policy and Medica will interpret and construe the terms and conditions consistent with those definitions. It is important that you read and understand the defined terms.

Clerical error

You will not be deprived of coverage under this Policy because of a clerical error. However, you will not be eligible for coverage beyond the scheduled termination of your coverage because of a failure to record the termination.

Relationship between parties

The relationships between Medica and network providers are contractual relationships between independent contractors. Network providers are not agents or employees of Medica. The relationship between a provider and any member is that of health care provider and patient. The provider is solely responsible for health care provided to any member.

Notice

Except as otherwise provided in this Policy, written notice given by Medica to the subscriber will be deemed notice to all individuals covered under this Policy in the event of termination or nonrenewal of this Policy for any reason.

Cancellation

Your coverage may be canceled only under certain conditions. See *Ending Coverage* for additional information.

Reinstatement

If any renewal premium is not paid within the time granted the subscriber for payment, a subsequent acceptance of premium by Medica shall reinstate this Policy. In all other respects the subscriber and Medica will have the same rights under this Policy as they had immediately before the due date of the defaulted premium, subject to any provisions endorsed hereon or attached hereto in connection with a reinstatement.

Examination of a member

To settle a dispute concerning provision or payment of benefits under this Policy, Medica may require that you be examined or an autopsy of the member's body be performed. The examination or autopsy will be at Medica's expense.

Language interpretation

Language interpretation services will be provided upon request, as needed in connection with the interpretation of this Policy. If you would like to request language interpretation services, please call Member Services at the number on the back of your Medica ID card.

If this Policy is translated into another language or an alternative communication format is used, this written English version governs all coverage decisions.

If you need alternative formats, such as large print or an audio format, please call Member Services at the number on the back of your Medica ID card to request these materials.

Legal actions

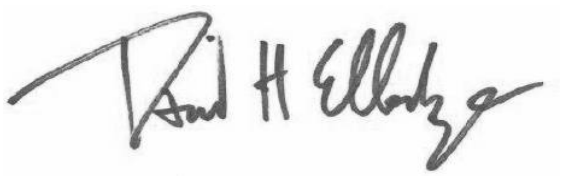
No lawsuit may be brought to recover a claim from Medica until more than 60 days after the date written Proof of Loss is made. Such action cannot be made more than three years after the date written proof of loss is made.

Policy

This Policy is a legal contract between the subscriber and Medica and describes the benefits covered under this Policy.

IN WITNESS WHEREOF, Medica's Senior Vice President, Markets and Senior Vice President and Secretary hereby sign your contract.

Senior Vice President, Markets



Senior Vice President and Secretary

I. Introduction

A. About this Policy

This Medica Policy describes health services that are eligible for coverage and the procedures you must follow to obtain benefits. Because many provisions are interrelated, you should read this Policy in its entirety. The most specific and appropriate section will apply for those benefits related to the treatment of a specific condition.

For subscribers purchasing coverage through the Marketplace, the Marketplace will determine whether the subscriber is qualified to purchase coverage through the Marketplace and will notify Medica. Members are subject to all terms and conditions of this Policy.

Medica may arrange for various persons or entities to provide administrative services on its behalf, including claims processing and utilization management services. To ensure efficient administration of your benefits, you must cooperate with them in the performance of their responsibilities.

Some terms used have specific meanings. In this Policy, the words *you*, *your* and *yourself* refer to the member. The term *subscriber* refers to the person who is applying for or is issued this Policy. See *Definitions* for more terms with specific meanings.

B. Eligibility

To be eligible to enroll for coverage under this Policy, you must be a *subscriber* or *dependent* and meet the eligibility requirements stated below.

Subscriber eligibility

To be eligible to enroll for coverage the *subscriber* must:

1. be an Oklahoma resident; and
2. if you are enrolling in a Catastrophic Plan, be under the age of 30 at the start of the policy year or qualify for a hardship exemption, as determined by the Marketplace; and
3. complete an application form.

Child only eligibility

Individuals under the age of 21 are eligible to enroll as a subscriber without an adult under this Policy. Siblings of the child subscriber may be added to the child subscriber's Child Only policy. Any newborn infant or child newly placed for adoption of a subscriber under the age of 21 may be covered through a separate child-only policy or this child only policy.

Dependent eligibility

To be eligible to enroll for coverage, the *dependent spouse or domestic partner* must:

1. be an Oklahoma resident; and
2. if enrolling in a Catastrophic Plan, be under the age of 30 or qualify for a hardship exemption, as determined by the Marketplace, when added as a dependent.

To be eligible to enroll for coverage, a dependent child must be under the age of 26.

Extending a child's eligibility

A dependent child is no longer eligible for coverage under this Policy at the end of the year in which he or she reaches the dependent limiting age of 26. The dependent child may be eligible for a special enrollment period at the end of the month in which the dependent child reaches the dependent limiting age of 26. See the section on *Special enrollment periods and effective date* of coverage for more information. However, the child's eligibility continues if the child is incapable of self-sustaining employment by reason of intellectual or physical disability and is chiefly dependent upon the subscriber for support and maintenance. An illness that does not cause a child to be incapable of self-sustaining employment will not be considered a physical disability. To continue coverage for a disabled dependent child, you must provide Medica with proof of such disability and dependency within 31 days of the child reaching the dependent limiting age of 26. Beginning two years after the child reaches the dependent limiting age of 26, Medica may require annual proof of disability and dependency.

C. Enrollment

Open enrollment and effective date of coverage

For subscribers and dependents, the period of time identified each year by Medica or by the Marketplace, as applicable, for open enrollment, is the period during which subscribers and dependents may elect to enroll in coverage. An application for yourself and any dependents must be submitted to the Marketplace for coverage offered through the Marketplace, or to Medica for coverage offered directly through Medica.

If you enroll for coverage during the open enrollment period, your coverage will be effective as determined based on the date you completed your plan selection. Services received before the effective date of this Policy are not covered.

Medica may ask you for information about your eligibility for coverage if, for example, we suspect fraud, or to determine if you qualify for our Medicare estimation program. By accepting coverage under this Policy, you agree to cooperate with our reasonable request for information.

Special enrollment periods and effective date of coverage

Special enrollment periods are provided to subscribers and dependents under certain circumstances.

Unless otherwise stated, you shall have 60 days following the date of the qualifying event to exercise your right for a special enrollment period. If you or your dependent did not receive timely notice of a qualifying event that makes you or your dependent eligible for a special enrollment period, and you or your dependent were otherwise unaware that the qualifying event occurred, you will have 60 days following the date your knew, or reasonably should have known, about the qualifying event to select a plan.

Services received before the effective date of this Policy are not covered.

<u>Qualifying events through the Marketplace</u>

For coverage obtained through the Marketplace, eligibility for special enrollment periods will be as determined by the Marketplace. **Please note, if you purchased your coverage through the Marketplace, contact the Marketplace to notify them of the qualifying event and to exercise your right for a special enrollment period.** Coverage is effective on the date established by the Marketplace. Contact the Marketplace for information about the limitations of each special enrollment period.

The following are the qualifying events for special enrollment periods available only if you enrolled through the Marketplace:

1. For an Indian enrolling through the Marketplace, or the dependent of an Indian that is enrolled or is enrolling through the Marketplace, on the same application as the Indian, on a monthly basis as determined by the Marketplace.
2. For subscribers enrolled through the Marketplace, the subscriber or dependent enrolled in the same qualified health plan is determined to be newly eligible for an advance premium tax credit or has a change in eligibility for cost-sharing reductions.
3. An individual, or his or her dependent, who is enrolled in an eligible employer-sponsored plan is determined newly eligible for the advance premium tax credit.
4. For subscribers and dependents enrolling through the Marketplace, in the event of gaining status as a citizen, national, or lawfully present individual, or being released from incarceration, as determined by the Marketplace.
5. For subscribers and dependents enrolling through the Marketplace, the subscriber demonstrates to the Marketplace, and the Marketplace determines that exceptional circumstances apply.
6. The subscriber or dependent enrolled through the Marketplace, adequately demonstrates to the Marketplace that a material error related to plan benefits, service area, or premium influenced their decision to purchase a plan through the Marketplace.
7. For a consumer who resolves a data matching issue following the end of an inconsistency period or has an annual household income under 100 percent of the federal poverty level and did not enroll in coverage while waiting for the Marketplace to verify that he or she meets the citizenship, national, or immigration status.
8. For subscribers or dependents enrolled through the Marketplace who is enrolled in COBRA continuation coverage for which an employer is paying all or part of the premiums, or for which a government entity is providing subsidies, and the subsidies completely cease. The qualifying event is the last day of the period in which COBRA continuation coverage is paid for or subsidized.
9. For subscribers or dependents enrolled through the Marketplace, the subscriber or dependent is eligible for advance premium tax credits because their applicable percentage is 0, and whose household income is expected to be no greater than 150 percent of the federal poverty line, and who are eligible to enroll in a silver-level qualified health plan with a monthly premium of $0 after advance premium tax credits.

Qualifying events through the Marketplace or through Medica

If coverage was not obtained through the Marketplace, eligibility for a special enrollment period will be determined by Medica. Medica may ask you for information about your eligibility for the special enrollment period. By accepting coverage under this Policy, you agree to cooperate with our reasonable request for information.

Some of the information discussed in this section may be different if you enrolled through the Marketplace, including but not limited to the dates when your coverage begins and ends. Please contact the Marketplace directly or call our Member Services at the number on the back of your Medica ID card. If you enroll through the Marketplace, the Marketplace will determine your coverage effective date. Unless noted otherwise, if you enroll with Medica for any of the following qualifying events, your coverage will be effective on the first day of the month following the date you select your new plan.

The following are the qualifying events for special enrollment periods, whether you enrolled through the Marketplace or not:

1. The subscriber gains a dependent through marriage, birth, adoption, placement for adoption, or child support order or other court order. If coverage was obtained through the Marketplace, you must contact the Marketplace to enroll the dependent and determine what types of plan changes can be made due to this special enrollment period. In the case of marriage, at least one spouse must demonstrate having minimum essential coverage for 1 or more days during the 60 days preceding the date of marriage unless (1) the spouse is moving from a foreign country or US territory, (2) the spouse is an Indian as defined in the Indian Health Care Improvement Act, or (3) the spouse lived for 1 or more days during the 60 days leading up to the event or during the most recent preceding open enrollment in a service area where no qualified health plans were offered through the Marketplace. If not, then there is no special enrollment period for either spouse. The subscriber is permitted to either add the dependent to this Policy, or if the dependent is not eligible under this Policy, the subscriber and his or her dependents may enroll in another plan within the same metal level. If no plan is available in the same metal level, the subscriber and dependent may enroll in another plan one metal level higher or lower than the current plan. Or, at the option of the subscriber or dependent, the dependent may be enrolled separately in any available plan. In the case of birth, adoption or placement for adoption, child support or other court order, coverage begins on the date of birth, date of adoption or date of placement for adoption, respectively or the first of the month following plan selection if allowed by Medica or the Marketplace and elected by you, as applicable. In the case of marriage, coverage is generally effective on the first day of the month following plan selection through the Marketplace or enrollment with Medica, as applicable. See *How to add dependents* below for more information. In the case of a child support order or other court order, coverage is generally effective on the date specified in the order.

2. If the subscriber or enrolled dependent loses a dependent or is no longer considered a dependent through divorce or legal separation as defined by State law in the State in which the divorce or legal separation occurs, or if the member, or his or her dependent, dies. In these instances, if the result is a loss of minimum essential coverage for the subscriber or enrolled dependent, the person who lost coverage will have a special enrollment period.

3. For subscribers currently enrolled through the Marketplace, the subscriber or dependent enrolled in the same qualified health plan is determined to be newly ineligible for an advance premium tax credit or cost-sharing reductions.

4. A subscriber or dependent gains access to a new qualified health plan as a result of a permanent move. The subscriber or dependent must have had minimum essential coverage for at least one day in the 60 days prior to the permanent move unless (1) the spouse is moving from a foreign country or US territory, (2) the spouse is an Indian as defined in the Indian Health Care Improvement Act, or (3) the spouse lived for 1 or more days during the 60 days leading up to the move or during the most recent preceding open enrollment in a service area where no qualified health plans were offered through the Marketplace. The subscriber or dependent has 60 days before or after the qualifying event to exercise his or her right for a special enrollment period. Moving solely for medical treatment or vacation does not qualify a subscriber or dependent for this special enrollment period.

5. The subscriber or dependent loses "minimum essential coverage," as defined under federal law, is enrolled in a non-calendar year group or individual plan, or loses certain pregnancy-related coverage or coverage for an unborn child, or medically needy coverage as defined under the Social Security Act. Loss of minimum essential coverage under this paragraph does not include voluntary termination of coverage or loss due to failure to pay premiums or rescission. The subscriber or dependent has 60 days before or after the qualifying event to exercise his or her right for a special enrollment period. The date of the loss of coverage for those enrolled in a non-calendar year plan is the last day of the plan or policy year.

6. The subscriber demonstrates to Medica or the Marketplace, as applicable, that the health plan providing coverage to him or her substantially violated a material provision of its contract.

7. The subscriber demonstrates to Medica or the Marketplace, as applicable, that enrollment or non-enrollment in a health plan was unintentional, inadvertent or erroneous and the result of the error, misrepresentation or inaction of the Marketplace or the United States Department of Health and Human Services, a non-Marketplace entity providing enrollment assistance or conducting enrollment activities, or Medica.

8. For subscribers and dependents, in the event of a qualifying event under section 603 of the Employee Retirement Income Security Act of 1974, as amended.

9. For subscribers or dependents, in the event the subscriber or dependent is a victim of domestic abuse or spousal abandonment, including a dependent or unmarried victim within a household, is enrolled in minimum essential coverage and seeks to enroll in coverage separate from the perpetrator of the abuse or abandonment. The dependent of a victim of domestic abuse or spousal abandonment applying for or covered on the same application as the victim, also may enroll in coverage at the same time as the victim.

10. This special enrollment period applies if a subscriber or dependent applies for coverage on the Marketplace during annual open enrollment or a special enrollment period, and is determined by the Marketplace as potentially eligible for Medicaid or CHIP, and is later determined ineligible for Medicaid or CHIP after open enrollment

ended or more than 60 days after the qualifying event. It also applies if the subscriber or dependent applies for coverage at the State Medicaid or CHIP agency during annual open enrollment and is determined ineligible for Medicaid or CHIP after open enrollment has ended.

11. You or your dependent was enrolled in COBRA continuation coverage, or similar state program, for which an employer was paying all or part of the premiums, or for which a government entity was providing subsidies, and the employer completely ceases its contributions or the government subsidies completely cease.

How to add dependents

Except for policies issued to individuals under the age of 21, coverage for new dependents may be added after the subscriber's coverage begins as described in *Open enrollment and effective date of coverage* and *Special enrollment periods and effective date of coverage* above.

Please note with regard to births and adoptions: Medica does not automatically know of a birth or adoption or whether the subscriber would like the newborn infant or newly adopted dependent to be added to the Policy.

Newborn infants and newly adopted dependents are eligible for coverage under this Policy from the moment of birth or adoption for a period of 31 days, without needing to pay an additional premium, beginning on the date of birth or adoption.

You must notify Medica in writing within 60 days of the birth of the newborn infant or adoption and request that the newborn infant and newly adopted dependent be added to this Policy for coverage under this Policy for the newborn infant or newly adopted dependent to continue beyond the initial 31-day coverage period.

Medica requires additional premium to add the newborn infant or newly adopted dependent to your current Policy beyond the initial 31-day coverage period. Medica is entitled to all premiums due within 31 days from the time of the newborn infant's birth, adoption or placement for adoption. Medica will not cover benefits for the newborn infant or newly adopted dependent beyond the initial 31-day coverage period if the applicable premium is not paid by Medica's premium payment deadline.

If coverage was obtained through the Marketplace, you must contact the Marketplace to enroll the dependent and determine what types of plan changes can be made due to this special enrollment period.

Notification

As a member it is your responsibility to notify Medica of any changes that might affect your coverage. You should report these changes to Medica immediately. These changes include, but are not limited to:

1. Eligibility for Medicare or Medicaid.
2. Coverage under other health insurance.
3. Loss of eligibility for coverage due to divorce or death of the subscriber.
4. You have moved.
5. The addition of newly acquired dependents.

6. Changes in qualified dependent status.

Unless a longer period is provided in this Policy, the subscriber must notify Medica in writing within 30 days of the effective date of any changes to home address or name, or other facts identifying you or your dependents.

D. Premiums

Your premiums must be prepaid by the subscriber from the date coverage starts. If a subscriber or dependent has enrolled through a special enrollment period retroactively, your premiums must be paid by the date established by Medica.

If you are receiving an advance premium tax credit, you will need to pay your share of the first month's premium by the date established by Medica.

Your premium may change each year as permitted by state and federal law. You will be provided at least 30 days written notice before a change in the premium.

Medica does not accept premium payment directly or indirectly from any third party including, but not limited to, any provider, except as stated in this paragraph. Medica will accept premium payments from the following third parties, to the extent required by law: Ryan White HIV/AIDS Program under title XXVI of the Public Health Service Act; Indian tribes, tribal organizations or urban Indian organizations; and state and federal government programs. Premiums paid by you, the subscriber, or the third-parties listed in the prior sentence, will not be reimbursed or contributed to by or on behalf of any other third party including, but not limited to, any provider directly or indirectly.

E. Grace period

If you are not receiving advance premium tax credits, the grace period for the subscriber's payment of premiums will be 31 days from the date a premium payment is due. If you pay the premium at any time during this grace period, this Policy shall not be terminated. If premium is not paid by the end of the grace period, coverage will end as stated in *Ending Coverage*.

If you are receiving an advance premium tax credit, the grace period for the subscriber's payment of premiums will be 3 months from the date a premium payment is due.

- If you pay your full share of the premium at any time during this grace period, which includes any additional missed premium payments during the grace period, this Policy shall not be terminated.
- If your share of the full premium is not paid by the end of the grace period, coverage will end as stated in *Ending Coverage*. Medica will pay benefits only for the first month of the grace period.
- For example, if you fail to make the premium payment for March, April and May, Medica will pay benefits only for services you receive in March, unless you pay your full share of all the premiums for March, April and May by the end of May. Be aware that benefits will not be paid after the first month of the 3 month grace period.

If the person obligated to pay premiums under this Policy has not paid the past due premiums by the end of the grace period, and Medica has provided coverage during the grace period, then that person may not be allowed to enroll in any other Medica (or its affiliates) individual or family policies for up to twelve months following the beginning of the grace period. If the subscriber wants to obtain Medica individual or family coverage before the end of the twelve-month period, the subscriber may need to pay the outstanding premium owed under the prior Medica policy consistent under Medica's process.

F. Changes to this Policy

The coverage provided under this Policy may change each year as permitted or required in compliance with federal or state regulatory requirements, or to ensure that this Policy maintains the actuarial value for the designated metal levels as defined in federal law. Medica will provide notice at least 60 days prior to the change taking effect. Any provision of this Policy which, on its effective date, is in conflict with the law of the federal government or this state is hereby amended to conform to the minimum requirements of such law.

G. Benefits

What you must do to receive benefits

Each time you receive health services, you must:

1. Confirm with Medica that your provider is a network provider with your Medica plan to be eligible for in-network benefits;
2. Identify yourself as a Medica member; and
3. Present your Medica identification card. Having and using a Medica identification card does not guarantee coverage.

If your provider asks for your health care identification card and you do not identify yourself as a Medica member within 180 days of the date of service, you may be responsible for paying the cost of the service you received.

To see which providers are in your plan's network, check the online search tool on **Medica.com/SignIn** or call Member Services at the number on the back of your Medica ID card.

In-network benefits

Medica will cover health services and supplies as in-network benefits as described in this Policy only when care is received from the following:

1. A network provider;
2. A non-network provider when no in-network care is available within your service area or network access area and are authorized by Medica;
3. A non-network provider to whom you have been specifically directed by a network provider and are authorized by Medica;

4. A non-network provider for emergency services, including when you are traveling out of the service area or network access area; or

5. A non-network provider at a network facility for certain non-emergency services.

If there is no network provider and no non-network provider available within your service area or network access area, Medica may require you to see a provider that we have negotiated a reduced fee with if that provider is closer to your residence than a requested non-network provider. See *Referrals and Prior Authorization* for more information about obtaining authorization from Medica.

Prior authorization may also be required from Medica for certain in-network benefits even if a provider has directed or recommended that you receive the services or supplies. This Policy fully defines your benefits and describes procedures you must follow to obtain in-network benefits.

Decisions about coverage are based on appropriateness of care and service to the member. Medica does not reward providers for denying care, nor does Medica encourage inappropriate utilization of services.

Medica will cover routine patient costs in connection with a qualified individual's participation in an approved clinical trial at the applicable benefit level. Routine patient costs are items and services that would be covered benefits even when not provided in connection with a clinical trial. Routine patient costs do not include an investigative or experimental item, device or service; items or services provided solely to satisfy data collection and analysis needs and not used in clinical management; or a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

Out-of-network benefits

Medica pays out-of-network benefits for eligible health services received from non-network providers located in the state of Oklahoma. There are no out-of-network benefits under this Policy for services received from a provider that is located outside the state of Oklahoma.

Prior authorization may be required from Medica before you receive certain services even if a provider has directed or recommended that you receive the services or supplies in order to determine whether those services are eligible for coverage under your out-of-network benefits. This Policy defines your benefits and describes procedures you must follow to obtain out-of-network benefits. When you use non-network providers, you may be responsible for filing claims in order to be reimbursed for the non-network provider reimbursement amount.

Under certain circumstances Medica will authorize your obtaining services from a non-network provider within the United States at the in-network benefit level. Such authorizations are generally provided only in situations where the requested services are not available from network providers.

Be aware that if you choose to use out-of-network benefits, you will likely have to pay much more than if you use in-network benefits. In addition to the deductible and coinsurance described in *Benefit Chart* section of this Policy for out-of-network benefits, you will be responsible for any charges in excess of the non-network provider reimbursement amount. There is not an out-of-pocket maximum that applies to out-of-network charges.

When you access care from non-network providers, you will be responsible for filing claims in order to be reimbursed for covered benefits. For information on submitting claims, refer to *Submitting a claim*.

Surprise billing protections

In the following situations benefits for care accessed from non-network providers in the United States will be eligible for coverage as in-network benefits. The non-network provider is prohibited by law from billing you for any amounts above the network cost-sharing for such benefits:

1. Benefits for out-of-network emergency services at emergency facilities, except for certain post-stabilization services you have validly consented to;
2. Benefits for non-emergency services performed by most non-network providers at network health care facilities, unless you have validly consented to those out-of-network services; or
3. Benefits for air ambulance services from non-network air ambulance providers.

For purposes of this *Surprise billing protections* section:

- An emergency facility is the emergency department of a hospital or an independent freestanding emergency department.
- A network health care facility is a hospital, hospital outpatient department, critical access hospital, or an ambulatory surgical center.

If you think you've been balance billed inappropriately, or you didn't consent to these out-of-network services, please see **cms.gov/NoSurprises/Consumers** for more information about your rights under these protections.

Medica calculates your cost-sharing based on the non-network reimbursement amount, as required under applicable law. Medica and a non-network provider who has provided benefits that are subject to the surprise billing protections may later reach agreement on a different non-network provider reimbursement amount through negotiation or independent dispute resolution. Any change in the non-network provider reimbursement amount as a result of a later agreement, that results in additional amounts paid or returned under these agreements, are not considered when determining the amounts you must pay for health services under this Policy.

Exclusions

Certain health services are not covered. Read this Policy for a detailed explanation of all exclusions.

H. Providers

Enrolling in a Medica plan does not guarantee that a particular provider (in the Medica network provider directory) will remain a network provider or provide you with health services. When a provider no longer participates with Medica, you must choose to receive health services from network providers to continue to be eligible for in-network benefits.

If you are currently in an active course of treatment with a treating provider that no longer participates with Medica, you may continue to be eligible for benefits for a period of time if you continue care with that provider. Please see *Continuity of Care* for more information.

We recommend you verify that your provider is a network provider through our Find Care tool prior to receiving health services.

Network providers

Network providers are paid using various types of contractual arrangements, which are intended to promote the delivery of health care in a cost efficient and effective manner. These arrangements are not intended to affect your access to health care. These payment methods may include:

1. A fee-for-service method, such as per service or percentage of charges;
2. A per episode arrangement, such as an amount per day, per stay, per case or per period of illness; or
3. A risk-sharing/value-based arrangement.

The methods by which specific network providers are paid may change from time to time. Methods also vary by network provider. The primary method of payment is fee-for-service.

Fee-for-service payment means that Medica pays the network provider a fee for each service provided. If the payment is per episode, the network provider's payment is determined according to a set fee schedule. The amount the network provider receives is the lesser of the fee schedule or what the network provider would have otherwise billed. If the payment is percentage of charges, the network provider's payment is a set percentage of the provider's billed charge. The amount paid to the network provider, less any applicable copayment, coinsurance or deductible, is considered to be payment in full.

Medica also has risk-sharing/value-based contract arrangements with a number of providers. These contracts include various quality and efficiency measures designed to encourage high quality and efficient total care for members. Such arrangements may involve claims withhold and gain-sharing or risk sharing arrangements between Medica and such providers. Amounts paid or returned under these arrangements are not considered when determining the amounts you must pay for health services under this Policy.

Non-network providers

When a non-emergency service from a non-network provider is covered, the non-network provider is paid a fee for each covered service that is provided. This payment may be less than the charges billed by the non-network provider. **If this happens, you are responsible for paying the difference, in addition to any applicable coinsurance and deductible amount.**

If the *Surprise billing protections* do not apply to a covered non-network benefit, the non-network provider reimbursement amount may be less than the charges billed by the non-network provider. **If this happens, you are responsible for paying the difference, in addition to any applicable coinsurance and deductible amount. Charges in excess of the non-network provider reimbursement amount do not accumulate to your deductible or out-of-pocket maximum.**

I. Submitting a claim

Claims for benefits from network providers

If you receive a bill for any benefit from a network provider, you may submit the claim following the procedures described below, under *Claims for benefits from non-network providers*, or call Member Services at the number on the back of your Medica ID card.

Network providers are required to submit claims within 180 days from when you receive a service. If your provider asks for your health care identification card and you do not identify yourself as a Medica member within 180 days of the date of service, you may be responsible for paying the cost of the service you received.

Claims for benefits from non-network providers

Claim forms can be found in the Document Center at **Medica.com/SignIn** or you may request claim forms by calling Member Services at the number on the back of your Medica ID card. If the claim forms are not sent to you within 15 days, you may submit an itemized statement without the claim form to Medica.You should retain copies of all claim forms and correspondence for your records.

Generally, Medica does not accept assignment of benefits to non-network providers.

You must submit the claim in English along with a Medica claim form to Medica no later than 365 days after receiving benefits. Your Medica member number must be on the claim.

Mail to the address identified on the back of your identification card.

Medica will notify you of authorization or denial of the claim within 30 days of receipt of the claim.

If your claim does not contain all the information Medica needs to make a determination, Medica may request additional information. Medica will notify you of its decision within 15 days of receiving the additional information. If you do not respond to Medica's request within 45 days, your claim may be denied.

Claims for emergency services provided outside the United States

Claims for emergency services rendered in a foreign country will require the following additional documentation:

1. Claims submitted in English with the currency exchange rate for the date health services were received.
2. Itemization of the bill or claim.
3. The related medical records (submitted in English).
4. Proof of your payment of the claim.
5. A complete copy of your passport and airline ticket.
6. Such other documentation as Medica may request.

For emergency services rendered in a foreign country, Medica will pay you directly.

Medica will not reimburse you for costs associated with translation of medical records or claims.

Time limits

If you have a complaint or disagree with a decision by Medica, you may follow the complaint procedure outlined in *Complaints* or you may initiate legal action . Such legal action cannot be made more than three years after the date written proof of loss is made.

J. Referrals and Prior Authorization

Note: Prior authorization (approval in advance) is a clinical review that services are medically necessary. Receiving prior authorization is not a guarantee of payment. Benefits will be determined once a claim is received and will be based upon, among other things, your eligibility and the terms and conditions of this Policy applicable on the date you receive services.

Prior authorization

Certain health services are covered only upon referral. All referrals to non-network providers and certain types of network providers require prior authorization by Medica. Prior authorization from Medica is required before you receive certain services or supplies even if a provider has directed or recommended that you receive the services or supplies in order to determine whether a particular service or supply is medically necessary and a benefit. Medica uses written procedures and criteria when reviewing your request for prior authorization. To determine whether a certain service or supply requires prior authorization, please call Member Services at the number on the back of your Medica ID card.

Your attending provider, you or someone on your behalf may contact Medica to request prior authorization. Your network provider will contact Medica to request prior authorization for a service or supply. You must contact Medica to request prior authorization for services or supplies received from a non-network provider. If a network provider fails to request prior authorization after you have consulted with them about services requiring prior authorization, you are not subject to a penalty for failure to obtain prior authorization.

Emergency services do not require prior authorization.

You do not require prior authorization in order to obtain access to obstetrical or gynecological care from a network provider who specializes in obstetrics or gynecology. However, certain of the specific services provided by that network provider may require prior authorization, as described further in this Policy.

Some of the services that may require prior authorization from Medica include:

1. Reconstructive or restorative surgery procedures;
2. Solid organ and bone marrow transplant services – this prior authorization must be obtained before the transplant workup is initiated;
3. Treatment at a designated facility for complex health conditions;
4. Home health care services;
5. Durable medical equipment;

6. Outpatient surgical procedures;
7. Certain genetic tests;
8. Certain prescription drugs, biologics and biosimilars;
9. Inpatient care, including mental health and substance use disorders, skilled nursing facility services, long-term acute care hospital (LTACH) and acute inpatient rehabilitation (AIR);
10. Certain outpatient mental health and substance use disorder services;
11. Certain imaging services;
12. Certain professionally administered prescription drugs;
13. Non-emergency licensed air ambulance transportation; and
14. In-network benefits for services from non-network providers, with the exception of emergency services.

Certain biologics, biosimilars and professionally administered prescription drugs may be subject to step therapy. In certain cases, it is possible to get an exception to step therapy requirements. To obtain more information about the step therapy exception process call Member Services at the number on the back of your Medica ID card.

Pregnancy/maternity care services do not require prior authorization or a referral and will be covered at the appropriate in-network or out-of-network benefit level.

Please note: This is not an all-inclusive list of all services and supplies that may require prior authorization.

When you, someone on your behalf or your attending provider calls, the following information may be required:

1. Name and telephone number of the provider who is making the request;
2. Name, telephone number, address and type of specialty of the provider to whom you are being referred, if applicable;
3. Services being requested and the date those services are to be rendered (if scheduled);
4. Specific information related to your condition (for example, medical records or a letter of medical necessity from your provider);
5. Other applicable member information (i.e., Medica member number).

Medica will review your request for prior authorization and provide a response to you and your attending provider within ten business days after the date your request was received, provided all information reasonably necessary to make a decision has been given to Medica.

Medica will respond within a time period not exceeding 72 hours from the time of the initial request if 1) your attending provider believes that an expedited review is warranted, or 2) Medica concludes that a delay could seriously jeopardize your life, health or ability to regain maximum function, or 3) you could be subject to severe pain that cannot be adequately managed without the care or treatment you are requesting.

If Medica does not approve the request for prior authorization, you have the right to appeal Medica's decision as described in *Complaints*.

Under certain circumstances, Medica may perform concurrent review to determine whether services continue to be medically necessary. If Medica determines that services are no longer medically necessary, Medica will inform both you and your attending provider in writing of its decision. If Medica does not approve continued coverage, you or your attending provider may appeal Medica's initial decision (see *Complaints*).

Referrals to non-network providers

It is to your advantage to seek Medica's authorization for referrals to non-network providers *before* you receive services. Medica can then tell you what your benefits will be for the services you may receive. Medica will authorize referrals for services from non-network providers only if in-network care is not available in your service area or network access area. The referral must be from an in- network provider. If there is no network provider and no non-network provider available within your service area or network access area, Medica may require you to see a provider that we have negotiated a reduced fee with if that provider is closer to your residence than a requested non-network provider.

If you want to apply for a standing referral to a non-network provider, contact Medica for more information. A standing referral is a referral issued by a network provider and authorized by Medica for conditions that require ongoing services from a specialist provider.

Standing referrals will only be covered for the period of time appropriate to your medical condition. A standing referral may be granted if Medica determines a standing referral clinically appropriate.

Referrals and standing referrals will not be covered to accommodate personal preferences, family convenience, or other non-medical reasons. Referrals will also not be covered for care that has already been provided.

If your request for a standing referral is denied, you have the right to appeal this decision as described in *Complaints*.

<u>What you must do</u>

1. Request a referral or standing referral from a network provider to receive medically necessary services from a non-network provider located in the state of Oklahoma. The referral will be in writing and will:
    a. Indicate the time period during which services must be received; and
    b. Specify the service(s) to be provided; and
    c. Direct you to the non-network provider selected by your network provider.
2. Seek prior authorization from Medica by calling the number on the back of your Medica ID card. Medica does not guarantee coverage of services that are received before you obtain prior authorization from Medica.
3. If prior authorization has been obtained from Medica, pay the same amount you would have paid if the services had been received from a network provider.
4. Pay any charges not authorized for coverage by Medica.

What Medica will do

1. May require that you see another network provider selected by Medica before a determination by Medica that a referral to a non-network provider is medically necessary.
2. May require that you obtain a referral or standing referral from a network provider to a non-network provider practicing in the same or similar specialty.
3. Provide coverage for health services that are:
    a. Otherwise eligible for coverage under this Policy;
    b. Recommended by a network physician; and
    c. Determined by Medica that care is not available from a network provider. If there is no network provider and no non-network provider available within your service area or network access area, Medica may require you to see a provider that we have negotiated a reduced fee with if that provider is closer to your residence than a requested non-network provider.
4. Review your request for prior authorization and respond within ten business days of receipt of your request provided that all information reasonably necessary to make a decision has been given to Medica. However, Medica will respond within a time period not exceeding 72 hours from the time of the initial request if 1) your attending provider believes that an expedited review is warranted, or 2) Medica concludes that a delay could seriously jeopardize your life, health or ability to regain maximum function, or 3) you could be subject to severe pain that cannot be adequately managed without the care or treatment you are seeking.

K. Continuity of care

To request continuity of care or if you have questions about how this may apply to you, call Member Services at the number on the back of your Medica ID card.

If you are currently in an active course of treatment with a treating provider, you have a right to continuity of care. If the contract between Medica and your treating provider terminates without cause, you may be eligible to continue care with that provider. Continuity of care only applies if you are in an active course of treatment with the provider at the time the provider's contract is terminated. This does not apply when the provider's contract is terminated for cause.

Upon request, Medica will authorize continuity of care as described above for the following conditions:

1. An ongoing course of treatment for a life-threatening condition;
2. An ongoing course of treatment for a serious acute condition, such as chemotherapy;
3. Undergoing a course of institutional or inpatient care from the provider or facility, when continuity of care is required under the Federal Consolidated Appropriations Act of 2020 and its implementing regulations;
4. Scheduled non-elective surgery, including postoperative care;

5. Pregnant and undergoing a course of treatment for pregnancy. Health services may continue to be provided through the postpartum period; or

6. An ongoing course of treatment for a health condition for which a treating physician or provider attests that discontinuing care by that physician or provider would worsen the condition or interfere with anticipated outcomes.

Continuity of care, as described above, will continue until the active course of treatment is complete, or 90 days, whichever is shorter. Authorization to continue to receive services from your current primary care provider, specialist or hospital may extend to the remainder of your life if a physician certifies that your life expectancy is 180 days or less.

Medica may require medical records or other supporting documentation from your provider to review your request, and will consider each request on a case-by-case basis. If Medica authorizes your request to continue care with your current provider, Medica will explain how continuity of care will be provided. After that time, your services or treatment will need to be transitioned to a network provider to continue to be eligible for benefits. If your request is denied, Medica will explain the criteria used to make its decision. You may appeal this decision.

If your provider agrees to comply with Medica's prior authorization requirements, provides Medica with all necessary medical information related to your care, and accepts as payment in full the lesser of Medica's network provider reimbursement or the provider's customary charge for the service, then the provider will not be permitted to bill you for the amount in excess of your deductible and coinsurance or copayment described in the *Benefit Chart* section of this Policy.

Coverage will not be provided for services or treatments that are not otherwise covered under this Policy.

If Medica terminates your current provider's contract for cause, Medica will inform you of the change and how your care will be transferred to another network provider.

L. Harmful use of medical services

If it is determined that you are receiving certain prescription drugs in a quantity or manner that may harm your health, benefits for these prescription drugs will be restricted to prescription drugs that are both prescribed by one specific network physician and dispensed by one specific network pharmacy. Failure to receive these prescription drugs in this manner will result in a denial of coverage. Medica will notify you regarding the specific physician and pharmacy assigned for you.

If you have questions about how this provision applies to you, including the specific physician or pharmacy assigned for you, you may call Member Services at the number on the back of your Medica ID card. Additionally, you have the right to appeal Medica's decision concerning the application of this section or the particular physician or pharmacy assigned for you. See *Complaints* for more information on your appeal rights.

M. Medica's Right to Subrogation and Reimbursement

This section describes Medica's right of subrogation and reimbursement. Medica's rights are subject to Oklahoma and federal law. For information about the effect of Oklahoma and federal law on Medica's subrogation rights, contact an attorney.

1. Medica has a right of subrogation and reimbursement against any third party, individual, corporation, insurer or other entity or person who may be legally responsible for payment of medical expenses related to your illness or injury. References to "you" or "your" in this section shall include you, your estate and your heirs and beneficiaries unless otherwise stated. Medica's right of subrogation shall be governed according to this section. Medica's right to recover its subrogation interest applies regardless of whether you have received a full recovery for your illness or injury from another source of compensation for your illness or injury.
2. Medica's subrogation interest is the reasonable cash value of any benefits received by you.
3. Medica's right to recover its subrogation interest may be subject to an obligation by Medica to pay its pro rata share of your disbursements, attorney fees and costs and other expenses incurred in obtaining the recovery from another source unless Medica is separately represented by an attorney. If Medica is represented by an attorney, an agreement regarding allocation may be reached.
4. By accepting coverage under the contract, you agree:
    a. That if Medica pays benefits for medical expenses you incur as a result of any act by a third party for which the third party or may be legally responsible and you later obtain a recovery from the third party, you are obligated to reimburse Medica for the benefits paid in accordance with Oklahoma law.
    b. You will cooperate with Medica in protecting our legal and equitable rights to subrogation and reimbursement including, but not limited to:
        i. Notifying Medica, in writing, of any potential legal claim(s) you may have against any third party for acts which caused benefits to be paid or become payable; and providing prompt written notice to us when you make a claim against a party for injuries.
        ii. Providing all relevant information Medica may reasonably request.
        iii. Providing prompt written notice of Medica's subrogation rights to any party against whom you assert a claim for injuries.
        iv. Signing and/or delivering such documents as we or our agents reasonably request to secure the subrogation and reimbursement claim.
        v. Responding to requests for information about any accident or injuries.
        vi. Making court appearances.
        vii. Obtaining our consent or our agents' consent before releasing any party from liability or payment of medical expenses.
        viii. Holding in trust the proceeds of any settlement or judgment for Medica's benefit under this provision.

c. To do nothing to decrease or limit Medica's rights under this provision, either before or after receiving benefits or under the contract.
d. To comply with the terms of this section in all respects.
e. Medica may take action to preserve its legal rights. This includes bringing suit in your name.

5. Your failure to cooperate with us, and to abide by the terms of this Section relating to subrogation and reimbursement, is considered a breach of contract. As such, we have the right to terminate or deny future benefits, take legal action against you, and/or set off from any future benefits the value of benefits we have paid relating to any sickness or injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to you or your representative not cooperating with us. If we incur attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, we have the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to Medica.

6. We have a first priority right to receive payment on any claim against any third party before you receive payment from that third party. Further, our first priority right to payment is superior to any and all claims, debts or liens asserted by any medical providers, including but not limited to hospitals or emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.

7. Medica's subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to you or your representative, your estate, your heirs and beneficiaries, no matter how those proceeds are captioned or characterized. Payments include, but are not limited to, economic, non-economic, pecuniary, consortium and punitive damages. The Plan is not required to help you to pursue your claim against a responsible third party for damages or personal injuries and no amount of associated costs, including attorneys' fees, shall be deducted from our recovery without the Plan's express written consent. No so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund Doctrine" shall defeat this right.

8. Regardless of whether you have been fully compensated or made whole, we may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, no matter how those proceeds are captioned or characterized. Proceeds from which we may collect include, but are not limited to, economic, non-economic, and punitive damages. No "collateral source" rule, any "Made-Whole Doctrine" or "Make-Whole Doctrine," claim of unjust enrichment, nor any other equitable limitation shall limit our subrogation and reimbursement rights.

9. Benefits paid by us may also be considered to be benefits advanced.

10. If you receive any payment from any party as a result of sickness or injury, and we allege some or all of those funds are due and owed to us, you and/or your representative shall hold those funds in trust, either in a separate bank account in your name or in your representative's trust account.

11. Medica's rights to recovery will not be reduced due to your own negligence.

12. Upon our request, you will assign in writing to us all rights of recovery against third parties, to the extent of the benefits we have paid for the sickness or injury.

13. We may, at our option, take necessary and appropriate action to preserve our rights under these provisions, including but not limited to, providing or exchanging medical payment information with an insurer, the insurer's legal representative or other third party; filing an ERISA reimbursement lawsuit to recover the full amount of medical benefits you receive for the sickness or injury out of any settlement, judgment or other recovery from any third party considered responsible; and filing suit in your name or your estate's name, which does not obligate us in any way to pay you part of any recovery we might obtain. Any ERISA reimbursement lawsuit stemming from a refusal to refund benefits as required under the terms of this Policy is governed by a six-year statute of limitations.

14. You may not accept any settlement that does not fully reimburse Medica, without its written approval.

15. We have the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.

16. In the case of your death, giving rise to any wrongful death or survival claim, the provisions of this section apply to your estate, the personal representative of your estate, and your heirs or beneficiaries. In the case of your death Medica's right of reimbursement and right of subrogation shall apply if a claim can be brought on behalf of you or your estate that can include a claim for past medical expenses or damages. The obligation to reimburse Medica is not extinguished by a release of claims or settlement agreement of any kind.

17. No allocation of damages, settlement funds or any other recovery, by you, your estate, the personal representative of your estate, your heirs, your beneficiaries or any other person or party, shall be valid if it does not reimburse Medica for 100% of its interest unless Medica provides written consent to the allocation.

18. The provisions of this section apply to the parents, guardian, or other representative of a dependent child who incurs a sickness or injury caused by any third party. If a parent or guardian may bring a claim for damages arising out of a minor's sickness or injury, the terms of this subrogation and reimbursement clause shall apply to that claim.

19. If any third party causes or is alleged to have caused you to suffer a sickness or injury while you are covered under this Policy, the provisions of this section continue to apply, even after you are no longer covered.

20. In the event that you do not abide by the terms of this Policy pertaining to reimbursement, Medica may terminate benefits to you, your dependents or the subscriber, deny future benefits, take legal action against you, and/or set off from any future benefits the value of benefits we have paid relating to any sickness or injury alleged to have been caused or caused by any third party to the extent not recovered by Medica due to your failure to abide by the terms of this Policy. If we incur attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, we have the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to Medica.

21. Medica and its subcontractors administering the terms and conditions of this Policy's subrogation and reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of its discretionary authority to (1) construe and enforce the terms of this Policy's subrogation and reimbursement rights and (2) make determinations with respect to the subrogation amounts and reimbursements owed to this Policy.

II. Out-of-Pocket Expenses

You are responsible for paying the cost of a service that is not medically necessary or is not a covered benefit even if the following occurs:

1. A provider performs, prescribes or recommends the service; or
2. The service is the only treatment available; or
3. You request and receive the service even though your provider does not recommend it.

You are responsible for paying the charges incurred when you miss or cancel an appointment.

Please see the *Benefit Chart* section of this Policy for specific information about your in-network and out-of-network benefits and coverage levels. To verify coverage before receiving a particular service or supply, call Member Services at the number on the back of your Medica ID card.

A. Cost sharing: copayments, coinsurance and deductibles

For in-network benefits, you must pay the following:

1. Any applicable copayment, coinsurance and deductible as described in the *Benefit Chart* section of this Policy. When you receive services that are benefits under this Policy from a network provider, you are not responsible for charges from that network provider other than your applicable copayment, coinsurance and deductible.

   You must pay an annual deductible. The time period used to determine how much of your deductible you have satisfied is a calendar year.

2. Any charge that is not covered under this Policy.

For out-of-network benefits, you must pay the following:

1. Any applicable coinsurance and deductible as described in the *Benefit Chart* section of this Policy. The cost sharing reductions described below do not apply to out-of-network benefits.
2. Any charge that exceeds the non-network provider reimbursement amount. **This means you are required to pay the difference between what Medica pays to the provider and what the provider bills. This should not happen if the protections described in *Surprise billing protections* apply. As a result, you may have substantial out-of-pocket expense when you use a non-network provider. In addition, the difference will not be applied toward satisfaction of the deductible (described in more detail later in this section). If you have any questions about surprise billing or balance billing, please call Member Services at the number on the back of your Medica ID card.**

   To inquire about the non-network provider reimbursement amount for a particular procedure, call Member Services at the number on the back of your Medica ID card. When you call, you will need to provide the following:

   - The CPT (Current Procedural Terminology) code for the procedure (ask your non-network provider for this); and
   - The name and location of the non-network provider.

Member Services will provide you with an *estimate* of the non-network provider reimbursement amount based on the information provided at the time of your inquiry. The *actual amount paid* will be based on the information received at the time the claim is submitted and subject to all applicable benefit provisions, exclusions and limitations, including but not limited to coinsurance and deductible.

3. Any charge that is not covered under this Policy.

See Out-of-network benefits in *Benefits* for more information.

Cost sharing reductions

Cost-sharing is a combination of coinsurance, copayments and your deductible.

If the Marketplace determines you are eligible for a cost-sharing reduction, you will be offered one of three silver cost-sharing variations based on your household income. This will lower your cost-sharing for in-network benefits. If you move between different Medica cost-sharing variations because of a redetermination of your eligibility for a specific cost-sharing variation, the time period does not start again when you move to a new cost-sharing variation, including a standard silver plan. Because different variations may have different deductibles, if you move to a plan with a higher deductible because of a change in your income, you will have to meet the new higher deductible, but the amounts you paid already will be counted toward the new higher deductible. You might also move to a plan with a lower deductible based on a change in income, if you have already satisfied the high deductible, it will count toward your new deductible and out-of-pocket maximums, but you will not receive a rebate of the excess you have paid over your new deductible.

In the event a cost-sharing variation plan is no longer available through the Marketplace as outlined in the *Ending Coverage* section, and you move to the standard cost-sharing version of that same plan, the time period for determining your cost-sharing does not start again for that calendar year.

For example, if you satisfy a $500 deductible and pay $100 in copayments in one plan variation, then move to a different plan variation with a $750 deductible as a result of a change in eligibility, the $500 would apply towards the new deductible and you would need to satisfy the remaining $250 of the new deductible.

American Indians and Alaska Natives

If the Marketplace determines you are eligible for a zero cost-sharing variation, you will be offered a zero cost-sharing variation of the plan you have chosen. This will eliminate your cost-sharing for in-network benefits. An individual that the Marketplace determines is an American Indian or Alaska Native will have no cost sharing required on in-network benefits received from Indian Health Services, an Indian Tribe, Tribal Organization, or Urban Indian Organization (each as defined in 25 U.S.C. 1603), or through a referral under contract health services, as contract health services are defined and provided pursuant to 42 C.F. R. Subpart C and any other guidance issued pursuant to that section.

B. In-network out-of-pocket maximum

The out-of-pocket maximum is described in the out-of-pocket expenses table in the *Benefit Chart* section of this Policy.

Medica refunds the amount over the in-network out-of-pocket maximum during any calendar year when proof of excess in-network copayments, coinsurance and deductible is received and verified by Medica.

III. Covered Benefits

Prior authorization (approval in advance) is required before you receive certain services listed below. To determine if Medica requires prior authorization for a particular service or treatment, please call Member Services at the number on the back of your Medica ID card. Please see *Prior authorization* in *Referrals and Prior Authorization* for more information about prior authorization requirements and processes.

A. Ambulance

Medica covers ambulance services as described in the *Benefit Chart* section of this Policy. Air ambulance benefits include protections from surprise billing, as described in *Surprise billing protections.*

Not covered:

1. Ambulance transportation to another hospital when care for your condition is available at the network hospital where you were first admitted.
2. Non-emergency ambulance transportation services (except as described in the *Benefit Chart* section of this Policy).

B. Anesthesia

Medica covers anesthesia services as described in the *Benefit Chart* section of this Policy. Anesthesia services will be covered as in-network benefits when received from a non-network provider under the circumstances described in *Surprise billing protections.*

C. Chiropractic

Medica covers chiropractic services to diagnose and to treat conditions related to muscles, skeleton and nerves of the body. This includes spinal manipulations, manual muscle stimulations or other conjunctive or manipulative therapies.

Not covered:

Massage therapy which is performed in conjunction with other treatment by a chiropractor as part of a prescribed treatment plan that is billed separately.

D. Diabetes Management and Supplies

Medica covers:

- diabetes self-management training and education, including medical nutrition therapy, received from a provider in a program consistent with national educational standards (as established by the American Diabetes Association) and patient management home visits when medically necessary;
- diabetic equipment and supplies, including blood glucose meters when received from a pharmacy;

- insulin pumps and their related supplies when received from a durable medical equipment provider; and
- routine foot care if part of treatment for diabetes.

E. Diagnostic Imaging

Medica covers diagnostic imaging services such x-rays and other imaging services when:

- ordered by a provider, and
- provided in a clinic or outpatient hospital facility.

Diagnostic imaging services will be covered as in-network benefits when received from a non-network provider under the circumstances described in *Surprise billing protections*.

F. Durable Medical Equipment, Prosthetics and Miscellaneous Medical Supplies

Medica covers only a limited selection of durable medical equipment and certain supplies that meet the criteria established by Medica. Some items ordered by your physician, even if medically necessary, may not be covered. The list of eligible durable medical equipment and certain supplies is periodically reviewed and modified by Medica. To request a list of Medica's eligible durable medical equipment and certain supplies, call Member Services at the number on the back of your Medica ID card.

Medica determines if durable medical equipment will be purchased or rented. Medica's approval of rental of durable medical equipment is limited to a specific period of time. To request approval for an extension of the rental period, call Member Services at the number on the back of your Medica ID card.

Quantity limits may apply to durable medical equipment, prosthetics and medical supplies.

If the durable medical equipment or prosthetic device is covered by Medica, but the model you select is not Medica's standard model, you will be responsible for the cost difference. A standard model is defined durable medical equipment that meets the minimum specifications prescribed for your needs.

Diabetic equipment and supplies, other than insulin pumps and the equipment and supplies related to insulin pumps, are covered under the *Prescription Drugs* section of this Policy.

In-network benefits apply to durable medical equipment and certain supplies and prosthetic services prescribed by a physician and received from a network durable medical equipment provider, as described in the *Benefit Chart* section of this Policy when prescribed by a network provider.

To request a list of network durable medical equipment providers, call Member Services at the number on the back of your Medica ID card.

Out-of-network benefits apply to durable medical equipment and certain supplies and prosthetic services prescribed by a physician and received from a non-network provider

located in the state of Oklahoma. Please see *Out-of-network benefits* in *Benefits* for more information.

Not covered:

1. Durable medical equipment and supplies, prosthetics and appliances not on the Medica eligible list.
2. Charges in excess of the Medica standard model of durable medical equipment or prosthetics.
3. Repair, replacement or revision of properly functioning durable medical equipment and prosthetics, including, but not limited to, due to loss, damage or theft.
4. Duplicate durable medical equipment and prosthetics, including repair, replacement or revision of duplicate items.
5. Disposable supplies and appliances, except as described in this Policy.

G. Emergency Room

Medica covers emergency room services, as described in the *Benefit Chart* section of this Policy, where a prudent layperson would believe that a condition or symptom requires immediate treatment to:

1. Preserve your life; or
2. Prevent serious impairment to your bodily functions, organs or parts; or
3. Prevent placing your physical or mental health in serious jeopardy.

Emergency services from non-network providers will be covered as in-network benefits. To be eligible for coverage from non-network providers, services must be due to an emergency or an emergency medical condition*, as defined in Definitions*.

You must notify Medica of emergency inpatient services as soon as reasonably possible after receiving inpatient services. Call Member Services at the number on the back of your Medica ID card.

If you are confined in a non-network facility as a result of an emergency, you will be eligible for in-network benefits unless you have validly consented to post-stabilization care from non-network providers. Please see *Surprise billing protections* for more information.

If the health services that you require do not meet the definition of emergency, you should refer to the most specific section of this Policy for a description of your benefits.

To be eligible for in-network benefits after an emergency, follow-up care or scheduled care must be received from a network provider.

For information on submitting claims for emergency services received in a foreign country, refer to *Submitting a claim*.

Not covered:

Transfers and admissions to network hospitals solely at the convenience of the member.

H. Gender Affirmation Care

Medica covers medically necessary treatment for gender dysphoria, as defined in the Diagnostic and Statistical Manual of Mental Disorders. Treatment includes surgical and non-surgical services and mental health services.

Medically necessary surgical and non-surgical services for the treatment of gender dysphoria are not cosmetic.

Medical necessity review is based on Medica's policy, which references multiple resources, including but not limited to the World Professional Association for Transgender Health (WPATH) Standards of Care for the Health of Transsexual, Transgender and Gender Nonconforming People.

Please note: Coverage for prescription drugs that are medically necessary for the treatment of gender dysphoria is as described in *Prescription Drugs* and *Prescription Specialty Drugs* in this section.

Not covered:

Gender affirming services, care or treatment that are not medically necessary.

I. Genetic Counseling and Testing

Medica covers genetic counseling, whether pre-test or post-test, and whether occurring in an office, clinic or through telehealth. Medica also covers genetic testing when the test will directly affect treatment decisions or frequency of screening for a disease, or when results of the test will affect reproductive choices. Please see the *Benefit Chart* section of this Policy for more information.

Not covered:

1. Genetic testing when performed in the absence of symptoms or high risk factors for a heritable disease.
2. Genetic testing when knowledge of genetic status will not affect treatment decisions, frequency of screening for the disease or reproductive choices.
3. Genetic testing that has been performed in response to direct to consumer marketing and not under the direction of your physician.

J. Hearing Aids and Services

Medica covers hearing exams. Medica also covers hearing aids as described in the *Benefit Chart* section of this Policy.

Medica covers only a limited selection of hearing aids that meet the criteria established by Medica. Some items ordered by your provider, even if medically necessary, may not be covered. The list of hearing aids is periodically reviewed and modified by Medica. To request a list of Medica's hearing aids, call Member Services at the number on the back of your Medica ID card.

If the hearing aids are covered by Medica, but the model you select is not Medica's standard model, you will be responsible for the cost difference. A standard model is defined durable medical equipment that meets the minimum specifications prescribed for your needs.

To request a list of hearing aid vendors, call Member Services at the number on the back of your Medica ID card.

Not covered:

1. Hearing aids not on the Medica eligible list.
2. Charges in excess of the Medica standard model of hearing aids.
3. Repair, replacement or revision of properly functioning hearing aids, including, but not limited to, due to loss, damage or theft.
4. Duplicate hearing aids, including repair, replacement or revision of duplicate items.

K. Home Health Care

Important: *Out-of-network benefits* are not provided for home health care services.

Medica covers skilled care in your place of residence for members that are homebound. Skilled services must be ordered by a physician who has conducted a face-to-face assessment per Medicare guidelines. (Exception: You are not required to be homebound to be eligible for home infusion therapy or services received in your home from a physician.)

Covered home health aide services must be ordered by a physician and related to the active and specific treatment of the covered member. Services and care must be provided by a home health aide that is supervised by a skilled service provider in accordance with Medicare guidelines.

To be considered homebound, a physician must certify that you are homebound. To be homebound means the following:

- Leaving your home is not recommended because of your condition.
- Your condition keeps you from leaving your home without help (such as using a wheelchair or walker, needing special transportation or getting help from another person).
- Leaving home takes a considerable and taxing effort.

A person may leave home for a medical treatment or short, infrequent absences for non-medical reasons, such as attending religious services. You can still get home health care if you attend adult day care, but you would get the home care services in your home. A dependent child may still be considered homebound when attending school where life support specialized equipment and help are available.

Please note: Your place of residence is where you make your home. This may be your own dwelling, a relative's home, an apartment complex that provides assisted living services or some other type of institution. However, an institution will not be considered your home if it is a hospital or skilled nursing facility.

Benefits in the *Benefit Chart* section of this Policy apply to covered home health care services received from a network home health care agency. Please see the *Benefit Chart* for more information.

Not covered:

1. Home health care provided by a non-network provider.
2. Companion, homemaker and personal care services.
3. Services provided by a member of your family.
4. Custodial care and other non-skilled services.
5. Physical, occupational or speech therapy provided in your home for convenience.
6. Skilled nursing care or skilled physical or occupational therapy provided in your home when you are not homebound.
7. Speech therapy provided in your home when you are not homebound.
8. Services primarily educational in nature.
9. Vocational and job rehabilitation.
10. Recreational therapy.
11. Self-care and self-help training (non-medical).
12. Health clubs.
13. Disposable supplies and appliances, except as described in this Policy.
14. Physical, occupational or speech therapy services when there is no reasonable expectation of improvement.
15. Voice training.
16. Outpatient rehabilitation services when no medical diagnosis is present.
17. Prescription drugs provided or administered by a physician or other provider, except those prescription drugs that meet the definition of "professionally administered prescription drugs." Coverage for "professionally administered prescription drugs" is as described under *Professionally Administered Prescription Drugs*. Coverage for prescription drugs is as described in *Prescription Drugs*, *Prescription Specialty Drugs* or otherwise described as a specific benefit elsewhere in this section.

L. Hospice

Medica covers hospice services including respite care. Care must be ordered, provided or arranged under the direction of a physician and received from a hospice program. Important: Out-of-network benefits are not provided for hospice services. Hospice services are covered only if arranged through a physician and received from a network hospice program.

Hospice services are comprehensive palliative medical care and supportive social, emotional and spiritual services. These services are provided to terminally ill persons and their families, primarily in the patients' homes. A hospice interdisciplinary team, composed of

professionals and volunteers, coordinates an individualized plan of care for each patient and family. The goal of hospice care is to make patients as comfortable as possible to enable them to live their final days to the fullest in the comfort of their own homes and with loved ones.

Medica contracts with hospice programs to provide hospice services to members. The specific hospice services you receive may vary depending upon which program you select.

Respite care is a form of hospice services that gives uncompensated primary caregivers (i.e., family members or friends) rest or relief when necessary to maintain a terminally ill member at home.

To be eligible for the hospice benefits described in this section, you must:

1. Be a terminally ill patient; and
2. Have chosen a palliative treatment focus (i.e., one that emphasizes comfort and supportive services rather than treatment attempting to cure the disease or condition).

You will be considered terminally ill if there is a written medical prognosis by your physician that your life expectancy is six months or less if the terminal illness runs its normal course. This certification must be made not later than two days after the hospice care is initiated.

Members who elect to receive hospice services do so in place of curative treatment for their terminal illness for the period they are enrolled in the hospice program.

You may withdraw from the hospice program at any time upon written notice to the hospice program. You must follow the hospice program's requirements to withdraw from the hospice program.

Not covered:

1. Hospice services provided by a non-network provider.
2. Respite care for more than five consecutive days at a time.
3. Home health care and skilled nursing facility services when services are not consistent with the hospice program's plan of care.
4. Services not included in the hospice program's plan of care, including room and board charges or fees.
5. Services not provided by the hospice program.
6. Hospice daycare, except when recommended and provided by the hospice program.
7. Any services provided by a family member or friend, or individuals who are residents in your home.
8. Financial or legal counseling services, except when recommended and provided by the hospice program.
9. Housekeeping or meal services in your home, except when recommended and provided by the hospice program.
10. Bereavement counseling, except when recommended and provided by the hospice program.

M. Hospital

Medica covers physician directed hospital and ambulatory surgical center services as described in the *Benefit Chart* section of this Policy. More than one copayment or coinsurance may be required if you receive more than one service, or see more than one provider per visit.

Important: The most specific and appropriate section of this Policy will apply for benefits related to the treatment of a specific condition.

When an inpatient stay spans an old and new policy year, the benefit for charges billed on the hospital claim will be based on the old policy year provisions. Certain covered services received, such as a physician visit or lab and pathology services, performed during the inpatient stay but billed separately from the hospital, will apply to the benefits in effect on the date the covered service was provided.

If your coverage under this Policy ends during your inpatient stay, Medica will not cover the portion of your inpatient stay or other services received after this Policy terminates.

Not covered:

1. Prescription drugs received at a hospital on an outpatient basis, except prescription drugs that meet the definition of "professionally administered prescription drugs" or prescription drugs received in an emergency room or a hospital observation room. Coverage for "professionally administered prescription drugs" is as described under *Professionally Administered Prescription Drugs.* Coverage for prescription drugs is as described in *Prescription Drugs* and *Prescription Specialty Drugs*.
2. Admission to another hospital is not covered when care for your condition is available at the network hospital where you were first admitted.

N. Infertility Services

Medica's coverage is limited to the diagnosis of infertility as described in the *Benefit Chart* section of this Policy. Coverage includes benefits for professional, hospital and ambulatory surgical services. All services, supplies and associated expenses for the treatment of infertility are not covered.

Not covered:

1. Procedures, tests or other services that are exclusively provided to monitor the effectiveness of non-covered fertilization procedures.
2. Physician, hospital and ambulatory surgical center services for the treatment of infertility.
3. Infertility prescription drugs.
4. Assisted reproductive technology services, including but not limited to: in vitro fertilization (IVF), gamete and zygote intrafallopian transfer (GIFT and ZIFT) procedures; tubal embryo transfer; intracytoplasmic sperm injection (ICSI); ova or

embryo acquisition, retrieval, donation, preservation, and/or storage; and/or any conception that occurs outside the woman's body.

5. Services related to surrogate pregnancy for a person not covered as a member under this Policy.
6. Services related to adoption.
7. Collection, retrieval, purchase, freezing and/or storage of sperm or eggs.
8. Services for intrauterine insemination (IUI).

O. Lab and Pathology

Medica covers services provided in a clinic or outpatient hospital facility as described in the *Benefit Chart* section of this Policy. Inpatient lab and pathology services are covered at the *Hospital* or *Skilled Nursing Facility* benefit level as described in the *Benefit Chart* section of this Policy.

Lab and pathology services will be covered as in-network benefits when received from a non-network provider under the circumstances described in *Surprise billing protections*.

Please note: Lab and pathology for preventive health care services are covered at the *Preventive Health Care* benefit level as described in the *Benefit Chart* section of this Policy.

P. Maternity

Medica covers medical services for prenatal care, labor and delivery, postpartum care and related complications as described in the *Benefit Chart* section of this Policy.

Under the **Newborns' and Mothers' Health Protection Act of 1996** Medica may not restrict benefits for any hospital stay in connection with childbirth for the mother or newborn child member to less than 48 hours following a vaginal delivery (or less than 96 hours following a cesarean section). However, federal law generally does not prohibit the mother or newborn child member's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours, as applicable). In any case, Medica may not require a provider to obtain prior authorization from Medica for a length of stay of 48 hours or less (or 96 hours, as applicable).

More than one copayment or coinsurance may be required if you receive more than one service or see more than one provider per visit. Medica encourages you to enroll your newborn dependent under this Policy within 30 days from the date of birth, date of placement for adoption or date of adoption.

Each member's hospital admission is separate from the admission of any other member. That means a separate deductible and copayment or coinsurance will be applied to both you and your newborn for inpatient services related to labor and delivery.

Not all services that are received during your pregnancy are considered prenatal care. Some of the services that are not considered prenatal care include (but are not limited to) treatment of the following:

1. Conditions that existed prior to (and independently of) the pregnancy, such as diabetes or lupus, even if the pregnancy has caused those conditions to require more frequent care or monitoring.
2. Conditions that have arisen concurrently with the pregnancy but are not directly related to care of the pregnancy, such as back and neck pain or skin rash.
3. Miscarriage and ectopic pregnancy.

Services that are not considered prenatal care may be eligible for coverage under the most specific and appropriate section of this Policy. Please refer to the *Benefit Chart* section of this Policy for coverage information.

When an inpatient stay spans an old and new policy year, the benefit for charges billed on the hospital claim will be based on the old policy year provisions. Certain covered services received, such as a physician visit or lab and pathology services, performed during the inpatient stay but billed separately from the hospital, will apply to the benefits in effect on the date the covered service was provided.

If your coverage under this Policy ends during your inpatient stay, Medica will not cover the portion of your inpatient stay or other services received after this Policy terminates.

Maternity services will be covered as in-network benefits when received from a non-network provider under the circumstances described in *Surprise billing protections*.

Not covered:

1. Health care professional services for maternity labor delivery in the home.
2. Services from a doula.
3. Childbirth and other educational classes.

Q. Medical Related Dental

Medica covers certain dental services received from a physician or dentist as described in the *Benefit Chart* section of this Policy.

Not covered:

1. General dentistry including, but not limited to, diagnostic and preventive services, restorative services, endodontic services, periodontal services, indirect fabrications, dentures and bridges, and orthodontic services.
2. Dental services to treat an injury from biting or chewing.
3. Treatment for bruxism.
4. Tooth extractions.
5. Osteotomies and other procedures associated with the fitting of dentures or dental implants.
6. Dental prostheses.
7. Occlusal adjustment or occlusal equilibrium.
8. Dental implants (tooth replacement).

9. Orthognathic surgery for cosmetic purposes.
10. Diagnostic casts, diagnostic study models and bite adjustments.
11. Treatment of temporomandibular joint (TMJ) dysfunction.
12. Any other dental procedures or treatment, whether the dental treatment is needed because of a primary dental problem or as a manifestation of a medical treatment or condition.

R. Mental Health

Medica covers services to diagnose and treat mental disorders listed in the current edition of the *Diagnostic and Statistical Manual of Mental Disorders* as described in the *Benefit Chart* section of this Policy.

In-network mental health benefits

Medica requires prior authorization (approval in advance) before you receive certain mental health services or treatment. To determine if Medica requires prior authorization for a particular service or treatment, please call your plan's designated mental health and substance use disorder provider at the number on the back of your Medica ID card. Please see *Referrals and Prior Authorization* in the *Introduction* for more information about prior authorization requirements and processes.

Your plan's designated mental health and substance use disorder provider will coordinate your network mental health services. If you require hospitalization, your plan's designated mental health and substance use disorder provider will refer you to one of its hospital providers. **Please note: The hospital network for medical services and mental health and substance use disorder services may not be the same. Call your plan's designated mental health and substance use disorder provider at the number on the back of your Medica ID card.**

Emergency mental health services are covered as in-network benefits. After receiving emergency mental health inpatient services please notify your plan's designated mental health and substance use disorder provider at the number on the back of your Medica ID card as soon as reasonably possible.

Mental Health services will be covered as in-network benefits when received from a non-network provider under the circumstances described in *Surprise billing protections*.

Outpatient mental health services include:

1. Diagnostic evaluations and psychological testing.
2. Psychotherapy and psychiatric services.
3. Intensive outpatient programs, including day treatment and partial programs, which may include multiple services/modalities and lodging, delivered in an outpatient setting (up to 19 hours per week).
4. Intensive behavioral and developmental therapy for the treatment of autism spectrum disorder when provided in accordance with an individualized treatment plan prescribed by the member's treating physician or mental health professional.

5. Relationship and family therapy if there is a clinical diagnosis.
6. Treatment of serious or persistent disorders.
7. Diagnostic evaluation for attention deficit hyperactivity disorder (ADHD) or autism spectrum disorder.
8. Treatment of pathological gambling.

Inpatient services include:

1. Room and board.
2. Attending psychiatric services.
3. Hospital or facility-based professional services.
4. Partial program. This may be in a freestanding facility or hospital based. Active treatment is provided through specialized programming with medical/psychological intervention and supervision during program hours. Partial program means a treatment program of 20 hours or more per week and may include lodging.
5. Mental health residential treatment services. Mental health residential treatment services must be provided in a program or facility that is licensed, accredited or certified to provide such services by the appropriate state agency, or accredited by CARF International or JCAHO.

   These services include:

   a. A mental health residential treatment program serving children and adolescents with severe emotional disturbance; or
   b. A licensed or certified mental health treatment program providing intensive therapeutic services.

Out-of-network mental health benefits

Mental health services from a non-network provider listed below and received in the state of Oklahoma will be eligible for coverage under out-of-network benefits as described in the Benefit Chart section of this Policy provided that the health care professional or facility is licensed, certified, or otherwise qualified under state law to provide the mental health services and practice independently:

1. Psychiatrist
2. Psychologist
3. Registered nurse certified as a clinical specialist or as a nurse practitioner in psychiatric and mental health nursing
4. Mental health clinic.
5. Mental health residential treatment center
6. Independent clinical social worker
7. Marriage and family therapist
8. Hospital that provides mental health services

Not covered:

1. Services for mental disorders not listed in the current edition of the *Diagnostic and Statistical Manual of Mental Disorders.*
2. Services, care or treatment that are not medically necessary.
3. Relationship and family therapy in the absence of a clinical diagnosis.
4. Telephonic psychotherapy treatment services, unless such services are provided in accordance with Medica's policies and procedures.
5. Services beyond the initial evaluation to diagnose developmental disability or learning disabilities, as those conditions are defined in the current edition of the *Diagnostic and Statistical Manual of Mental Disorders*.
6. Services, including room and board charges, provided by providers or facilities that are not appropriately licensed, certified or otherwise qualified under state law to provide mental health services. This includes, but is not limited to, services provided by mental health providers who are not authorized under state law to practice independently, and services received at a halfway house, therapeutic group home, boarding school or ranch.
7. Services to assist in activities of daily living that do not seek to cure and are performed regularly as a part of a routine or schedule.
8. Room and board charges associated with mental health residential treatment services that do not provide all of the following: room and board; group, family and individual counseling; client education; other services specific to substance use disorder treatment; on-site medical/psychiatric assessment within 48 hours of admission, medical/psychiatric follow-up visits at least once per week; and nursing coverage.
9. Prescription drugs provided or administered by a physician or other provider, except those prescription drugs that meet the definition of "professionally administered prescription drugs." Coverage for "professionally administered prescription drugs" is as described under *Professionally Administered Prescription Drugs.* Coverage for prescription drugs is as described in *Prescription Drugs*, *Prescription Specialty Drugs* or otherwise described as a specific benefit elsewhere in this section.

S. Office Visits

Medica covers office visits as described in the *Benefit Chart* section of this Policy.

Important: The most specific and appropriate section of this Policy will apply for benefits related to the treatment of a specific condition. For some services, there may be a facility charge resulting in copayment or coinsurance in addition to the provider services copayment or coinsurance. More than one copayment or coinsurance may also be required if you receive more than one service, or see more than one provider per visit. Call Member Services at the number on the back of your Medica ID card to determine in advance whether a specific procedure is a benefit and the applicable coverage level for each service that you receive.

Please note: This benefit does not include services received from locations using "hospital-based outpatient billing" practices. The most specific and appropriate benefit in this Policy will apply for each service received at that type of provider. If you are unsure if your provider uses these billing practices, please contact them. The protections set forth in the *Surprise billing protections* do not apply to office visits.

Not covered:

Prescription drugs provided or administered by a physician or other provider, except those prescription drugs that meet the definition of "professionally administered prescription drugs." Coverage for "professionally administered prescription drugs" is as described under *Professionally Administered Prescription Drugs.* Coverage for prescription drugs is as described in *Prescription Drugs*, *Prescription Specialty Drugs* or otherwise described as a specific benefit elsewhere in this section.

T. Organ and Bone Marrow Transplants and Other Complex Health Conditions

Medica covers certain organ and bone marrow transplant services and services for other complex health conditions. Not all network hospitals are in-network for organ and bone marrow transplants and other complex health conditions. Services covered under this section must be provided under the direction of a physician and received at a designated facility. Coverage under this section is provided for certain complex health conditions and certain types of organ or bone marrow transplants and related services (including organ acquisition and procurement) that are:

- medically necessary,
- appropriate for the diagnosis,
- without contraindications, and
- non-investigative.

Organ and Bone Marrow Transplants: Medica uses specific medical criteria to determine benefits for organ and bone marrow transplant services. Because medical technology is constantly changing, Medica reserves the right to review and update these medical criteria. Benefits for each individual member will be determined based on the clinical circumstances of the member according to Medica's medical criteria.

Coverage is provided for the following human organ transplants, if appropriate, under Medica's medical criteria and not otherwise excluded from coverage:

- kidney,
- lung,
- heart,
- heart/lung,
- pancreas,
- pancreas/kidney,

- intestinal,
- liver,
- allogeneic, autologous and syngeneic bone marrow. Bone marrow transplants include the transplant of stem cells from bone marrow, peripheral blood and umbilical cord blood.

The preceding is not a comprehensive list of eligible organ and bone marrow transplant services.

In-network benefits apply to transplant services provided by a network provider and received at a designated facility for transplant services. Medica has entered into separate contracts to provide certain transplant-related health services to members receiving transplants. You may be evaluated and listed as a potential recipient at multiple designated facilities for transplant services.

For in-network benefits, Medica requires that all pre-transplant, transplant and post-transplant services, from the time of the initial evaluation through no more than one year after the date of the transplant, be received at one designated facility (that you select from among the list of transplant facilities Medica provides). Based on the type of transplant you receive, Medica will determine the specific time period medically necessary for these services.

Other Complex Health Conditions: Defined services from the designated specialty complex care provider are covered when:

1. You have received an undifferentiated diagnosis or diagnosis of a complex condition;
2. You have been referred to the designated facility by your network provider;
3. The designated facility has agreed to provide to you complex care health services; and
4. You or your network referring provider have received an authorization number from Medica.

Complex care health services are services provided for the exclusive purpose of treating a complex health condition that involves one or more of the following elements: (i) is life threatening; (ii) may cause serious disability or other severe consequences, including risk of morbidity or mortality; (iii) affects multiple organ systems; (iv) the required treatments are technically challenging and carry a risk of serious complications;(v) is medically complex or rare; or (vi) previous treatments have failed or there is no known diagnosis for the condition. A condition may meet one or more of the above criteria but still not require complex care health services. Whether treatment of a condition requires the provision of complex care health services will be determined by your network provider and the designated facility, in consultation with Medica.

Important: An approved referral is required before you receive complex care health services. Please see *Referrals to non-network providers* in *Referrals and Prior Authorization* for more information about referral requirements and the process for receiving an authorized referral.

Services covered under this section must be provided under the direction of a specialty complex care provider and received at a designated facility. Coverage under this section is provided for complex care medical services and that are:

- medically necessary,
- appropriate for the condition
- without contraindications, and
- non-investigative.

In-network benefits for complex health conditions under this section apply to complex care health services provided at the designated facility by a specialty complex care provider.

Out-of-network benefits for complex health conditions under this section apply to complex care health services provided by a non-network provider located in the state of Oklahoma.

Not covered:

1. Organ and bone marrow transplant services, except as described in this section.
2. Supplies and services related to transplants that would not be authorized by Medica under the medical criteria referenced in this section.
3. Chemotherapy, radiation therapy, prescription drugs or any therapy used to damage the bone marrow and related to transplants that would not be authorized by Medica under the medical criteria referenced in this section.
4. Living donor transplants that would not be authorized by Medica under the medical criteria referenced in this section.
5. Islet cell transplants except for autologous islet cell transplants associated with pancreatectomy.
6. Services required to meet the patient selection criteria for the authorized procedure. This includes:
    - treatment of nicotine or caffeine addiction,
    - services and related expenses for weight loss programs,
    - nutritional supplements,
    - appetite suppressants, and
    - supplies of a similar nature not otherwise covered under this Policy.
7. Mechanical, artificial or non-human organ implants or transplants and related services that would not be authorized by Medica under the medical criteria referenced in this section.
8. Services that are investigative.
9. Private collection and storage of umbilical cord blood for directed use.
10. Prescription drugs provided or administered by a physician or other provider on an outpatient basis, except those prescription drugs that meet the definition of "professionally administered prescription drugs." Coverage for "professionally administered prescription drugs" is as described under *Professionally Administered Prescription Drugs.* Coverage for prescription drugs is as described in *Prescription Drugs* and *Prescription Specialty Drugs* or otherwise described as a specific benefit in this Policy.

11. Services provided by a network facility that is not a designated facility.

U. Physical, Occupational and Speech Therapy

Medica covers the following rehabilitative and habilitative care:

- outpatient physical therapy,
- outpatient speech therapy, and
- outpatient occupational therapy,

as described in the *Benefit Chart* section of this Policy. A physician must direct your care.

Not covered:

1. Services primarily educational in nature.
2. Vocational and job rehabilitation.
3. Recreational therapy.
4. Self-care and self-help training (non-medical).
5. Health clubs.
6. Physical, occupational or speech therapy services when there is no reasonable expectation of improvement.
7. Voice training.
8. Group physical**,** speech and occupational therapy.

V. Prescription Drugs

Prescription drugs and supplies are covered if they are:

- Prescribed by an authorized provider,
- Included on Medica's prescription drug list (unless identified as not covered), and
- Received from a network pharmacy.

Important: Medica does not provide coverage for prescription drugs and other pharmacy services provided by out-of-network pharmacies.

The *Benefit Chart* section of this Policy describes your copayment or coinsurance for prescription drugs themselves. An additional copayment or coinsurance applies for the provider's services if you require that a provider administer self-administered prescription drugs, as described in other applicable sections of this Policy. For these purposes, "self-administered prescription drugs" are prescription drugs that do not meet the definition of "professionally administered prescription drugs."

Coverage for specialty prescription drugs (prescription drugs used to treat complex conditions and which may require special handling) is described in the next section, *Prescription Specialty Drugs.*

While diabetic equipment and supplies, including blood glucose meters, are covered under the diabetic equipment and supplies benefit in this section, coverage for insulin pumps and related supplies is described under *Durable Medical Equipment, Prosthetics and Miscellaneous Medical Supplies*.

Medica's Prescription Drug List

Medica's prescription drug list (Drug List) is comprised of prescription drugs that meet the medical needs of our members and have proven safety and effectiveness. It includes both brand-name and generic prescription drugs. The prescription drugs on this list have been approved by the Food and Drug Administration (FDA). The Drug List identifies whether a prescription drug is classified by Medica as a preferred generic, generic, preferred brand or non-preferred brand prescription drug. A team of physicians and pharmacists meets regularly to review and update the Drug List. Your provider can use this list to select prescription drugs for your health care needs, while helping you maximize your prescription drug benefit. You will be notified in advance if there are any changes to the Drug List that affect prescription drugs you are receiving.

The terms "generic" and "brand name" are used in the health care industry in different ways. To better understand your coverage, please review the following:

Generic: A prescription drug: (1) that contains the same active ingredient as a brand name prescription drug and is chemically equivalent to a brand name prescription drug in strength, concentration, dosage form and route of administration; or (2) that Medica identifies as a preferred generic or generic product. Medica uses industry standard resources to determine a prescription drug's classification as either brand name or generic. Not all products identified as "generic" by the manufacturer, pharmacy or your provider may be classified by Medica as generic.

The Drug List includes preferred generic prescription drugs and generic prescription drugs. These prescription drugs are your lower copayment or coinsurance options. Consider a preferred generic or generic covered prescription drug if you and your provider decide such a prescription drug is appropriate for your treatment. Covered preferred generic prescription drugs may be identified in the Drug List as Tier 1 and covered generic prescription drugs may be identified as Tier 2.

Brand: A prescription drug: (1) that is manufactured and marketed under a trademark or name by a specific prescription drug manufacturer; or (2) that Medica identifies as a brand name product. Medica uses industry standard resources to determine a prescription drug's classification as either brand name or generic. Not all products identified as "brand name" by the manufacturer, pharmacy or your provider may be classified by Medica as brand name.

Preferred brand prescription drugs on the Drug List have a higher copayment or coinsurance. You may consider a preferred brand covered prescription drug to treat your condition if you and your provider decide it is appropriate. Covered preferred brand prescription drugs may be identified in the Drug List as Tier 3.

Non-preferred brand prescription drugs have the highest copayment or coinsurance. The covered non-preferred brand prescription drugs are usually more costly. Covered non-preferred brand prescription drugs may be identified in the Drug List as Tier 4.

If you have questions about the Drug List or whether a specific prescription drug is covered (and/or whether the prescription drug is preferred generic, generic, preferred brand or non-

preferred brand), or if you would like to request a copy of the Drug List at no charge, call Member Services at the number on the back of your Medica ID card. It is also available on **Medica.com/SignIn.**

Prescription unit

A prescription unit is the amount that will be dispensed unless it is limited by the prescription drug manufacturer's packaging, dosing instructions or Medica's prescription drug request guidelines. This includes quantity limits that are indicated on the Drug List. Copayment or coinsurance amounts will apply to each prescription unit dispensed.

One prescription unit from a pharmacy is a 31-consecutive-day supply (or, in the case of contraceptives, up to a one-cycle supply).

Medica has specifically designated certain network pharmacies to dispense multiple prescription units. These pharmacies may dispense three prescription units for covered prescription drugs prescribed to treat chronic conditions. For the list of these designated pharmacies, visit **Medica.com/SignIn** or call Member Services.

Special requirements

For some prescription drugs there are special requirements that must be met in order to receive coverage. These include:

Prior authorization (PA)

Certain prescription drugs require prior authorization (approval in advance) from Medica in order to be covered. These prescription drugs are shown on the Drug List with the abbreviation "PA." The Drug List is available to providers, including pharmacies. Please see *Prior authorization* in *Referrals and Prior Authorization* for more information about prior authorization requirements and processes. Your network provider who prescribes the prescription drug should initiate the prior authorization process. You must contact Member Services to request prior authorization for prescription drugs prescribed by a non-network provider. You will pay the entire cost of the prescription drug received if you do not meet Medica's prior authorization criteria.

Step therapy (ST)

Certain prescription drugs require completion of step therapy in order to be covered. The prescription drugs subject to step therapy are shown on the Drug List with the abbreviation "ST." You must meet applicable step therapy requirements before Medica will cover these preferred brand or non-preferred brand prescription drugs.

Quantity limits (QL)

Certain covered prescription drugs have limits on the maximum quantity allowed per prescription over a specific time period. The prescription drugs subject to quantity limits are shown on the Drug List with the abbreviation "QL." Some quantity limits are based on the manufacturer's packaging, FDA labeling or clinical guidelines.

Pharmacy requirement

Certain self-administered cancer treatment prescription drugs must be obtained from a Medica-designated specialty pharmacy in order to be covered.

Generic requirement

Certain covered preferred brand and non-preferred brand prescription drugs include a chemically equivalent generic prescription drug on the Drug List. If you still choose to use a preferred brand or non-preferred brand prescription drug, Medica will pay the amount that Medica would have paid had you received the generic prescription drug. You will pay, in addition to the applicable deductible, copayment or coinsurance described in the table, any remaining charges due to the pharmacy in excess of Medica's payment to the pharmacy. **These charges are not applied to your deductible or out-of-pocket maximum.**

If your provider requests that a preferred brand or non-preferred brand prescription drug be dispensed as written and there is a chemically equivalent generic prescription drug on the Drug List, the prescription drug will be covered at the non-preferred brand benefit level.

Please note that receiving preferred brand or non-preferred brand prescription drugs when an equivalent generic prescription drug is on the Drug List may result in significantly higher out-of-pocket costs.

Exceptions to the Drug List

In certain cases, it is possible to get an exception to the coverage rules described under *Medica's Prescription Drug List* above. **Please note that exceptions will only be allowed when specific clinical criteria are satisfied.** Any exception that Medica grants will improve the coverage by only one benefit level. No member cost sharing will apply for exceptions applicable to preventive health services.

If you have a health condition that may seriously jeopardize your life, health or ability to regain maximum function or if you are undergoing a current course of treatment with a prescription drug not included on the Drug List, an expedited review may be requested. Medica will make a determination and provide notification on an expedited review request within 24 hours of receiving the request. For all other exception requests (standard requests), Medica will make a determination and provide notification within 72 hours of receiving the request.

If Medica denies your request for an exception, you, your provider or other designee may request an independent review of Medica's decision by an external review organization. To make a request, you may call Member Services at the number on the back of your Medica ID card or contact Medica by writing to Member Services, Route CP595, PO Box 9310, Minneapolis, MN 55440-9310. You will be notified of the external review organization's decision within 72 hours of receipt of the request for external review, unless you are requesting review of a denial that was completed as an expedited review. In that case, you will be notified of the external review organization's decision within 24 hours of receipt of the request for external review.

If you would like to request a copy of the Drug List exception process or for more information regarding the expedited review process, call Member Services at the number on the back of your Medica ID card.

Not covered:

1. Prescription drugs, including diabetic equipment and supplies and preventive prescription drugs and other supplies, received at a non-network pharmacy.

2. Any amount above what Medica would have paid when you fail to identify yourself to the pharmacy as a member. (Medica will notify you before enforcement of this provision.)
3. Over the counter (OTC) drugs that by federal or state law do not require a prescription order or refill and any medication that is therapeutically equivalent to an OTC drug.
4. Replacement of a prescription drug due to loss, damage or theft.
5. Appetite suppressants.
6. Weight loss medications.
7. Sexual dysfunction medications.
8. Non-sedating antihistamines and non-sedating antihistamine/decongestant combinations.
9. Proton pump inhibitors, except for members twelve (12) years of age and younger, and those members who have a feeding tube.
10. Prescription drugs prescribed by a provider who is not acting within his/her scope of licensure.
11. Homeopathic medicine.
12. Infertility prescription drugs.
13. Specialty prescription drugs, except as described in *Prescription Specialty Drugs*.
14. Prescription drugs and supplies not listed on the Drug List, unless covered through the exception process described in this Policy. Such exclusions are in addition to prescription drugs or classes of prescription drugs excluded under other provisions of this Policy.
15. Bulk powders, chemicals and products used in prescription drug compounding.
16. Products that are duplicative to, or are in the same class and category as, products on the Drug List.
17. New to market prescription drugs: Products recently approved by the FDA and introduced into the market will not be covered until they are reviewed and considered for placement on the Drug List.

W. Prescription Specialty Drugs

Specialty prescription drugs are high-technology, high cost, oral or injectable prescription drugs used for the treatment of certain diseases that require complex therapies. Many specialty prescription drugs require special handling and in most cases are prescribed by a specialist.

Specialty prescription drugs are covered if they are:

- Prescribed by an authorized provider,
- Included on the Drug List (unless identified as not covered), and
- Received from a designated specialty pharmacy.

A current list of designated specialty pharmacies is available on **Medica.com/SignIn**. You can also call Member Services at the number on the back of your Medica ID card.

The *Benefit Chart* section of this Policy describes your copayment or coinsurance for the specialty prescription drug. An additional copayment or coinsurance will apply for a provider's services if you require that they administer a self-administered prescription drug. For these purposes, "self-administered prescription drugs" are prescription drugs that do not meet the definition of "professionally administered prescription drugs."

Important: Medica does not provide coverage for prescription drugs and other pharmacy services provided by out-of-network pharmacies.

Medica's Specialty Prescription Drug Program

The Drug List is comprised of prescription drugs that meet the medical needs of our members and have been selected based on their safety, effectiveness, uniqueness and cost. These prescription drugs have been approved by the FDA. A team of physicians and pharmacists meets regularly to review and update the Drug List. Specialty prescription drugs are displayed on the Drug List as Tier 5. The *Benefit Chart* section of this Policy describes your copayment or coinsurance for the specialty prescription drug.

You and your provider can use this list to select prescription drugs for your health care needs, while helping you maximize your prescription drug benefit. You will be notified in advance if there are any changes to the Drug List that affect prescription drugs you are receiving.

If you have questions about the Drug List or whether a specific specialty prescription drug is covered (and/or the benefit level at which the prescription drug may be covered), or if you would like to request a copy of the Drug List, at no charge, call Member Services at the number on the back of your Medica ID card. It is also available on **Medica.com/SignIn**.

Prescription unit

One prescription unit from a designated specialty pharmacy is a 31-consecutive-day supply.

A prescription unit is the amount that will be dispensed unless it is limited by the prescription drug manufacturer's packaging, dosing instructions or Medica's prescription drug request guidelines. This includes quantity limits that are indicated on the Drug List. Copayment or coinsurance amounts will apply to each prescription unit dispensed.

Special requirements

For some prescription drugs there are special requirements that must be met in order to receive coverage. These include:

Prior authorization

Certain specialty prescription drugs require prior authorization (approval in advance) from Medica in order to be covered. These prescription drugs are shown on the Drug List with the abbreviation "PA." The Drug List is available to providers, including designated specialty pharmacies. Please see *Prior authorization* in *Referrals and Prior Authorization* for more information about prior authorization requirements and processes. Your network provider who prescribes the prescription drug should initiate the prior authorization process. You must contact Member Services to request prior authorization for prescription drugs

prescribed by a non-network provider. You will pay the entire cost of the prescription drug received if you do not meet Medica's prior authorization criteria.

Step therapy (ST)

Certain specialty prescription drugs require completion of step therapy. The prescription drugs subject to step therapy are shown on the Drug List with the abbreviation "ST." You must meet applicable step therapy requirements before Medica will cover the requested prescription drug.

Quantity limits (QL)

Certain covered specialty prescription drugs have limits on the maximum quantity allowed per prescription over a specific period of time. These specialty prescription drugs are shown on the Drug List with the abbreviation "QL." Some quantity limits are based on the manufacturer's packaging, FDA labeling or clinical guidelines.

Exceptions to the Drug List

In certain cases, it is possible to get an exception that will cover a specialty prescription drug that is generally not covered. **Please note that exceptions will only be allowed when specific clinical criteria are satisfied.** Any specialty prescription drug exception that Medica grants will be covered at Tier 5.

If you have a condition that may seriously jeopardize your life, health or ability to regain maximum function or if you are undergoing a current course of treatment with a prescription drug not included on the Drug List, an expedited review may be requested. Medica will make a determination and provide notification on an expedited review request within 24 hours of receiving the request. For all other exception requests (standard requests), Medica will make a determination and provide notification within 72 hours of receiving the request.

If Medica denies your request for an exception, you, your provider or other designee may request an independent review of Medica's decision by an external review organization. To make a request, you may call Member Services at the number on the back of your Medica ID card or contact Medica by writing to Member Services, Route CP595, PO Box 9310, Minneapolis, MN 55440-9310. You will be notified of the external review organization's decision within 72 hours of receipt of the request for external review, unless you are requesting review of a denial that was completed as an expedited review. In that case, you will be notified of the external review organization's decision within 24 hours of receipt of the request for external review.

If you would like to request a copy of the Drug List exception process or for more information regarding the expedited review process, call Member Services at the number on the back of your Medica ID card.

Not covered:

1. Specialty prescription drugs noted on the Drug List with a 'SP' indicator and received from a pharmacy that is not a designated specialty pharmacy.
2. Any amount above what Medica would have paid when you fail to identify yourself to the designated specialty pharmacy as a member. (Medica will notify you before enforcement of this provision.)
3. Replacement of a specialty prescription drug due to loss, damage or theft.

4. Specialty prescription drugs prescribed by a provider who is not acting within their scope of licensure.
5. Prescription drugs and OTC drugs, except as described in *Prescription Drugs*.
6. Weight loss medications.
7. Specialty prescription drugs not listed on the Drug List, unless covered through the exception process described in this Policy.
8. Infertility drugs.
9. New to market prescription drugs: Products recently approved by the FDA and introduced into the market will not be covered until they are reviewed and considered for placement on the Drug List.

X. Preventive Health Care

Medica covers the following eligible preventive health services as described in the *Benefit Chart* section of this Policy:

1. Child health supervision services, including well-baby care.
2. Immunizations.
3. Early disease detection services including physicals.
4. Routine screening procedures for cancer.
5. Women's preventive health services including mammograms, screenings for cervical cancer, human papillomavirus (HPV) testing, counseling for sexually transmitted infections, counseling for immunodeficiency virus (HIV), BRCA genetic testing and related genetic counseling (when appropriate) and sterilization.
6. Other preventive health services.

Please see the definition of Preventive Health Services for more information.

Please note: If you receive preventive and non-preventive health services during the same visit, the non-preventive health services may be subject to a copayment, coinsurance or deductible, as described in other applicable sections in the *Benefit Chart* section of this Policy. The most specific and appropriate benefit will apply for each service received during a visit.

Y. Professionally Administered Prescription Drugs

Medica covers medically necessary professionally administered prescription drugs that are administered, in conjunction with a covered benefit such as an office visit or home health care visit, by a provider acting within the scope of the provider's license, on an outpatient basis in a hospital, provider's office or in your home.

Prior authorization (approval in advance) is required before you receive certain biologics, biosimilars and professionally administered prescription drugs. Certain biologics, biosimilars and professionally administered prescription drugs may be subject to step therapy. In certain

cases, it is possible to get an exception to step therapy requirements. To obtain more information about the step therapy exception process call Member Services at the number on the back of your Medica ID card.

If you require certain professionally administered prescription drugs, we may direct you to a designated facility with whom we have an arrangement to provide those certain professionally administered prescription drugs. Such designated facilities may include an outpatient pharmacy, specialty pharmacy, home health care agency, home infusion provider, hospital-affiliated pharmacy or hemophilia treatment center contracted pharmacy. If you or your provider administering the professionally administered prescription drugs are directed to a designated facility and you or your provider choose not to obtain your professionally administered prescription drug from that designated facility, benefits are not available under this Policy for that professionally administered prescription drug.

Z. Reconstructive and Restorative Surgery (Including Mastectomy Reconstruction)

Medica covers medically necessary reconstructive and restorative surgery services. To be eligible, reconstructive and restorative surgery services must be medically necessary and not cosmetic.

Medica will cover all stages of reconstruction of the breast on which the mastectomy was performed and surgery and reconstruction of the other breast to produce a symmetrical appearance. Medica will also cover prostheses and physical complications, including lymphedemas, at all stages of mastectomy.

Not covered:

1. Revision of blemishes on skin surfaces and scars (including scar excisions) primarily for cosmetic purposes, unless otherwise covered in this Policy.
2. Repair of a pierced body part and surgical repair of bald spots or loss of hair.
3. Repairs to teeth, including any other dental procedures or treatment, whether the dental treatment is needed because of a primary dental problem or as a manifestation of a medical treatment or condition.
4. Services and procedures primarily for cosmetic purposes.
5. Surgical correction of male breast enlargement primarily for cosmetic purposes.
6. Hair transplants.
7. Prescription drugs provided or administered by a physician or other provider on an outpatient basis, except those prescription drugs that meet the definition of "professionally administered prescription drugs." Coverage for "professionally administered prescription drugs" is as described under *Professionally Administered Prescription Drugs.* Coverage for prescription drugs is as described in *Prescription Drugs* and *Prescription Specialty Drugs,* or otherwise described as a specific benefit in this Policy.
8. Orthognathic surgery for cosmetic purposes.

AA. Skilled Nursing Facility

Medica covers skilled nursing facility services as described in the *Benefit Chart* section of this Policy. Care must be provided under the direction of a physician.

Skilled nursing facility services will be covered as in-network benefits when received from a non-network provider under the circumstances described in *Surprise billing protections*.

Not covered:

1. Custodial care and other non-skilled services.
2. Self-care or self-help training (non-medical).
3. Services primarily educational in nature.
4. Vocational and job rehabilitation.
5. Recreational therapy.
6. Health clubs.
7. Physical, occupational or speech therapy services when there is no reasonable expectation of improvement.
8. Voice training.
9. Outpatient rehabilitation services when no medical diagnosis is present.
10. Group physical, speech and occupational therapy.

BB. Sleep Studies

Medica covers sleep studies as described in the *Benefit Chart* section of this Policy.

CC. Substance Use Disorder

Medica covers the diagnosis and treatment of substance use disorders listed in the current edition of *Diagnostic and Statistical Manual of Mental Disorders*.

In-network substance use disorder benefits

Medica requires prior authorization (approval in advance) before you receive certain substance use disorder services or treatment. To determine if Medica requires prior authorization for a particular service or treatment, please call your plan's designated mental health and substance use disorder provider at the number on the back of your Medica ID card. Please see *Referrals and Prior Authorization* in the *Introduction* for more information about prior authorization requirements and processes.

Your plan's designated mental health and substance use disorder provider will coordinate your network substance use disorder health services. If you require hospitalization, your plan's designated mental health and substance use disorder provider will refer you to one of its hospital providers. Please note: The hospital network for medical services and mental

health and substance use disorder services may not be the same. Call your plan's designated mental health and substance use disorder provider at the number on the back of your Medica ID card.

Emergency substance use disorder services are covered as in-network benefits. After receiving emergency substance use disorder inpatient services please notify your plan's designated mental health and substance use disorder provider at the number on the back of your Medica ID card as soon as reasonably possible.

Substance use disorder services will be covered as in-network benefits when received from a non-network provider under the circumstances described in *Surprise billing protections*.

Outpatient substance use disorder services include:

1. Diagnostic evaluations.
2. Outpatient treatment.
3. Medication-assisted treatment (the use of prescription drugs in conjunction with counseling and behavioral therapies to help maintain sobriety, prevent relapse, and reduce craving in order to sustain recovery).
4. Intensive outpatient programs, including day treatment and partial programs, which may include multiple services/modalities and lodging, delivered in an outpatient setting.

Inpatient substance use disorder services include:

1. Room and board.
2. Attending physician services.
3. Hospital or facility-based professional services.
4. Partial program. This may be in a freestanding facility or hospital based. Active treatment is provided through specialized programming with medical/psychological intervention and supervision during program hours. Partial program means a treatment program of 20 hours or more per week and may include lodging.
5. Substance use disorder residential treatment services. These are services from a licensed chemical dependency rehabilitation program that provides intensive therapeutic services following detoxification.

Out-of-network substance use disorder benefits

Substance abuse services from a non-network provider listed below and received in the state of Oklahoma will be eligible for coverage under out-of-network benefits as described in the *Benefit Chart* section of this Policy provided that the health care professional or facility is licensed, certified, or otherwise qualified under state law to provide the substance use disorder services and practice independently.

1. Psychiatrist
2. Psychologist
3. Registered nurse certified as a clinical specialist or as a nurse practitioner in psychiatric and mental health nursing

4. Chemical dependency clinic
5. Substance use disorder residential treatment center
6. Hospital that provides substance use disorder services
7. Independent clinical social worker
8. Marriage and family therapist

Not covered:

1. Services for substance use disorders not listed in the current edition of the *Diagnostic and Statistical Manual of Mental Disorders*.
2. Services, care or treatment that is not medically necessary.
3. Services to hold or confine a person under chemical influence when no medical services are required, regardless of where the services are received.
4. Telephonic substance use disorder treatment services, unless such services are provided in accordance with Medica's policies and procedures.
5. Services, including room and board charges, provided by providers or facilities that are not:
   - appropriately licensed,
   - certified, or
   - otherwise qualified under state law to provide substance use disorder services.

   This includes, but is not limited to:
   - services provided by mental health or substance use disorder providers who are not authorized under state law to practice independently, and
   - services received from a halfway house, therapeutic group home, boarding school or ranch.
6. Room and board charges associated with substance use disorder treatment services that do not provide all of the following: room and board; group, family and individual counseling; client education; other services specific to substance use disorder treatment; on-site medical/psychiatric assessment within 48 hours of admission, medical/psychiatric follow-up visits at least once per week; and nursing coverage.
7. Services to assist in activities of daily living that do not seek to cure and are performed regularly as a part of a routine or schedule.
8. Prescription drugs provided or administered by a physician or other provider, except those prescription drugs that meet the definition of "professionally administered prescription drugs." Coverage for "professionally administered prescription drugs" is as described under *Professionally Administered Prescription Drugs*. Coverage for prescription drugs is as described in *Prescription Drugs*, *Prescription Specialty Drugs* or otherwise described as a specific benefit elsewhere in this section.

DD. Urgent Care

Medica covers urgent care center visits as described in the *Benefit Chart* section of this Policy.

EE. Vision

Medica covers vision services for members under age 19 including frames, lenses or contact lenses and certain low vision aids when prescribed solely for vision correction, and related fittings as described in the *Benefit Chart* section of this Policy. Lenses include single vision, bifocal, trifocal or lenticular, with choice of glass or plastic lenses and scratch resistance coating. Medica also covers non-elective contact lenses for the following medical conditions:

- keratoconus;
- pathological myopia;
- aphakia;
- anisometropia;
- aniseikonia;
- aniridia;
- corneal disorders;
- post-traumatic disorders; and
- irregular astigmatism.

Not Covered:

1. The purchase, replacement or repair of low vision aids, eyeglasses, eyeglass frames or contact lenses when prescribed solely for vision correction, and their related fittings for members 19 years of age or older.
2. Refractive eye exams for members 19 years of age and older.
3. Refractive eye surgery.

FF. Exclusions

Medica will not provide coverage for any of the services, treatments, supplies or items described below even if it is recommended or prescribed by a provider or it is the only available treatment for your condition. **Important: The list below describes exclusions <u>in addition to</u> the services, supplies and associated expenses already listed as Not covered elsewhere in this Policy.** These include:

1. Services that are not medically necessary. This includes but is not limited to services inconsistent with the medical standards and accepted practice parameters of the community and services inappropriate—in terms of type, frequency, level, setting and duration—to the diagnosis or condition.

2. Services or prescription drugs used to treat conditions that are cosmetic in nature, unless otherwise determined to be reconstructive.
3. Hearing aids (including internal, external or implantable hearing aids or devices) and other devices to improve hearing, and their related fittings, except cochlear implants and their related fittings and except as specifically stated in this Policy.
4. A prescription drug, device or medical treatment or procedure that is investigative.
5. Services or supplies not directly related to care.
6. Autopsies, except as stated in this Policy.
7. Enteral feedings, unless they are the sole source of nutrition; however, enteral feedings of standard infant formulas, standard baby food and regular grocery products used in blenderized formulas are excluded regardless of whether they are the sole source of nutrition.
8. Nutritional and electrolyte substances except as specifically described in this Policy.
9. Physical, occupational or speech therapy when there is no reasonable expectation of improvement.
10. Reversal of voluntary sterilization.
11. Personal comfort or convenience items or services.
12. Custodial care, unskilled nursing or unskilled rehabilitation services.
13. Respite or rest care except as otherwise covered in this Policy under *Hospice*.
14. Travel, transportation or living expenses. Certain travel or living expenses may be partially reimbursed when approved by Medica and related to services that have been authorized by Medica as described in *Organ and Bone Marrow Transplants and Other Complex Health Conditions*.
15. Household equipment, fixtures, home modifications and vehicle modifications.
16. Services to treat nicotine addiction except as stated in this Policy under *Prescription Drugs*.
17. Massage therapy, provided in any setting, even when it is part of a comprehensive treatment plan.
18. Routine foot care, except for members with diabetes, blindness, peripheral vascular disease, peripheral neuropathies and significant neurological conditions such as Parkinson's disease, Alzheimer's disease, multiple sclerosis and amyotrophic lateral sclerosis (ALS).
19. Services by persons who are family members or who share your legal residence.
20. Services for which coverage is available under workers' compensation, employer liability or any similar law.
21. Unless requested by Medica, charges for duplicating and obtaining medical records from non-network providers and non-network dentists.
22. Services prohibited by law or regulation.

23. Services to treat injuries that occur while on military duty; and any services received as a result of war, or any act of war (whether declared or undeclared) while serving in the military or an auxiliary unit attached to the military or working in an area of war whether voluntarily or as required by an employer.
24. Exams, other evaluations or other services received solely for the purpose of employment, insurance or licensure.
25. Exams, other evaluations or other services received solely for the purpose of judicial or administrative proceedings or research, except emergency examination of a child ordered by judicial authorities.
26. Non-medical self-care or self-help training.
27. Educational classes, programs or seminars, including but not limited to childbirth classes, except as described in this Policy.
28. Coverage for costs associated with translation of medical records and claims to English.
29. Treatment for superficial veins, also referred to as telangiectasia, threat, reticular or spider veins.
30. Services not received from or under the direction of a physician, except as described in this Policy.
31. Elective, induced abortions, except as medically necessary to protect the life of the mother.
32. Therapeutic acupuncture, dry needling or services billed by an acupuncturist.
33. Services for or related to vision therapy and orthoptic and/or pleoptic training, except as described in this Policy.
34. Sensory Integration including Auditory Integration Training.
35. Orthognathic surgery for cosmetic purposes.
36. Treatment of obesity, including morbid obesity, regardless of the patient's history or diagnosis, including but not limited to weight reduction or dietary control programs; surgical procedures; prescription or nonprescription drugs or medications such as vitamins (whether to be taken orally or by injection), minerals, appetite suppressants, or nutritional supplements; and any complications resulting from weight loss treatments or procedures.
37. Charges that are eligible, paid or payable under any medical payment, personal injury protection, automobile or other coverage that is payable without regard to fault, including charges that are applied toward any deductible, copayment or coinsurance requirement of such coverage.
38. Private duty nursing services given in a hospital or skilled nursing facility.
39. Medical and hospital services that are directly related to a non-covered service will not be paid. If a particular type of service is denied, the bundle of services that accompanies that service, services that would not have been provided but for the provision of the non-covered service, are not covered. Medica does cover emergency services that are received to treat complications of a non-covered service.

40. Services which are not within the scope of licensure or certification of the provider.
41. Charges for services by a non-network provider in excess of the non-network provider reimbursement amount.
42. Non-emergency transportation, except as described in this Policy.
43. Non-emergency services received outside the United States and non-network non-emergency services received outside the state of Oklahoma.
44. Services solely for or related to the treatment of snoring.
45. Services provided to treat injuries or illness as a result of committing a felony or attempting to commit a felony.
46. Interpreter services.
47. Charges for interest, mailing and delivery.
48. Prescription drugs provided or administered by a physician or other provider on an outpatient basis, except those prescription drugs that meet the definition of "professionally administered prescription drugs." Coverage for "professionally administered prescription drugs" is as described under *Professionally Administered Prescription Drugs*. Coverage for prescription drugs is as described in *Prescription Drugs* and *Prescription Specialty Drugs* or otherwise described as a specific benefit in this Policy.
49. Any form, mixture or preparation of cannabis for medical or therapeutic use and any device or supplies related to its administration.
50. Non medical services (including but not limited to legal services, social rehabilitation, educational services except as described in this Policy, vocational rehabilitation, job placement services, animals and any service or treatment related to animals).
51. Assisted reproductive technology services, including but not limited to: in vitro fertilization (IVF); gamete intrafallopian transfer (GIFT); zygote intrafallopian transfer (ZIFT); tubal embryo transfer; intracytoplasmic sperm injection (ICSI); ova or embryo acquisition, retrieval, donation, preservation and/or storage; and/or any conception that occurs outside the woman's body.
52. Services for intrauterine insemination (IUI).
53. Collection, retrieval, purchase, freezing and/or storage of sperm or eggs.
54. Services related to adoption.
55. Prescription drugs, supplies, biologics and biosimilars that have not been approved by the FDA.
56. Medical devices that have not been approved by the FDA, other than those granted a humanitarian device exemption.
57. New to market biologics, biosimilars and professionally administered prescription drugs. Biologics, biosimilars and professionally administered prescription drugs recently approved by the FDA (including approval for a new indication) will not be covered until they are reviewed and approved for coverage by Medica.

58. Professionally administered prescription drugs that do not meet both of the following requirements: (a) administered in conjunction with a covered benefit and (b) administered by a provider acting within the scope of the provider's license.

59. Treatment of temporomandibular joint (TMJ) dysfunction.

IV. Coordination of Benefits

Coordination of this contract's benefits with other benefits

The Coordination of Benefits (COB) provision applies when a person has health care coverage under more than one plan. Plan is defined below.

The order of benefit determination rules govern the order in which each plan will pay a claim for benefits. The plan that pays first is called the primary plan. The primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another plan may cover some expenses. The plan that pays after the primary plan is the secondary plan. The secondary plan may reduce the benefits it pays so that payment from all plans does not exceed 100% of the total allowable expense.

A. Definitions

The following words or terms, when used in this subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

Allowable expense means any necessary, reasonable, and customary item of expense at least a portion of which is covered under at least one of the Plans covering the person for whom claim is made except where a statute requires a different definition. However, items of expense under coverage such as dental care, vision care, prescription drug or hearing aid programs may be excluded from the definition of allowable expense. A plan which provides benefits only for any such items of expense may limit its definition of allowable expense to like items of expense. When a Plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered shall be deemed to be both an Allowable Expense and a benefit paid. The difference between the cost of a private hospital room and the cost of a semi-private hospital room shall not be deemed to be an Allowable Expense, except for the period of time during which the patient's confinement to a private hospital room is deemed medically necessary in terms of generally accepted medical practice.

Plan includes the following:

(A) Group and nongroup insurance contracts and subscriber contracts;

(B) Uninsured arrangements of group or group-type coverage;

(C) Group and nongroup coverage through closed panel plans;

(D) Group-type contracts;

(E) The medical care components of long-term care contracts, such as skilled nursing care;

(F) The medical benefits coverage in automobile "no fault" and traditional automobile "fault" type contracts;

(G) Medicare or other governmental benefits, as permitted by law, except as provided in a state plan under Medicaid. That part of the definition of plan may be limited to the hospital, medical and surgical benefits of the governmental program; and

(H) Group and nongroup insurance contracts and subscriber contracts that pay or reimburse for the cost of dental care.

Plan does not include:

(A) Hospital indemnity coverage benefits or other fixed indemnity coverage;

(B) Accident only coverage;

(C) Specified disease or specified accident coverage;

(D) Limited benefit health coverage;

(E) School accident-type coverages that cover students for accidents only, including athletic injuries, either on a twenty-four-hour basis or on a "to and from school" basis;

(F) Benefits provided in long-term care insurance policies for non-medical services, for example, personal care, adult day care, homemaker services, assistance with activities of daily living, respite care and custodial care or for contracts that pay a fixed daily benefit without regard to expenses incurred or the receipt of services;

(G) Medicare supplement policies;

(H) A state plan under Medicaid; or

(I) A governmental plan, which, by law, provides benefits that are in excess of those of any private insurance plan or other non-governmental plan; or

(J) Disability income protection coverage.

This plan means that portion of this Policy which provides the benefits that are subject to this subchapter.

B. Benefit payments

When a person is covered by two or more plans, the following claims administration procedures shall be followed for COB claims:

(1) Improving exchange of benefit information.

(A) There should be continued and improved education of claim personnel stressing accurate and prompt completion of the HIC Duplicate Coverage Inquiry (DUP-1) Form by the inquiring carrier and the responding carrier. This education effort should also be encouraged through local claim associations.

(B) Claim personnel should be encouraged to make every effort, including use of the telephone, to speed up exchange of COB information. All carriers shall respond to inquiries at least thirty (30) days from receipt of such inquiries.

(C) Carriers should encourage building a local date file of other group plans in the area, with at least basic information on group health plans for major employers.

(2) **Time limits for payment.** Each carrier shall establish a time limit after which full or partial payment should be made. When payment of a claim is necessarily delayed for reasons other than the application of a COB provision, investigation of other valid coverage should be conducted concurrently so as to create no further delay in the ultimate payment on benefits.

C. Effect on the benefits of this plan

(1) **Determining benefits.** This section shall apply in determining the benefits as to a person covered under the Plan for any claim determination period if, for the allowable expense incurred as to such person during such period, the sum of:

(a) the benefits that would be payable under this Plan in the absence of this provision, and

(b) the benefits that would be payable under all other Plans in the absence therein of provisions of similar purpose to this provision would exceed such Allowable Expenses.

(2) **Claim determination period.** As to any claim determination with respect to which this section is applicable the benefits that would be payable under this Plan in the absence of this provision for the allowable expenses incurred as to such person during such claim determination period shall be reduced to the extent necessary to that the sum of such reduced benefits and all the benefits payable for such allowable expenses under all other Plans, except as provided in 3. of this section, shall not exceed the total of such allowable expenses. Benefits payable under another Plan include the benefits that would have been payable had claim been duly made therefore.

(3) **Coordination of benefits.** The benefits of another Plan will be ignored for the purpose of determining the benefits under this Plan if:

(a) the other Plan which is involved in (b) of this section and which contains a provision coordinating its benefits with those of this Plan would, according to its rules, determine its benefits after the benefits of this plan have been determined, and

(b) the rules set forth in (d) of this section would require this Plan to determine its benefits before such other Plan.

(4) **Order of benefit determination.** For the purpose of (c) of this section, the rules establishing the order of benefit determination are:

(a) The benefits of a Plan which covers the person on whose expenses claim is based other than as a dependent shall be determined before the benefits of a Plan which covers such person as a dependent.

(b) The following guidelines apply with respect to claims regarding dependent children:

(i.) Except for cases of a person for whom claim is made as a dependent child whose parents are separated or divorced, the benefits of a plan which covers the person on which expenses claim is based as a dependent of a person whose date of birth, excluding year of birth, occurs earlier in a calendar year, shall be determined before the benefits of a Plan which covers such person as a dependent of a person whose date of birth, excluding year of birth, occurs later in a calendar year. If either Plan does not have the provisions of this paragraph regarding dependents, which results either in each Plan determining benefits before the other or in each Plan determining its benefits after the other, the provisions of this paragraph shall not apply, and the rule set forth in the Plan which does not

have the provisions of this paragraph shall determine the order of benefits.

(ii.) In the case of a person for whom claim is made as a dependent child whose parents are separated or divorced and the parent with custody of the child has not remarried, the benefits of a Plan which covers the child as a dependent of the parent with custody of the child will be determined before the benefits of a Plan which covers the child as a dependent of the parent without custody.

(iii.) In the case of a person for whom claim is made as a dependent child whose parents are divorced and the parent with custody of the child has remarried, the benefits of a Plan which covers the child as a dependent of the parent with custody shall be determined before the benefits of a Plan which covers that child as a dependent of the stepparent, and the benefits of a Plan which covers that child as a dependent of the stepparent will be determined before the benefits of a Plan which covers that child as a dependent of the parents without custody.

(iv.) In the case of a person for whom claim is made as a dependent child whose parents are separated or divorced, where there is a court decree which would otherwise establish financial responsibility for the medical, dental or other health care expenses with respect to the child, then, notwithstanding (B) and (C) of this paragraph, the benefits of a Plan which covers the child as a dependent of the parent with such financial responsibility shall be determined before the benefits of any other Plan which covers the child as a dependent child.

(c) When (a) and (b) of this subsection do not establish an order of benefit determination, the benefits of a Plan which has covered the person on whose expenses claim is based for the longer period time shall be determined before the benefits of a Plan which has covered such person the shorter period of time, provided that:

(i.) the benefits of a plan covering the person on whose expenses claim is based as a laid-off or retired employee, or dependent of such person, shall be determined after the benefits of any other Plan covering such person as an employee, other than a laid-off or retired employee, or dependent of such person; and

(ii.) if either Plan does not have a provision regarding laid-off or retired employees, which results in each Plan determining its benefits after the other, then the provisions of (A) above shall not apply.

(d) When a claim under a Plan with a COB provision involves another Plan which also has a COB provision, the carriers involved should use the rules in (1) through (3) of this subsection to decide the order in which the benefits payable under the respective plans will be determined. Note:

(i.) In determining the length of time an individual has been covered under a given Plan, two successive Plans of a given group shall be deemed to be one continuous Plan so long as the claimant concerned was eligible for

coverage within 24 hours after the prior Plan terminated. Thus, neither a change in the amount of scope of benefits provided by a Plan, a change in the carrier insuring the Plan, nor a change from one type of Plan to another, (e.g. single employer to multiple employer Plan, or vice versa, or single employer to a Taft-Hartley Welfare Plan) would constitute the start of a new Plan for purposes of this paragraph.

(ii.) If a claimant's effective date of coverage under a given Plan is subsequent to the date the carrier first contracted to provide the Plan for the group concerned (employer, union, association, etc.), then, the absence of specific information to the contrary, the carrier shall assume, for purposes of this paragraph, that the claimant's length of time covered under that plan shall be measured from claimant's effective date of coverage. If a claimant's effective date of coverage under a given Plan is the same as the date the carrier first contracted to provide the Plan for the group coverage, then the carrier shall request the group concerned to furnish the date the claimant first became covered under the earliest of any prior Plans the group may have had. If such date is not readily available, the date the claimant first became a member of the group shall be used as the date from which to determine the length of time his coverage under that Plan has been in force.

(e) Some Plans have order of benefit determination rules not consistent with this section which declare that the Plan's coverage is "excess" to all others, or "always secondary". This occurs because:

(i.) certain Plans may not be subject to insurance section; or

(ii.) some group contracts have not yet been conformed with this section pursuant to the effective date.

(f) A Plan with order of benefit determination rules which complies with this section (herein called a Complying Plan) may coordinate its benefits with a Plan which is "excess" or "always secondary" or which uses order of benefit determination rules which are inconsistent with those contained in this section (herein called a Noncomplying Plan) on the following basis:

(i.) If the Complying Plan is the Primary Plan, it shall pay or provide its benefits on a primary basis.

(ii.) If the Complying Plan is the Secondary Plan, it shall, nevertheless, pay or provide its benefits first, but the amount of the benefits payable shall be determined as if the Complying Plan were the Secondary plan. In such a situation, such payment shall be the limit of the Complying Plan's liability.

(iii.) If the Noncomplying Plan does not provide the information needed by the Complying Plan to determine its benefits within a reasonable time after it is requested to do so, the Complying Plan shall assume that the benefits of the Noncomplying Plan are identical to its own, and shall pay its benefits accordingly. However, the Complying Plan must adjust any payments it makes based on such assumption whenever information becomes available as to the actual benefits of the Noncomplying Plan.

D. Right to receive and release needed information

For the purpose of determining the applicability of and implementing the terms of this section of this Plan or any provision of similar purpose of any other Plan, the insurer or service plan may, without the consent of or notice to any person, release to or obtain from any other insurance company or other organization or person any information, with respect to any person, which the insurer or service plan deems to be necessary for such purposes. Any person claiming benefits under this plan shall furnish to the insurer or service plan such information as may be necessary to implement this section. Occasionally this will necessitate a carrier making payment as the primary carrier with a right of recovery in the event that subsequent investigation proves that payment as a secondary carrier should have been made.

E. Facility of payment

Whenever payments which should have been made under this Plan in accordance with this section have been made under any other Plans, the insurer or service plan shall have the right, exercisable alone and in its sole discretion, to pay over to any organizations making such other payments any amounts it shall determine to be warranted in order to satisfy the intent of this section, and amounts so paid shall be deemed to be benefits paid under this Plan and, to the extent of such payments, the insurer or service plan shall be fully discharged from liability under this Plan.

F. Right of recovery

Whenever payment has been made by the insurer with respect to allowable expenses in a total amount, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this section, the insurer or service plan shall have the right to recover such payments, to the extent of such excess, from among one or more of the following, as the insurer or service plan shall determine:

(1) any persons to or for or with respect to whom such payments were made;

(2) any other insurers; or

(3) service plans or any other organizations.

As required under Oklahoma law, Medica will not request a refund of all or a portion of a payment of a claim made to a claimant more than twelve (12) months or health care provider more than eighteen (18) months after the payment is made. This paragraph shall not apply:

(1) if the payment was made because of fraud committed by the claimant or health care provider, or

(2) if the claimant or health care provider has otherwise agreed to make a refund to the insurer for overpayment of a claim;

G. Subrogation

The concept of coordination of benefits is clearly distinguishable from that of subrogation. Provisions for either may be included in a group health insurance policy without compelling the inclusion or exclusion of the other**.**

H. Coordination for Medicare-eligible individuals

The benefits under this Policy are not intended to duplicate any benefits to which members are, or would be, eligible for under Medicare Part B. If we have covered a service under this Policy, any sums payable under Medicare Part B for that service must be paid to Medica. If we need any consents, releases, assignments and other documents, complete and return to us those documents to make sure we receive reimbursement by Medicare Part B.

Medicare is primary if you are enrolled in Medicare in the following circumstances:

- You are at least 65 years old;
- You are less than 65 years old, but are covered by Medicare because of disability or end stage renal disease.

If you are eligible for Medicare Part B, we will consider you covered by Medicare Part B, whether or not you are actually enrolled in Medicare Part B. We will reduce your benefits under this Policy by the amount you would have been eligible for under Medicare Part B if you had actually enrolled in Medicare Part B. You should enroll in Medicare Part B when you are eligible to avoid large out of pocket expenses.
The provisions of this section will apply to the maximum extent permitted by federal or state law. We will not reduce the benefits due any insured where federal law requires that we determine our benefits for that insured without regard to the benefits available under Medicare Part B.

V. Complaints

This section describes what to do if you have a complaint or would like to appeal a decision made by Medica. You may also have appeal rights under regulations implementing the Patient Protection and Affordable Care Act (PPACA).

You may call Member Services at the number on the back of your Medica ID card or by writing to the address below in *Internal review*, 1.a. You also may contact the Oklahoma Insurance Department at 400 NE 50th Street, Oklahoma City, OK 73105, tel: **1 (800) 522-0071** (in state only) or **1 (405) 521-2828**.

Complaint: Means any grievance against Medica, submitted by you or another person on your behalf, that is not the subject of litigation. Complaints may involve, but are not limited to, the scope of coverage for health care services; retrospective denials or limitations of payment for services; eligibility issues; denials, cancellations, or non-renewals of coverage; administrative operations; and the quality, timeliness and appropriateness of health care services rendered. If the complaint is from an applicant, the complaint must relate to the application. If the complaint is from a former member, the complaint must relate to services received during the time the individual was a member.

Medical Necessity Review: Means Medica's evaluation of the necessity, appropriateness and efficacy of the use of health care services, procedures and facilities, for the purpose of determining the medical necessity of the service or admission.

Filing a complaint may require that Medica review your medical records as needed to resolve your complaint.

You may appoint an authorized representative to make a complaint on your behalf. You may be required to sign an authorization which will allow Medica to release confidential information to your authorized representative and allow them to act on your behalf during the complaint process.

Upon request, Medica will assist you with completion and submission of your written complaint. Medica will also complete a complaint form on your behalf and mail it to you for your signature upon request.

At any time during the complaint process, you have a right to submit any information or testimony that you want Medica to consider and to review any information that Medica relied on in making its decision.

In addition to directing complaints to Member Services as described in this section, you may direct complaints at any time to the Commissioner of Insurance at the telephone number listed at the beginning of this section.

Internal review

You may direct any question or complaint to Member Services by calling the number on the back of your Medica ID card or by writing to the address listed below.

1. Complaints that do not involve a review by Medica of whether an item or service was medically necessary:

    a. For an oral complaint, if you determine that Medica's decision is partially or wholly adverse to you, Medica will provide you with a complaint form to submit your complaint in writing. Mail the completed form to:

Member Services

Route CP595

PO Box 9310

Minneapolis, MN 55440-9310

b. Your written complaint will be considered an internal review. You must submit your written complaint within one year after receiving a denial from Medica. Your internal review will be conducted by a qualified individual associated with Medica who was not involved in making the initial decision. You have the right to submit written material for your internal review, but you do not have the right to attend the review. For a written complaint, Medica will provide written notice of its internal review decision to you within 30 calendar days from initial receipt of your complaint.

2. Complaints that involve a medical necessity review by Medica:

   a. Your complaint must be made within 180 days following receipt of Medica's notification of an adverse benefit determination and may be made orally or in writing.

   b. Medica will provide written notice of its internal review decision to you and your attending provider, when applicable, within 30 calendar days from receipt of your complaint. If your request does not contain all the information Medica needs to make a determination, Medica may request additional information. Medica will notify you of its decision within 15 days of receiving the additional information. If you do not respond to Medica's request within 45 days, your claim may be denied.

   c. When an initial decision by Medica does not grant a prior authorization request made before or during an ongoing service, and your attending provider believes that Medica's decision warrants an expedited review you or your attending provider will have the opportunity to request an expedited review by telephone. Alternatively, if Medica concludes that a delay could seriously jeopardize your life, health or ability to regain maximum function, or could subject you to severe pain that cannot be adequately managed without the care or treatment you are requesting, Medica will process your claim as an expedited review. In such cases, Medica will notify you and your attending provider by telephone of its decision no later than 72 hours after receiving the request.

   d. If Medica's internal review decision upholds the initial decision made by Medica, you have a right to submit a written request for external review as described in this section.

   e. If your complaint involves Medica's decision to reduce or terminate an ongoing course of treatment that Medica previously approved, the treatment will be covered pending the outcome of the review process.

External review

If you consider Medica's decision upon completion of your internal review to be partially or wholly adverse to you, you may submit a written request for external review of Medica's decision if your case involves medical necessity, investigative/experimental procedures, claims subject to the No Surprises Act under the Consolidated Appropriations Act or a rescission of a policy determination. You or your authorized representative have four months from the date you receive Medica's decision to file a request for an independent external review. This process is coordinated by the

Oklahoma Insurance Department. You should submit your request to the Oklahoma Insurance Department at 400 NE 50th Street, Oklahoma City, OK 73105, tel: **1 (800) 522-0071** (in state only) or **1 (405) 521-2828**. You will need to authorize the release of your medical records for your request to be sent to the independent review organization.

You must submit your written request for external review within four months from the date you receive Medica's decision. You may submit additional information that you want the review organization to consider. You will be notified of the review organization's decision within 45 days from receipt of your request. Contact the Oklahoma Insurance Department for more information about the external review process.

Under most circumstances, you must complete the internal review, described above, before you proceed to external review. You may proceed to external review without completing the internal review if Medica agrees that you may do so, or if Medica fails to substantially comply with the complaint and review process described in this section, including meeting any required deadlines. You may make a verbal or written request for an expedited external review at the same time you request an expedited internal review if (a) you have a medical condition that would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function if treatment is delayed; or (b) for investigative/experimental procedures, your physician certifies in writing that treatment would be less effective if not promptly initiated. You may also make a verbal or written request for an expedited external review after completing the internal review if (a) Medica's decision involves a medical condition for which the standard external review time would seriously jeopardize your life, health or would jeopardize your ability to regain maximum function; (b) for investigative/experimental procedures, your physician certifies in writing that treatment would be less effective if not promptly initiated; or (c) Medica's decision concerns an admission, availability of care, continued stay, or health care service for which you received emergency services and you have not been discharged from a facility. The review organization will notify you of its decision no more than 72 hours after the date it receives a request for an expedited review that meets the reviewability requirements.

Civil action

No civil action for benefits may be brought more than three years after the time a claim for benefits is required to have been submitted under this Policy.

VI. Ending Coverage

This section describes when coverage ends under this Policy.

When coverage ends

Unless otherwise specified in this Policy, coverage ends the earliest of the following:

1. The date Medica notifies you that Medica will cease doing business or discontinue a particular product. Coverage will end on the last day of a month. (To cease doing business means to discontinue issuing new individual health plans and to refuse to renew all of Medica's existing individual health plans.)
2. The end of the month for which the subscriber last paid the premium due, except as specifically described in item 3 below concerning subscribers receiving an advance premium tax credit.
3. If the subscriber is receiving an advance premium tax credit, the end of the first month for which the subscriber failed to pay the subscriber's share of all premiums due during the grace period. For example, if you fail to pay your share of the premium in March you have until the end of May (a 3 month grace period) to pay your premiums due during the grace period in full. If you do not pay all premiums for March, April and May, your coverage will be terminated as of the end of March.
4. For coverage purchased outside the Marketplace, the end of the month following the date the subscriber requests that coverage end. Written request for termination of the subscriber's and/or dependents' coverage must be received by Medica at least 31 days before the date of termination. However, the effective date of such termination must be the end of the month, except as provided in item 5 below. Any refund of premium shall be mailed to the subscriber upon receipt of this notice by Medica.
5. If the subscriber enrolled through the Marketplace, the date on which the subscriber requests termination if the subscriber has given the Marketplace at least 14 days' notice before a requested termination date. If the subscriber has not provided the Marketplace with at least 14 days' notice of a requested termination, termination will be effective 14 days after notice is received by the Marketplace. Any refund of premium shall be mailed to the subscriber upon receipt of the termination instructions by Medica.
6. If the subscriber terminates this Policy within the first ten days of receiving it, coverage shall terminate retroactive to the effective date of this Policy.
7. The end of the month following the date 31 days after we notify you that coverage will end because you do not reside in your plan's service area, provided the notification is made within one year following the date Medica was provided written notification of your address change. However, Medica may approve other arrangements.
8. The end of the month following the date you enter active military duty for more than 31 days. Upon completion of active military duty, your coverage will be reinstated if you notify Medica within 90 days after removal from active military duty.
9. When the subscriber is enrolled under this Policy, coverage for dependents will end the date the subscriber's coverage ends.

10. The date of the death of the member. When the subscriber is enrolled under this Policy and in the event of the subscriber's death, coverage for the subscriber's dependents will terminate the end of the month in which the subscriber's death occurred.

11. For a spouse, the end of the month following the date of divorce.

12. For a dependent child, the end of the year in which the child is no longer eligible as a dependent as specified in this Policy.

13. The date specified by Medica in written notice to you that coverage ended due to fraud or intentional misrepresentation of a material fact. If coverage ends due to fraud or intentional misrepresentation of a material fact, coverage will be retroactively terminated at Medica's discretion to the original date of coverage or the date on which the fraudulent act took place. After two years, coverage can only be retroactively terminated for fraud. Fraud includes but is not limited to:

    a. Knowingly providing Medica with false material information such as information related to your eligibility or another person's eligibility or status as a dependent; or

    b. Permitting the use of your member identification card by any unauthorized person; or

    c. Using another person's member identification card; or

    d. Submitting fraudulent claims; or

    e. Engaging in any fraudulent activity related to your eligibility for coverage under this Policy.

14. If you are enrolled in a Catastrophic Plan, the end of the policy year in which the subscriber covered under the plan is more than 30 years of age, or your hardship exemption issued by the Marketplace expires.

15. For coverage purchased through the Marketplace, on the date established by the Marketplace when the Marketplace makes a determination that you are no longer eligible for coverage under this Policy.

16. For coverage purchased through the Marketplace, on the date your plan is no longer certified or offered through the Marketplace.

17. The date immediately preceding the effective date of new coverage selected by a member during an applicable open or special enrollment period.

Upon the death of the subscriber or if the subscriber and/or member terminates this Policy due to eligibility for Medicare, dissolution of marriage or for a child that is no longer eligible as a dependent as specified in this Policy, the remaining members may choose to continue coverage under this Medica plan.

VII. Definitions

In this Policy (and in any amendments), some words have specific meanings. Within each definition, you may note bold words. These words also are defined in this section.

Acute inpatient rehabilitation (AIR). An intensive form of medical rehabilitation in which patients receive three or more hours per day of core therapies (physical therapy, occupational therapy and speech therapy) overseen by a **physician** specialized in rehabilitation with around the clock nursing care.

Advance premium tax credit (APTC). The advance premium assistance credit available under Internal Revenue Code section 36B, as determined by the **Marketplace**, for individuals who meet certain income requirements, as determined by the **Marketplace**.

Approved clinical trial. A phase I, phase II, phase III or phase IV clinical trial that is conducted in relation to the prevention, detection or treatment of cancer or other life-threatening condition, and meets the criteria described in subparagraphs 1 – 2 below:

1. The clinical trial must have a written protocol that describes a scientifically sound study and have been approved by all relevant institutional review boards (IRBs) before participants are enrolled in the trial; and
2. The clinical trial must be described in one of the following subparagraphs:
    a. The study or investigation is conducted under an investigational new **prescription drug** application reviewed by the FDA.
    b. The study or investigation is a **prescription drug** trial that is exempt from having such an investigational new **prescription drug** application.
    c. The study or investigation is approved or funded by one of the following: (i) the National Institutes of Health (NIH), the Centers for Disease Control and Prevention, the Agency for Health Care Research and Quality, the Centers for Medicare and Medicaid Services or cooperating group or center of any of the entities described in this item; (ii) a cooperative group or center of the United States Department of Defense or the United States Department of Veterans Affairs; (iii) a qualified non-governmental research entity identified in the guidelines issued by the NIH for center support grants; or (iv) the United States Departments of Veterans Affairs, Defense or Energy if the trial has been reviewed or approved through a system of peer review determined by the secretary to: (a) be comparable to the system of peer review of studies and investigations used by the NIH, and (b) provide an unbiased scientific review by qualified individuals who have no interest in the outcome of the review.

Asynchronous methods. Asynchronous methods are store and forward transfers, online exchanges of health information between a patient and a health care professional and online exchanges of health information between health care professionals.

Benefits. The health services or supplies (described in this Policy and any subsequent amendments) approved by Medica as eligible for coverage.

Biologics. Any of a wide range of products designed to replicate natural substances in the body, including, but not limited to, products produced using biotechnology. Biologics include, but are not limited to, vaccines, blood and blood components or products, cellular and gene therapy products, tissue and tissue products, allergenics, recombinant therapeutic proteins, monoclonal antibodies,

cytokines, growth factors, immunomodulators and additional biological products regulated by the FDA and related agencies.

Biosimilar. A biosimilar is a biological product that is highly similar to and has no clinically meaningful differences from an existing FDA-approved reference product.

Claim. An invoice, bill or itemized statement for **benefits** provided to you.

Coinsurance. The percentage amount you must pay to the **provider** for **benefits** received.

For in-network benefits, the **coinsurance** amount is typically based on the lesser of the:

1. Charge billed by the **provider** (i.e., retail); or
2. Negotiated amount that the provider has agreed to accept as full payment for the **benefit** (i.e., wholesale).

When the wholesale amount is not known nor readily calculated at the time the **benefit** is provided, Medica uses an amount to approximate the wholesale amount. For services from some **network providers**, however, the **coinsurance** is based on the **provider's** retail charge. The **provider's** retail charge is the amount that the **provider** would charge to any patient, whether or not that patient is a Medica **member.**

For eligible health services received from a **non-network provider** located in the state of Oklahoma, the **coinsurance** will be based on the lesser of the:

1. Charge billed by the **provider** (i.e., retail) or
2. **Non-network provider reimbursement amount**.

For eligible health services received from a **non-network provider** located in the state of Oklahoma, in addition to any **coinsurance** and **deductible** amounts, you are responsible for any charges billed by the **provider** in excess of **the non-network provider reimbursement amount**, except as described in *Surprise billing protections*.

In addition, for the **network** pharmacies described in *Prescription Drugs* and *Prescription Specialty Drugs,* the calculation of **coinsurance** amounts as described above do not include possible reductions for any volume purchase discounts or price adjustments that Medica may later receive related to certain **prescription drugs** and pharmacy services.

The **coinsurance** may not exceed the charge billed by the **provider** for the **benefit.**

Copayment. The fixed dollar amount you must pay to the **provider** for **benefits** received.

When you receive eligible health services from a **network provider** and a **copayment** applies, you pay the lesser of the charge billed by the **provider** for the **benefit** (i.e., retail) or your **copayment**. Medica pays any remaining amount according to the written agreement between Medica and the **provider**. The **copayment** may not exceed the retail charge billed by the **provider** for the **benefit**.

For **eligible health services received from a non-network provider located in the state of Oklahoma**, in addition to any **coinsurance** and **deductible** amounts, you are responsible for any charges in excess of the **non-network provider reimbursement amount**, except as described in *Surprise billing protections*.

Cosmetic. Services and procedures that improve physical appearance but do not correct or improve a physiological function, and that are not **medically necessary**, unless the service or procedure meets the definition of **reconstructive**.

Custodial care. Services to assist in activities of daily living that do not seek to cure, are performed regularly as a part of a routine or schedule, and, due to the physical stability of the condition, do not need to be provided or directed by a skilled medical professional. These services include help in walking, getting in or out of bed, bathing, dressing, feeding, using the toilet, preparation of special diets and supervision of **prescription drugs** that can usually be self-administered.

Deductible. The fixed dollar amount you must pay for eligible services or supplies before **claims** for health services or supplies received from network or non-network providers are reimbursable as in-network or out-of-network **benefits** under this Policy.

Dependent. Unless otherwise specified in this Policy:

1. The **subscriber's domestic partner** or spouse
2. A child of the **subscriber,** the **subscriber's domestic partner** or spouse who is a:
    a. Natural or adopted child
    b. Child **placed for adoption** with the **subscriber,** the **subscriber's domestic partner** or spouse
    c. Stepchild
3. An unmarried grandchild who is dependent upon and resides continuously from birth with the **subscriber, subscriber's domestic partner** or the **subscriber's** spouse.
4. A child under legal guardianship of the **subscriber,** the **subscriber's** domestic partner or **subscriber's** spouse. However, Medica may request that the **subscriber** provide satisfactory proof of guardianship. See *Extending a child's eligibility* in *Eligibility And Enrollment* for details regarding **dependent** limiting ages.

Designated facility. A **network hospital** that Medica has authorized to provide certain **benefits** to **members**, as described in this Policy.

Domestic partner. An adult who:

1. Is in a committed and mutually exclusive relationship, jointly responsible for the **subscriber's** welfare and financial obligations; and
2. Resides with the **subscriber** in the same principal residence and intends to do so permanently; and
3. Is at least 18 years of age and unmarried; and
4. Is not a blood relative of the **subscriber**; and
5. Is mentally competent.

Emergency or emergency medical condition. A medical or behavioral condition, the onset of which is sudden, that manifests itself by symptoms of sufficient severity, including, but not limited to, severe pain, that a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of immediate medical attention to result in (a) placing the health of the person afflicted with such condition in serious jeopardy or, in the case of a behavioral condition, placing the health of such persons or others in serious jeopardy, (b) serious impairment to such person's bodily functions, (c) serious impairment of any bodily organ or part of such person, or (d) serious disfigurement of such person.

Enrollment date. The date of the **member's** first day of coverage under this Policy.

Extended hours home care. **Extended hours home care** (skilled nursing services) is continuous and complex skilled nursing services greater than two consecutive hours per day provided in the **member's** home. The intent of **extended hours home care** is to assist the **member** with complex, direct, skilled nursing care, to develop caregiver competencies through training and education, and to optimize the **member's** health status and outcomes. The skilled nursing tasks must be required so frequently that the need is continuous. The duration of **extended hours home care** is temporary in nature and is not intended to be provided on a permanent ongoing basis. **Extended hours home care** is sometimes also called private duty nursing.

Genetic testing. The analysis of human DNA, RNA, and chromosomes and those proteins and metabolites used to detect heritable or somatic disease-related genotypes or karyotypes for clinical purposes. A genetic test must be generally accepted in the scientific and medical communities as being specifically determinative for the presence, absence or mutation of a gene or chromosome in order to qualify under this definition. Genetic test does not include a routine physical examination or a routine analysis, including a chemical analysis, of body fluids unless conducted specifically to determine the presence, absence or mutation of a gene or chromosome.

Habilitative care. Health care services are considered habilitative when they are provided to help a person who has not learned or acquired a particular skill or function for daily living to learn, improve or keep such skill or function, as long as measurable progress can be documented.

Health Insurance Marketplace. A governmental or non-profit entity established as an Exchange, also referred to in this Policy as the "**Marketplace**," pursuant to the Patient Protection and Affordable Care Act to make qualified health plans available to individuals and small employers.

Home health aide services. Part time or intermittent services to help you with activities of daily living.

Hospital. A licensed facility that provides diagnostic, medical, therapeutic, rehabilitative and surgical services by, or under the direction of, a **physician** and with 24-hour R.N. nursing services. The **hospital** is not mainly a place for rest or **custodial care**, and is not a nursing home or similar facility.

HSA-compliant high deductible health plan. A plan that complies with the requirements of Internal Revenue Code section 223 that allows an individual to contribute to a health savings account.

Indian. Indians as defined in section 4 of the Indian Health Care Improvement Act.

Inpatient. An uninterrupted stay, following formal admission to a **hospital**, **skilled nursing facility** or licensed acute care facility.

Investigative. As determined by Medica, a **prescription drug**, device, diagnostic or screening procedure, or medical treatment or procedure is **investigative** if reliable evidence does not permit conclusions concerning its safety, effectiveness or effect on health outcomes. Medica will make its determination based upon an examination of the following reliable evidence, none of which shall be determinative in and of itself:

1. Whether there is final approval from the appropriate government regulatory agency, if required, including whether the **prescription drug** or device has received final approval to be marketed for its proposed use by the FDA, or whether the treatment is the subject of ongoing Phase I, II or III trials;

2. Whether there are consensus opinions and recommendations reported in relevant scientific and medical literature, peer-reviewed journals or the reports of clinical trial committees and other technology assessment bodies; and

3. Whether there are consensus opinions of national and local health care **providers** in the applicable specialty or subspecialty that typically manages the condition as determined by a survey or poll of a representative sampling of these **providers**.

Notwithstanding the above, a **prescription drug** being used for an indication or at a dosage that is an accepted off-label use for the treatment of cancer will not be considered by Medica to be **investigative**. Medica will determine if a use is an accepted off-label use based on published reports in authoritative peer-reviewed medical literature, clinical practice guidelines or parameters approved by national health professional boards or associations and entries in any authoritative compendia as identified by the Medicare program for use in the determination of a medically accepted indication of **prescription drugs** and biologicals used off-label.

Long-term acute care hospitals (LTACHs). Facilities that specialize in the treatment of patients with serious medical conditions that require care on an ongoing basis but no longer require intensive care or extensive diagnostic procedures. These patients are typically discharged from the intensive care units and require more care than they can receive in a rehabilitation center, **skilled nursing facility**, or at home.

Medically necessary. Diagnostic testing and medical treatment, consistent with the diagnosis of and prescribed course of treatment for your condition, and preventive services. **Medically necessary** care must meet the following criteria:

1. Be consistent with the medical standards and accepted practice parameters of the community as determined by health care **providers** in the same or similar general specialty as typically manages the condition, procedure or treatment at issue; and

2. Be an appropriate service, in terms of type, frequency, level, setting and duration, to your diagnosis or condition; and

3. Help to restore or maintain your health; or

4. Prevent deterioration of your condition; or

5. Prevent the reasonably likely onset of a health problem or detect an incipient problem.

Member. A person who is enrolled under this Policy and on whose behalf the premium is being paid. In this Policy, the words you, your or yourself refer to the **member**.

Mental disorder. A physical or mental condition having an emotional or psychological origin, as defined in the current edition of the *Diagnostic and Statistical Manual of Mental Disorders* (DSM).

Mental health residential treatment services. Consistent with the **member's** diagnosis and presentation, and the level and intensity of care as indicated by external clinical guidelines, a licensed or certified residential mental health treatment program must provide the following:

1. A 24-hour per day, structured setting, inclusive of room and board; and

2. The program administers at least the following basic services:

    - A combination of group, family and individual counseling provided by a clinically or appropriately licensed mental health professional and or graduate level professional in

process of obtaining licensure working under the oversite of licensed mental health practitioner;

- On-site or virtual psychiatric assessment within 48 hours of admission;
- Psychiatric follow-up visits at least once per week provided by a licensed psychiatric prescriber for mental health treatment;
- Individual and or family therapy a minimum of once weekly provided by a licensed mental health professional for mental health treatment;
- Weekly client education (e.g. mindfulness, reflective journaling);
- Other services specific to mental health treatment;
- Adequate nursing coverage for the specific level of care; and
- A written, specific, and person-centered treatment plan with viable discharge planning to support ongoing recovery efforts.

Please note: Individual, family and group counseling/therapy that is provided must be based on evidence-based modalities with proven efficacy. Therapy provided using modalities with unproven efficacy must occur in addition to the evidence based practices.

Network. A term used to describe a **provider** (such as a **hospital**, **physician**, home health agency, **skilled nursing facility** or pharmacy) that has entered into a written agreement with Medica or has made other arrangements with Medica to provide **benefits** to you. The participation status of **providers** will change from time to time.

The Medica **network provider** directory is available without charge.

Network access area. Used to define areas where there are Medica contracted providers outside the service area for a specific product.

Non-network. A term used to describe a **provider** not under contract as a **network provider**.

Non-network provider reimbursement amount. The amount that Medica will pay to a **non-network provider** for each **benefit** is based on one of the following, as determined by Medica:

1. A percentage of the amount Medicare would pay for the service in the location where the service is provided. Medica generally updates its data on the amount Medicare pays within 30 – 60 days after the Centers for Medicare and Medicaid Services updates its Medicare data; or
2. A percentage of the **provider's** billed charge; or
3. An amount agreed upon between Medica and the **non-network provider; or**
4. An amount equal to the median of Medica's network contracted rates for the same or similar services in the geographic area in which the service is provided.

Contact Member Services for more information concerning which method above pertains to your services, including the applicable percentage if a Medicare-based approach is used.

For certain **benefits**, you must pay a portion of the **non-network provider reimbursement amount** as a **copayment, deductible or coinsurance.**

Except when the protections described in *Surprise billing protections* apply, in addition, if the amount billed by the **non-network provider** is greater than the **non-network provider**

reimbursement amount, *the **non-network provider** will likely bill you for the difference.* This difference may be substantial, and it is in addition to any **copayment**, **coinsurance** or **deductible** amount you may be responsible for according to the terms described in this Policy, except as described in *Surprise billing protections*. As a result, the amount you will be required to pay for services received from a **non-network provider** will likely be much higher than if you had received services from a **network provider**.

Non-skilled care. Care that does not require skilled nursing or rehabilitation staff to manage, observe or evaluate your care. Any service that could be safely performed by a non-medical person (or yourself) without the supervision of a nurse is considered **non-skilled care**.

Oklahoma resident. A person who lives in Oklahoma, and intends to reside in Oklahoma, or has entered Oklahoma with a job commitment or is seeking employment in Oklahoma.

Out-of-network benefits. The covered health services or supplies received from **non-network providers** located in the State of Oklahoma (described in this Policy and any subsequent amendments).

Out-of-pocket maximum. The total of the **copayments**, **coinsurance**, and **deductible** paid for **benefits** received under this Policy during a calendar year. Unless otherwise specified, you will not be required to pay more than the **out-of-pocket maximum** for **benefits** received under this Policy during a calendar year. Any amount or charge not covered, including charges for services not eligible for coverage, is not applicable toward the **out-of-pocket maximum**. After the **out-of-pocket maximum** has been met, all other covered **benefits** received during the rest of the calendar year will be covered at 100%, except for any charge not covered by Medica.

Physician. A Doctor of Medicine (M.D.), Doctor of Osteopathy (D.O.), Doctor of Podiatry (D.P.M.), Doctor of Optometry (O.D.) or Doctor of Chiropractic (D.C.) practicing within the scope of his or her licensure.

Placed for adoption. The assumption and retention of the legal obligation for total or partial support of the child in anticipation of adopting such child.

(Eligibility for a child **placed for adoption** with the **subscriber** ends if the placement is interrupted before legal adoption is finalized and the child is removed from placement.)

Premium. The monthly payment required to be paid by you for coverage under this Policy.

Prescription drug. A drug approved by the FDA for the prescribed use and route of administration.

Prescription insulin drugs. Prescription drugs that contain insulin and are used to treat diabetes.

Preventive health services. The following are considered **preventive health services**:

1. evidence-based items or services that have in effect a rating of “A” or “B” in the current recommendations of the United States Preventive Services Task Force;
2. immunizations for routine use that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention with respect to the **members** involved;
3. with respect to **members** who are infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration;

4. with respect to members who are women, such additional preventive care and screenings not described in paragraph (1) as provided for in comprehensive guidelines supported by the Health Resources and Services Administration (including FDA-approved contraceptive methods, sterilization procedures and related patient education and counseling).

Contact Member Services for information regarding specific **preventive health services** and services that are rated "A" or "B", and services that are included in guidelines supported by the Health Resources and Services Administration.

Primary care provider. A **provider** who has a majority of his or her practice in general pediatrics, internal medicine, obstetrics/gynecology, family practice, or general medicine or a provider providing services at a **retail health clinic.**

Professionally administered prescription drugs. Professionally administered **prescription drugs** must be, as determined by Medica, typically administered or directly supervised by a qualified **provider** or a licensed/certified health professional. Medica generally considers **prescription drugs** that require intravenous infusion or injection, intrathecal infusion or injection, intramuscular injection or intraocular injection, as well as **prescription drugs** that, according to the manufacturer's recommendations, must typically be administered by a health care **provider**, to be professionally administered **prescription drugs**.

Provider. A health care professional or facility licensed, certified or otherwise qualified under state law to provide health services.

Qualified health plan. A health plan that meets the requirements of federal law and is certified by the **Marketplace** as meeting the requirements.

Reasonable expectation of improvement. A reasonable expectation that the **member's** condition will improve over a predictable period of time according to generally accepted standards in the medical community.

Reconstructive. Surgery to rebuild or correct a:

1. Body part when such surgery is incidental to or following surgery resulting from injury, sickness or disease of the involved body part; or
2. Congenital disease or anomaly which has resulted in a functional defect as determined by your **physician**.

In the case of mastectomy, surgery to reconstruct the breast on which the mastectomy was performed and surgery and reconstruction of the other breast to produce a symmetrical appearance shall be considered **reconstructive**.

Rehabilitative. Physical, occupational and speech therapy services are considered **rehabilitative** when they are provided to restore physical function or speech that has been impaired due to illness or injury.

Remote patient monitoring. Remote patient monitoring is the delivery of home health services using telecommunications technology to enhance the delivery of home health care including monitoring of clinical patient data such as weight, blood pressure, pulse, pulse oximetry, blood glucose and other condition-specific data, medication adherence monitoring and interactive video conferencing with or without digital image upload.

Restorative. Surgery to rebuild or correct a physical defect that has a direct adverse effect on the physical health of a body part, and for which the restoration or correction is **medically necessary**.

Retail health clinic. Professional evaluation and medical management services provided to patients in a health care clinic located in a setting such as a retail store, grocery store or pharmacy. Services include treatment of common illnesses and certain **preventive health services**.

Service area. The geographic area where this health insurance plan accepts **members**.

Skilled care. A type of health care given when you need skilled nursing or rehabilitation staff to manage, observe and evaluate your care. Nursing, physical therapy and occupational therapy are considered **skilled care**. In addition to providing direct care, these professionals manage, observe and evaluate your care. Any service that could be safely done by a non-medical person (or by yourself) without the supervision of a nurse is not considered **skilled care**.

Skilled nursing facility. A licensed bed or facility (including an extended care facility, **hospital** swing-bed and transitional care unit) that provides skilled nursing care, skilled transitional care or other related health services including rehabilitative services.

Special enrollment period. A time outside of the annual open enrollment period during which individuals and their qualified **dependents** are able to sign up for coverage. Individuals and/or qualified **dependents** are only eligible for a **special enrollment period** if they experience certain specified events. Please see *Enrollment*, for more information about **special enrollment periods**.

Step therapy. Process that involves trying an alternative covered **prescription drug** first before moving to another covered **prescription drug** for treatment of the same medical condition.

Subscriber. The person to whom this Policy is issued.

Substance use disorder residential treatment services. Substance use disorder residential treatment services are services from a licensed chemical dependency rehabilitation program that provides intensive therapeutic services following detoxification.

1. A 24-hour per day, structured setting, inclusive of room and board; and
2. The program administers at least the following basic services:
    - A combination of group, family and individual counseling provided by a clinically or appropriately licensed mental health professional and or graduate level professional in process of obtaining licensure working under the oversite of licensed mental health professional;
    - Completion of a substance use disorder or Chemical Health Assessment;
    - Access to Psychiatric Services provided by a licensed psychiatric prescriber for mental health treatment as clinically indicated for substance use treatment;
    - Individual and or family therapy a minimum of once weekly provided by a licensed mental health professional for substance use disorder or mental health treatment;
    - Weekly client education (e.g. mindfulness, reflective journaling, sleep hygiene, anger management or safe sex practices;
    - Other services specific to mental health treatment and or substance use treatment;
    - Adequate nursing coverage for the specific level of care; and
    - A written, specific, and person-centered treatment plan with viable discharge planning to support ongoing recovery efforts.

Please note: Individual, family and group counseling/therapy that is provided must be based on evidence-based modalities with proven efficacy. Therapy provided using modalities with unproven efficacy must occur in addition to the evidence-based practices.

Synchronous methods. Synchronous methods are live audiovisual interaction between a patient and a health care professional or real-time provider-to-provider consultations through live interactive audiovisual means.

Telehealth. Telehealth, or sometimes referred to as telemedicine, is the technology-enabled delivery of health care services, consultations, or care management while a **member** is located at an originating site and a **provider** is located at a distant site. An originating site includes a site at which a **member** is located at the time the services are provided by means of **telehealth**. Distant site means a site at which a **provider** is located while providing health care services or consultations by means of **telehealth**. A communication between a **provider** and a **member** that consists solely of an e-mail, facsimile, automated text message or automated mobile application that serves as the sole interaction between a **member** and **provider** does not constitute **telehealth** consultations or services. **Telehealth** does not include communication between **providers** that consists solely of a telephone conversation, e-mail, or facsimile transmission.

Urgent care center. A health care facility distinguishable from an affiliated clinic or **hospital** whose primary purpose is to offer and provide immediate, short-term medical care for minor, immediate medical conditions on a regular or routine basis.

Virtual care. Professional evaluation and medical management services provided to patients, in locations such as their home or office, through e-mail, telephone or webcam by a designated **virtual care provider**. **Virtual care** is used to address non-emergent medical symptoms for **members** for a subset of non-emergent infections and illnesses to which providers respond with substantive medical advice. **Virtual care** does not include telephone calls for reporting normal lab or test results or solely calling in a **prescription drug** to a pharmacy. The list of designated **virtual care providers** can be found online through Medica's "Find Care" tool, under "**Virtual Care**." Please note, not all medical conditions can be treated through **virtual care**. Your cost sharing may be different for services delivered via **telehealth** as compared to **virtual care** provided by a designated **virtual care provider**. Please refer to the *Benefit Chart* of this Policy to see the cost sharing associated with each of these **benefits**. If you have questions about whether a **virtual care** appointment with a **network provider** who is not a designated **virtual care provider** is eligible for coverage under the **virtual care benefit** in the *Benefit Chart* of this Policy, please call Member Services at the number on the back of your Medica ID card.

Benefit Chart

American Indians and Alaska Natives

An individual that the Marketplace determines is an American Indian or Alaska Native will have no cost sharing required on in-network benefits received from Indian Health Services, an Indian Tribe, Tribal Organization, or Urban Indian Organization (each as defined in 25 U.S.C. 1603), or through a referral under contract health services, as contract health services are defined and provided pursuant to 42 C.F. R. Subpart C and any other guidance issued pursuant to that section.

Your Out-Of-Pocket Expenses

The most specific and appropriate section of this Policy will apply for benefits related to the treatment of a specific condition.

Copayments, coinsurances, deductibles and out-of-pocket maximums may be subject to a "cost of living" increase on a yearly basis. This "cost of living" increase is tied to the Consumer Price Index (CPI) and may be up to, but no greater than, the CPI.

There may also be adjustments made to the copayments, coinsurances, deductibles and out-of-pocket maximums on a yearly basis in order to meet the requirements for this Policy to stay at the same metal level (Platinum, Gold, Silver or Bronze).

You will receive a notice of change 30 days in advance.

Important Information:

About Your Deductible

- After you reach your deductible, you pay coinsurance until your out-of-pocket maximum has been met.
- The following do not accumulate toward your deductible:
  - Coinsurance
  - Any charges in excess of the non-network provider reimbursement amount
  - Health care this Policy does not cover
- Certain benefits in this Policy have limits. These limits might include visit limits, day limits, or hour limits. These limits are noted in the Benefit Chart section of this Policy and apply whether or not you have met your deductible.

About Your Out-of-Pocket Maximum

- The following accumulate toward your out-of-pocket maximum:
  - Deductible, copayments and coinsurance
- The following do not accumulate toward your out-of-pocket maximum:
  - Any charges in excess of the non-network provider reimbursement amount
  - Health care this Policy does not cover
